

WHIP USED IN REVENGE BY MOTHER

Mrs. Thomas Beagle of Rich Takes Buggy Whip and Cuts Teacher Across Face—Is Fined Twenty Dollars by Justice Box—Miss Mingus Had—

Because she horsewhipped Miss Mingus, teacher of the public school at Rich in the Applegate district, Mrs. Thomas Beagle paid a fine of \$20 in Justice Box's court in Jacksonville Saturday afternoon. The horsewhipping followed the punishment of Mrs. Beagle's son by Miss Mingus.

According to the testimony brought out at the hearing, Miss Mingus has been having much trouble with Mrs. Beagle's son in school. The youth is reported to be most obstreperous and a unruliness is said to have recently taken on a serious aspect. In view of this fact Miss Mingus recently applied the rod in an endeavor to enforce obedience. The boy told his mother of the whipping which had been meted him.

Last Sunday Miss Mingus attended church, which was also attended by Mrs. Beagle. Just what the last was not brought out at the trial, but the fact remains that following the services Mrs. Beagle met Miss Mingus outside and proceeded to use a buggy whip upon her, cutting her across the face. It is also reported that Mrs. Beagle threatened her with further trouble if she dared to touch her boy again. Miss Mingus filed a complaint in the justice court in Jacksonville and the preliminary hearing was held Saturday afternoon. Mrs. Beagle was found guilty and was fined \$20, which she paid.

NOTARIES CAN SWEAR IN VOTERS

Inasmuch as the census returns of Medford and Ashland have not been announced by the census bureau, voters who neglected to register for the election Tuesday will not need to appear before the election board in their various precincts in order to be sworn in, but may be sworn in by any freeholders before any notary public.

LAST PARTY FOR SEASON VISITS CRATER

Few, if any, more trips will be made to Crater Lake this year, and what is probably the last one was made by a party composed of Mr. and Mrs. C. W. Harlow, Mr. and Mrs. Rucker, Mr. Shumway, Miss Christie and Mr. and Mrs. Norton of Illinois, who returned Friday evening from that famous resort.

When they arrived at Arant's place they found that the bridges had been taken out, so as to avoid their being crushed by the heavy snow which falls in the winter, and they had to walk the remaining five miles to the lake. There is but little snow on the inside of the rim of the crater at present, but the snow had frozen on the trail from the rim of the crater to the water's edge, and it is dangerous to attempt to descend to the lake.

While the roads are excellent and the weather grand, it is dangerous to attempt a trip to the lake at this time of the year on account of the heavy snows. At Arant's place, five miles from the crater, the snow will sometimes fall five feet deep in twenty-four hours, and there is frequently twenty feet of snow in the winter. Mr. Arant warns all persons from now on, as the snow storms come up so suddenly and the snow falls so heavily that they may get snowed in if they attempt the journey. Besides this the bridges have all been taken down, and one cannot get nearer than five miles from the crater with a team or automobile.

CAMPAIGN QUIET FROM START TO END

Little Interest in Politics Manifest in Jackson County—West Will Carry County Over Bowerman—Smith Will Defeat Hawley Here—Patterson Only Man in Race.

The campaign in Jackson county has been closed and the closing was no more auspicious than its start. In fact matters political in Medford and the county have been very quiet throughout the entire campaign, since the primaries, and while there is a good deal of street corner argument regarding the outcome of the state and county balloting political interest otherwise is not noticeable.

The only fight which has attracted any attention in the county has been that for the office of county commissioner. Joshua Patterson added to the gaiety of nations by coming out as an independent, following his defeat at the hands of his party in the primaries. His candidacy made the race three-cornered. George L. Davis of this city is the republican nominee; J. W. Myers of Central Point, the democrat. It is being generally predicted that Patterson will be the low man in the race.

The senatorial fight, which in the primaries was a warm affair, has not been conducive of much of a stir. H. Von der Hellen of Wolcott is thought to be an easy winner over R. P. Neil, the democrat nominee.

There is no fight in the legislative ranks except in the matter of joint representatives for Douglas and Jackson, wherein Henry D. Reed of Gold Hill, opposes J. A. Buchanan of Roseburg, republican. Reed will carry Jackson by a large majority, according to local political wisecracks.

