

MILLIONAIRE IS POISONED BY WIFE

John D. Schenck, Packer, Lies Dangerously Ill in Hospital—Wife Is Arrested, Charged With Attempt to Murder.

WHEELING, W. Va., Nov. 11.—It is authoritatively reported that at least one business man and possibly others of prominence here will be involved in the poisoning of John O. Schenck, millionaire packer, who which seriously ill, probably will recover. Mrs. Laura Schenck, wife of the stricken man, is under arrest, charged with having administered the poison to her husband.

Prosecutor Handlan promised the arrest of "the man in the case" and declared that his identity when announced would create a sensation. Handlan added that after questioning the woman he had secured evidence which, if substantiated, would send her to the penitentiary.

RE-SEEDING OF FORESTS STARTED

WALLOWA, Ore., Nov. 11.—The first active work toward re-seeding the burned forest areas in eastern Oregon has been started at the head of Bear creek by the forestry service, where a large acreage is being planted in European larch and Scotch pine. The seed spot method is being used.

The Bear creek burn is on the watershed of a Willowa's water supply.

AN APE MAKES LOVE TO A SHOP GIRL

PARIS, Nov. 11.—As twenty work girls came out of a dressmaker's shop in the Rue Bonaparte at midday an arm encircled the waist of one of them.

The girl protested indignantly. The too-gallant intruder was well dressed, in a frock coat, gray trousers, top hat, patent leather boots and wore smart gray suede gloves. But he was a hideous little person.

The girls began making fun of him, when suddenly he caught hold of one and put his face close to hers. She boxed his ears, and he dropped on all fours and bit at her leg.

There was a panic. The girl rushed off shrieking and two policemen arrested the aggressor. The creature was a chimpanzee—the pet of an explorer living near at hand. He was captured after a struggle and carried off by his master's servant, who went to fetch him at the police station, where he had spent the night.

Four Trapped in Death Blaze

LA PLATA, Md., Nov. 11.—Four persons lost their lives in a fire of unknown origin which destroyed the combination storehouse and dwelling of T. M. Carpenter at Pisgah, Md.

The victims were the daughters of Benjamin B. Compton, two children of Marcellus Bowie and a negro girl. Mr. Compton's sister had a narrow escape from death. When she awoke the blaze had gained so much headway that there was no chance for her to warn the others who were trapped by the flames. The Pisgah postoffice was in the burned building.

Senator to Resign

DENVER, Colo., Nov. 11.—Senator Hughes is slated to resign, according to political gossip today. Hughes, who has been very ill recently, determined to step down, rumor says, when the result of the election showed that the next legislature would be democratic. According to the best information, Mayor Speer of Denver will be elected as his successor.

The republicans at noon today conceded the election of the democratic candidates—Ganttler, for the supreme court, and Mrs. Cook for school superintendent.

Members of the faculty indignantly deny the probability of any young woman using tobacco in any form. The chambermaids are also exonerated and the janitor remains as the only one suspected.

INVENTS MACHINE WHICH PICKS HOPS

PORTLAND, Ore., Nov. 11.—A hop-picking machine is one of the latest products of inventive genius. Such a contrivance has been set up on the ranch of E. C. Horst, near Eola, Ore., and does all that could be expected of it. It gathers the hops from the vines, which are thrown into the machine by the wagon load and segregates the leaves from the berries.

HERE'S PRIZE FISH STORY OF THE YEAR

PORTLAND, Ore., Nov. 11.—What promises to be the prize fish story of the fall season comes from Gresham, where salmon trout are jostling each other in ascending the Sandy river. One faithful fisherman brings in the report that the trout are so thick on the riffles that they trip anglers who are wading in the shallow places, and in some cases the men have been thrown off their feet by the swarming fish. It is an easy matter, under such circumstances, to catch large numbers of the finny rascals, and the crews of the Gresham sports are bulging with salmon trout.
