LITTLE USE FOR MARKET FOR FANCY FOWLS

Production Real Standard Instead of Fancy Breeds and Feathers-Demand small.

CORVALLIS, Nov. 9 .- That utilproduction is the real standard for Portland, Nov 7: the determination of the value of a takes issue with the ed tors of the of the country by wire, endeavoring American Standard of Rieeders and to stimulate the lagging speculative breeders of fancy chi tens.

try," says Professor Dryden, "hun- fleult situation. We are managing prohibition. dreds of poultry shows are held each to find buyers by working the small year and thousands of dollars are markets hard, and feel that our re paid in premiums and all the pre- sults with all of the extensive facilimiums are awarded on the basis of ties we have are going to compare the American Standard of Perfect most favorably with results which

"We think we are encouraging the For instance, we have before us

glock of pure breds.

"The way to develop the poultry .. industry is to stop edvocating pure names of the breed, eLt him decide whether he wants an egg type, a meat type or a general purpose type and then purchase pure bred males and grade up his flock. He should start with cross bred fowls and use pure bred males to bring up the grade. The country wants eggs and poultry and we cannot get these by building on the foundation of feathers or fancy points.

To discover the egg type we nav to use the trap nest or some other site; \$12,500, nest is about the best thing we have discovered in the poultry business. \$13,000. We will make slow improvement in 35 acres, free soil, no waste, 24 breeding without an egg record, for each ben in the flock. The objection to the trap nest is that it requires peaches, good buildings, tools, etc.; too much labor for the farmer. I 88000. believe that the state or experiment ptation should come to the rescue here by establishing a breeding sta- all bearing fruit, good buildings, tion where farmers could secure at windmill, tank, tools, etc.; a good nominal prices cockerels of good layink pedigree to mate with their buy; \$7000. flocks. It would not take very long to furnish every farmer with a male bird wohse ancestryy during two generations has a record of 150 eggs a good location, paved street; \$3850. year.