The fight between Wilbur Jones, democrat, and John Bollinger, republican, for sheriff is thought to be a walkaway for Jones, although Bollinger's friends are confident of the success of their man.

Oswald West will carry Jackson county by a goodly majority over Bowerman, while Bob Smith will defeat Hawley for congress in this county by at least 500 votes, if a consensus of opinion among politicians is a criterion.

The prohibition fight has been warmly waged locally and it is thought that the outcome in this county between the wets and drys will be close. Both sides claim the county by majorities ranging from 250 to 500.

NO ENTHUSIASM SALEM MEETING

Republican Rally Last Evening in Sharp Contrast With That Tendered Oswald West Friday—Enthusiasm Lacking, Also Crowd.

SALEM, Nov. 5.—The republican rally held here tonight was sharp contrast with the meeting last night. Enthusiasm was lacking and the crowd was poor. Judge P. B. Butler of Condon had been advertised as the principal speaker, but when the audience had assembled it was announced that Judge Butler had taken suddenly ill and would not be present.

State Superintendent of Schools J. H. Ackerman was the chairman of the meeting. The speakers were C. R. McArthur, Walter L. Tease of Polk county and Grant D. Dimick of Oregon City. The speakers vainly endeavored to raise some enthusiasm for Bowerman's candidacy, but it was entirely lacking.

