## LIVE WIRES AT APPLE SHOW

SPOKANE, Wash., Nov. 4.—The honorary freedom of the city of Spokane to be conferred on delegates to the first "live-wire" convention of the northwest in connection with the third national apple show, is the highest gift the concave has in its power to bestow. It is expected there will be representatives from most of the commercial organizations in Washington, Oregon, Idaho, Montana and British Columbia, to receive this gift on November 14.

Six prominent citizens, known as "The Comparators," will vouch for each delegate's worthiness in the following terms:

"That he is a man of good name and fame; that he does not desire the freedom of the city whereby to defraud the apple king of any of his royal majesty's rights, customs or advantages, but that he will pay his seat and bear his lot, and so they all say."

The president of the concave will address the delegates, enlarging on the deeds that make them worthy of the honor that is being bestowed and offer them the right hand of fellowship, also presenting decorated box containing a copy of the vote of the concave, by which it was resolved that they should be honored with the freedom.

## HIGH SCHOOL PUPILS LISTEN TO GOOD MUSIC

Professor Collins, superintendent of the city schools, is a lover of good music and occasionally requests members of the faculty of the Medford conservatory to play before the pupils at assembly. Last Thursday Mr. Tallandier, Mr. and Mrs. Eames played several selections and the duet for guitar and violin, "Serenade," by Braza, made a special hit. Mr. Eames is well known as a fine cellist, but few know how well he plays the guitar and mandolin, instruments which he also teaches at the conservatory. To many people the guitar is unknown as a solo instrument, but Mr. Eames proved how well it is adapted for solos.

## ROOSEVELT CAMPAIGNING TOLEDO TO CLEVELAND

CHICAGO, Ill., Nov. 5.—Colonel Theodore Roosevelt arrived here early today on the Rock Island railroad and left for the Lake Shore at 8:45 for Toledo, where he will board a special train and deliver brief platform speeches along the route from Toledo to Cleveland.

His principal speech of the campaign will be delivered tonight at Cleveland.

## Singer Cavalieri Ill.

PARIS, Nov. 5.—Illness today caused Lina Cavalieri to cancel her engagement to play the leading role in "Phais" tonight. The singer's condition is not believed to be serious.

## The Fat From the Flower.

There is not a single kind of animal food which we might not replace with a vegetable counterpart. In most cases it is merely a matter of choice which is preferable, the animal or the vegetable. In the matter of cooking fats, however, the vegetable has by far the advantage. Lard is made from the fat of hogs—often impure and unclean, always indigestible. Cottolene comes from the cotton fields of the sunny south. It makes food that can be digested with ease, even by invalids. Cottolene is recommended alike by physicians and noted cooking experts as much more healthful and desirable than lard.

## Prohibition Record up to Date

From a moral standpoint, and we know whereof we speak, the result has been worse than if well-regulated saloons had been allowed, and we can cite hundreds of instances of our nightly experiences to prove this assertion. Taking our own town for example, it is no misstatement that there is more liquor here than there ever was before, and instead of a few places being the repository for such, it can be found most any place—places that you would least suspect, too.

We would naturally expect the first result of such a law to be the keeping of liquor from those who are injurious in its use and abuse the privilege of its open sale. Now, can you tell us of one man in this midst, who has been in the habit of drinking to excess, who has been profited by the prohibition, who does not, under the local option law, get as much as he wants and so on his periodical drunks the same as ever, if not a little oftener?

## Victim of Drink Needs Orlin.

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink than he craves. Medical treatment is necessary. Orlin will destroy the desire for liquor, so that the drink will not be missed and restore the drinker to perfect health.

This remedy is thoroughly scientific, and is so uniformly successful that it sold with registered guarantee to refund the money if it fails to effect a cure. Booklet on "How to Cure Drunkenness," free on request. The Orlin Co., 632 Orlin Building, Washington D. C. Sold in this city by Leon B. Haskins.

## THE TRUE TEST.

Tried in Medford, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Medford. Kidney sufferers can hardly ask for stronger proof than the following:

Mrs. J. H. Baussum, Central avenue, Medford, Or., says: "I was so bad off with kidney trouble that I could not do my housework. My back was weak and painful and in the morning when I got up I was lame and sore. The kidney secretions passed irregularly and my health steadily ran down until I was hardly able to get about. While in that condition I read about Doan's Kidney Pills and got a box at Haskins' drug store. I felt better from the time I commenced their use and it was not long before I was cured. I am in a position to recommend Doan's Kidney Pills highly to anyone afflicted with kidney complaint." (Statement given September 14, 1907.)

## Permanent Cure Justifies Re-endorsement.

When Mrs. Baussum was interviewed on October 26, 1909, she said: "My former endorsement of Doan's Kidney Pills still holds good. Since this remedy cured me I have had no further attacks of kidney complaint and I have enjoyed good health. I do not hesitate to say that Doan's Kidney Pills are a specific for all difficulties caused by weak kidneys."

## INDIANA SENATORIAL CAMPAIGN FINISHED

INDIANAPOLIS, Ind., Nov. 4.—United States Senator Albert J. Beveridge closed his campaign here with a rally tonight in Tomlinson hall.

John W. Kern, Beveridge's democratic opponent, also wound up his campaign here, speaking at four different meetings tonight.

Haskins for health.

the temptation of drinking has been removed? As a matter of fact, it has been placed under their noses more than ever, as any one who cares to find out can readily see if they are on our streets late at night or early in the morning. Ponder this.

I claim to be a prohibitionist, but I believe in striking at the root of an evil and not tearing a little off of the top of the stem, while the plant keeps on steadily growing. Attempt to make Oregon dry in 1910 will result in a most disastrous failure, be time, money and labor expended to no good end, and the liquor traffic will still go on in the state and union as heretofore, the only difference being that the temperance movement will have received a setback hard to recover from. Bent in the right direction, the misapplied energies of the many people who advocate either temperance or prohibition, might be of wonderful avail and work to the good of the nation and the people who reside therein.

## A Plea for Majority Rule.

E. E. Fisher, ex-mayor of Benvenon; T. E. Hills, ex-state commander G. A. R.; Hon. J. R. C. Thompson of Tualatin, Theodore Pointer, George Stitt and 500 other legal voters and residents of the portion of Washington county proposed to be annexed to Multnomah have signed remonstrance and ask that the boundary lines be not changed. Less than 300 voters within the strip signed the petition and the remainder of the county is practically a unit against it. Let the majority rule. All county divisions should be decided by the wishes of the people affected. By got voting at all you give half a vote for the measure. Multnomah, all powerful, does not need one-fourth of Washington county to further increase her power in the state. The loss of the territory will practically ruin Washington, which is already small in area. We ask you to vote 339 X No.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.

## Medford People Get Back Set.

Lately some Medford people received several back sets, but found them profitable, because they occurred in the right manner. Due to the benefit received, they cannot say enough in behalf of them.

The back sets were for the purpose of begetting good results, and due to a new way of making them.

## bowel trouble have been made well.

Not only do back sets relieve chronic diseases, but prove more beneficial in acute cases as pneumonia, pleurisy and the different fevers.