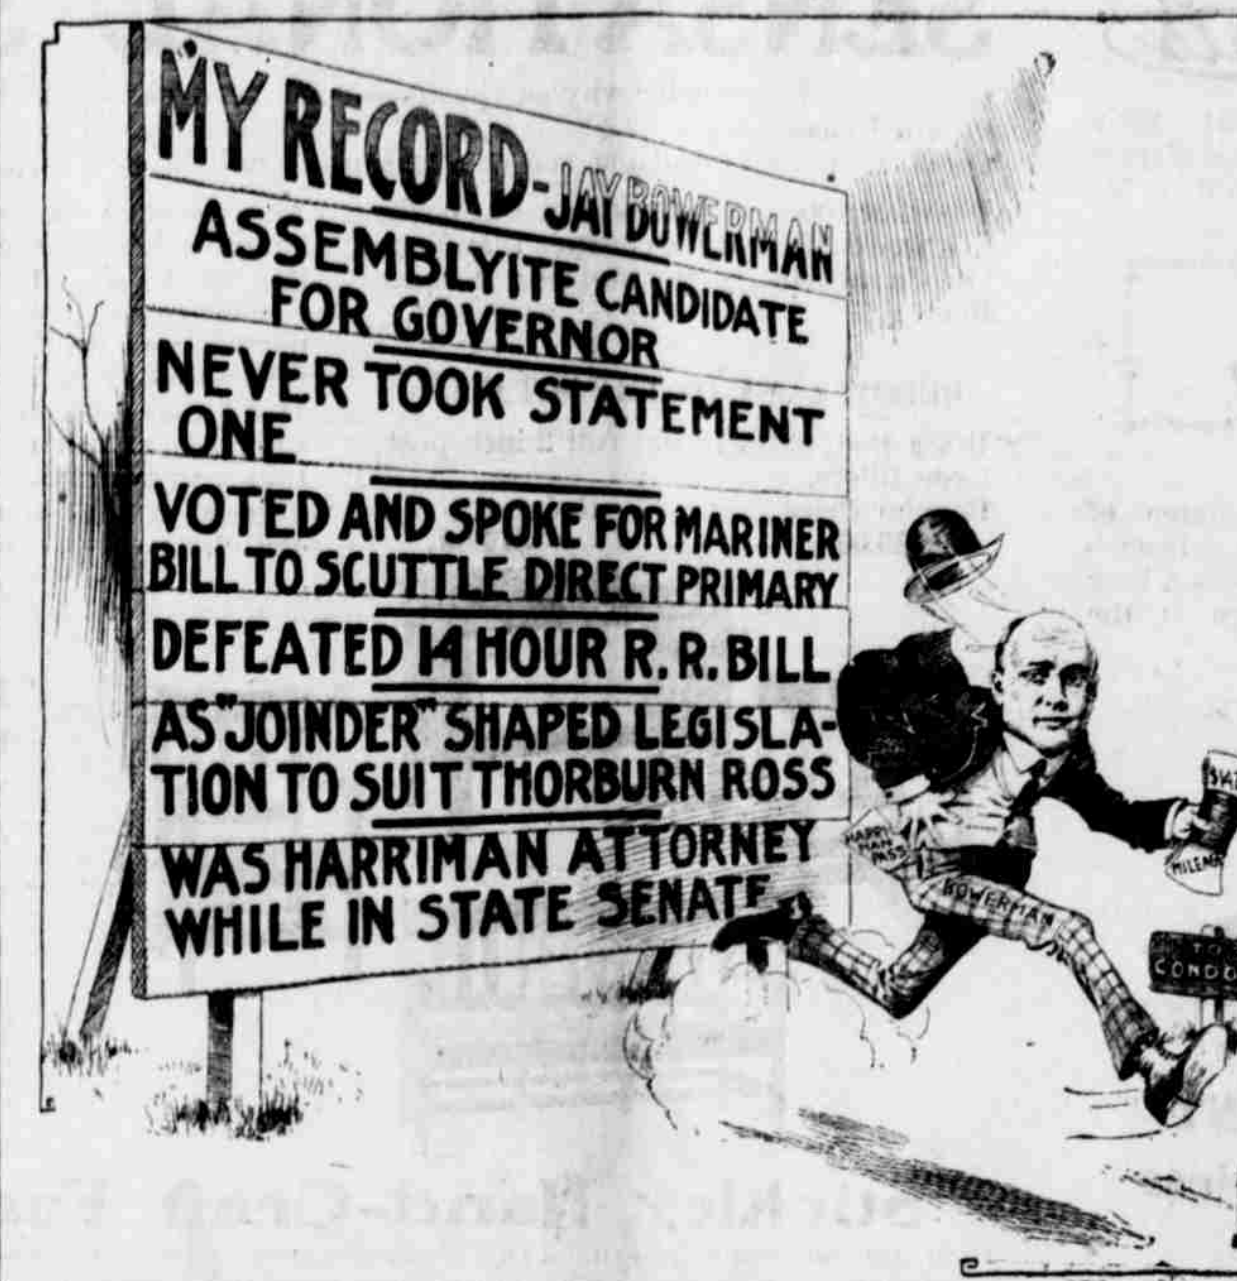

ROOSEVELT REITERATES SUPPORT OF BEVERIDGE.
KENDALLVILLE, Ind., Nov. 5.—(On Board—Roosevelt Special).—Whirling through Indiana on his way to say a few words for the republicans of Ohio, Colonel Roosevelt paused here long enough to reiterate his endorsement of Senator Albert J. Beveridge, insurgent leader, whose re-election is the main issue in the Indiana campaign.

The train stopped at Elkhart, where 500 persons were crowded onto the rear platform and was greeted by rousing cheers. He declared that if Indiana defeats Beveridge at the coming election it will go on record as repudiating honesty and decency in public office. His endorsement was received with cheers.

"We will send him back," shouted a voice from the crowd, and the colonel received the words with a grin of delight.

The men were pacified but were arrested and placed in jail upon arrival in New Pine Creek.

Afraid of His Record

BEAVERS WIN, OAKLAND LOSES; 1910 RAG IS PUT ON THE ICE BY PORTLAND BALL TEAM

PARKING STARTS ON LOCAL YARDS S. P. COMPANY

Extra Track North of Main Will Be Taken Out at Once—Landscape Artist Here and Work Is to Be Rushed on Lawns and Park.

The work of parking the Southern Pacific grounds in this city has been undertaken and will be rushed to completion. Landscape Artist Chase arrived in Medford Friday afternoon and will personally oversee the work. Already men are at work laying out the grounds.

The shrubbery back of the exhibit building is to be removed at once and then the land is to be leveled and parked, a huge lawn being planted with appropriate shade trees.

Workmen will start removing the extra track north of Main street Monday. Trees will be planted along Front street and a large bed of roses will be placed in the center of the grounds.

Cluster lights will be installed about the outskirts of the park, which will lend an added beauty in the evening. The committee of the Greater Medford club, appointed to confer with the Southern Pacific officials in regard to the work will work in conjunction with Mr. Chase.

OREGON IMPORTS EGGS; SHOULD EXPORT THEM

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., Nov. 5.—Oregon is importing more than 100 carloads of eggs a year. They should be produced in the state. This is the statement given out at the Oregon Agricultural college experiment station.

Oregon, instead of importing eggs should have plenty to export, as conditions for poultry are ideal. By experiments and practical demonstration it has been shown that by scientific application of facts already evolved the hen can be forced to do a phenomenal amount of work in almost every part of the state.

As a direct result of the poultry show a number of Portland boys are beginning to raise chickens on city lots and are meeting with great success.

"That people are waking up to the importance of this industry is evident from the large number of requests for the circulars published with the latest experimental results."

FURTHER WEST PAPER LAUNCHED AT BANDON

IN SPITE OF HETLING CASE PENNANT WON

Saturday's Game Was Crucial One for Northerners and They Came Up to It in Splendid Style—Oakland Drops Two to Frisco.

Saturday's Scores.
Portland 7, Vernon 1.
San Francisco 6-2, Oakland 4-7.
Sacramento 4, Los Angeles 3.

By winning yesterday's game from Vernon and by the loss of two to Oakland, Portland has the 1910 pennant on the ice. 'Tis all over. In spite of the now famous Hetling decision, whereby the Beavers forfeited three games to Oakland, the northern lads fought their way out on top.

The dope artist of the Mail Tribune got busy Saturday morning and figured out the following, from which can be deduced the standing of the teams and how Portland clinched the rag. The following was figured before Saturday's games were received in the evening:

If Portland had won three of its remaining games and Oakland the four games to be played, the final standings will be:

Club Won Lost P.Ct.
Portland 116 85 57711
Oakland 124 94 56588
If each team loses one game:
Club Won Lost P.Ct.
Portland 113 86 57213
Oakland 123 97 55954
If each team loses two:
Club Won Lost P.Ct.
Portland 114 87 56714
Oakland 122 95 55454
Oakland loses three:
Club Won Lost P.Ct.
Portland 113 88 56813
Oakland 121 99 55000
If Oakland loses four straight:
Oakland 120 100 54543

While these figures are not official, they are taken from the standings as published, and are probably correct. From them it will be seen that Saturday's game was the crucial one and that the defeat for Oakland effectually put Portland safe. Oakland would have had to win every game and Portland lost every one for Oakland to win.

WHERE OH! WHERE IS THAT FEDERAL BUILDING TO BE?

Special Site Agent Leaves and Medford Real Estate Men Are All Up in the Air—Hets Being Made as to Its Location.

Oh! where, Oh! where will that building be?
Oh! where, Oh! where will it be?
With its boost to land
That is near at hand,
Oh! where, Oh! where will it be?

Two weeks more!
Then the momentous question which has been rending local real estate circles for weeks will have been settled for once and for all. But 'tis two weeks of agony.

Special Site Agent Roberts of the treasury department left Friday evening for Portland, after three days' investigation of the sites offered by local people for the new federal building in this city, and he left behind no inclination of his choice. He stated that in about two weeks the department would make the announcement.

Two sites were offered the government for \$1. One of these offers was made by a west side syndicate, the site being at Sixth and Holly. The other was made by J. E. Eynart and associates and was property located near the Natatorium.

GAYNOR ATTEMPTS TO END EXPRESS STRIKE
NEW YORK, Nov. 5.—Mayor Gaynor today made a final attempt to end the express strike. He conferred with union leaders this afternoon. Vice presidents of the express companies involved in the strike were expected to attend the conference but did not do so.

Mayor Gaynor secured from the labor men final concessions they are willing to make. He then communicated with the express officials. The Adams company is said to be endeavoring to settle with its former employees independently of the other companies. The strikers assert that Frank Platt alone stands in the way of successful settlement.

REPUBLICAN, CANDIDATES DEMOCRATIC, COMPLETE HOUSE NEXT? CAMPAIGN

Chairman Republican Congressional Campaign Committee Claims Congress by Fair Working Majority—Democrat Leader Says His Party Will Control by 51 Votes.

CHICAGO, Nov. 5.—Chairman W. R. McKinley of the republican congressional campaign committee today issued the following statement:

"From the best reports obtainable, I am confident that the republicans will control the Sixty-second congress with a fair working majority. The size of this majority, and, in fact, the outcome of the election will be determined by the majority of the republican vote going to the polls Tuesday.

"That voters have taken but slight interest in the pending campaign is evident by the small vote cast at the primaries for the candidates on the various tickets. It would seem that this forecasts an extraordinarily light vote, especially in the rural districts, where the farmers are enjoying unusual prosperity."

Secretary emfwyep emfwyep kpag Secretary Trimble of the democratic congressional campaign committee predicts a democratic majority of 51 votes in the next house.

"We believe that we will have a majority of 51 votes in the lower house of congress after the coming elections," said Trimble. "We arrived at this conclusion by giving each party the districts of which we thought they were reasonably sure. The remaining districts we divided equally between the republicans and democrats. While our gains will be more pronounced in the east, there will be no specific part of the country to which they are confined. We expect to gain in every state now having republican representation excepting four. We do not expect to lose more than two districts now represented by democrats."

"In the beginning of the campaign the prospects of democratic victory was so bright that we feared that it might be only temporary. We congratulate ourselves that the revolt against the Payne-Aldrich tariff law and republican mismanagement has grown daily until now it has become so evident that an overwhelming democratic victory is absolutely assured."

Bowerman and West Both Speak to Large Crowds in Portland—West Is Conceded State By Bowerman, Who is Claiming Portland and Clackamas County.

PORTLAND, Nov. 5.—The Oregon state campaign was virtually closed in this city tonight by the two candidates for governor and little remains to be done by them. Monday will be spent in comparative quiet, while the corrupt practices act prevents any work being done on Tuesday.

Oswald West, for the democrats, and Jay Bowerman, for the republicans, closed their campaigns tonight with speeches delivered from automobiles to crowds in various portions of the city. Both attracted large audiences and apparently their popularity was about evenly divided. Multnomah county is claimed by both candidates and will undoubtedly turn the tide of battle for or against the one or the other contestant.

It is conceded that Oswald West is strongest in the state. That the vote in what Bowerman is depending upon to overcome West's lead in the other counties conceded by Bowerman campaign managers. Betting is about even. The prohibition campaign is being waged in many parts of the city tonight. The home rule leaders say that Multnomah will roll up a majority in their favor of 400, and that with the help of southern and eastern Oregon, that this will surely win their fight.

OREGON GRANITE TO HONOLULU

Order Received by Local Concern for Expensive Monument to Be Manufactured From Southern Oregon Granite, in Preference to Eastern.

That Southern Oregon granite is making a name for itself in the world at large, and that it has no superior in the United States is shown by the attention it is attracting away from home.

The Oregon Granite company has just received an order for an expensive monument to be shipped to Honolulu, Hawaii. The order specifies Oregon granite and was chosen in competition with stone from eastern quarries which have long monopolized the markets of the world. The monument was ordered by Emerson Baker, a member of one of the oldest families of Hawaii, the founders of which went to the islands as missionaries in 1820 and later amassed a fortune in sugar.

NEAR JAIL DELIVERY IN KLAMATH FALLS

KLAMATH FALLS, Nov. 5.—What came near being a wholesale jail delivery was frustrated by the vigilance of the officers when they reached the county jail and discovered a section in the corner back of the steel cage where the rock had been removed and a hole large enough for a good sized man to crawl through had been made.

The jail is composed of heavy rough stones laid in cement, and inside is a smooth cement finish, while the outside of the building is faced with dressed stones.

The cement finish on the inside had been hacked off with an axe that had been smuggled into the jail, and some of the rock had been replaced and the crevices filled with loose cement until it had its original appearance. The remainder of the rock which had been removed had been placed on top of the steel cage, in which the prisoners are locked at night.

Paul T. Durney, alias Jack Wheeler, is the ringleader in the plot to escape, and he is now languishing in the dark cell where unruly prisoners are confined.
