

CHICAGO FEEDS SCHOOL CHILDREN

Board of Education Believes That It Has Solved the Problem of Dissatisfaction — Poor Children Now Study With Full Stomachs.

CHICAGO, Nov. 11.—Lunch rooms in six of Chicago's largest public schools were well patronized today and the board of education believes it has solved the problem that long has caused dissatisfaction—namely, the feeding at noon time of the children in the poorer districts.

Soup and bread and butter, made up the menu and a charge of one penny for each "meal" was made. However, it was announced that any child without the necessary penny who was hungry could eat for nothing.

NATURAL MULLIGAN FROM APPLAGATE

Burrell Miller brought in a freak from the Applegate section Friday, which indicates an attempt of Mother Nature to grow the start, at least of a Mulligan stew. The potato and the soap bone were there, all that was necessary to complete the dish was the balance of the ingredients.

To relieve the suspense of the reader, the freak consisted of a potato on each end of the leg of a deer. The piece of bone was some five inches in length and the spuds were connected by a root running through the hollow portion of the bone from end to end. The potatoes were, of course, not of large size, but were perfectly ripened.

The freak was found in the potato patch of John Shenkel of Applegate.

A Burbank might by adieious grafting produce the tomatoes, onions and other things that go with the toothsome Mulligan, and all that would be necessary for the traveling gentry to carry would be a can and a match and raid some farmer's Mulligan patch in order to live on the fat of the land.

YALE LIKELY TO MEET DEFEAT FROM PRINCETON

NEW HAVEN, Nov. 11.—If money can pull a forlorn hope out of the ditch Yale will win from Princeton tomorrow. The Yale team, the weakest in the history of Old Eli, goes to Princeton tomorrow apparently to be slaughtered at the hands of a team which experts pronounced the best of year's college corp.

Yale rooters, however, are taking along plenty of money to back up the wearers of the blue and it is predicted that Princetonians will find plenty of Yale coin in spite of the expected easy conquest of Princeton.

THREE HUNDRED FRENCH KILLED IN OUTBREAK

CONSTANTINOPLE, Nov. 11.—The death of 300 French soldiers, killed in an anti-French outbreak in Tripoli, is reported here today. The governor of Tripoli reported that 150,000 natives of Tripoli attacked the French garrison while angered over French interference with Turkish rule.

It is declared that many blockhouses manned by the French were captured and the Frenchmen slain.

TEAMSTERS GO BACK TO WORK

Terms Offered By Companies Are Accepted and All Drivers Will Return to Their Work on Monday—Conference Soon to Be Held.

NEW YORK, Nov. 11.—The strike of express wagon drivers, which has paralyzed express traffic in New York and vicinity for the past week and threatened to result in a general teamsters' walkout, practically is ended.

The New York teamsters today accepted the terms offered the Jersey City teamsters and accepted by them. All drivers will return to work Monday.

The express companies agree to take back the strikers and consult with representatives of the employes regarding wages and hours.

DOOIN STILL TO LEAD PHILADELPHIA NATIONALS

PHILADELPHIA, Nov. 11.—In spite of his resignation and the prediction to the contrary, Manager Dooin will be at the head of the Philadelphia National league baseball team next year, according to an announcement made today. The news was given out after a conference between Owner Horace Fovel and Dooin. Although it was not mentioned in the announcement, it is believed that the Cincinnati and Philadelphia trade which caused all the trouble will go through. Charlie Murphy, owner of the Cubs, and representatives of Charles P. Taft, who is believed by many to be the real owner of the Phillies, are said to have brought their influence to bear to force Fovel to accede.

ALLOWED FIGHT TO CONTINUE BY COURTESY

NEW YORK, Nov. 11.—The scheduled ten round fight between Joe Jeannette and "Black Hill" is being considered on the light of a good joke on fans who saw the alleged contest last night. It is believed that Jeannette could have put his opponent out at any stage of the fight and allowed him to go five rounds through courtesy. At the beginning of the fifth round Jeannette told Black Hill he was going to knock him out, and ten seconds later ended the fight with a right cross to the jaw.

BRIDGE FOR WATER PIPE BEING PUT UP

Thursday afternoon, Water Superintendent Gault left for Little Butte creek to superintend the placing of the permanent iron bridge for the pipe line to Medford. The structure, which takes the place of the temporary wooden bridge, will be 68 feet in length and 2 feet above the bed of the stream.

The steel is on the ground, in it will require but a few days to assemble the parts. This piece of work completes the water system.

YOUNG MAN, 20, WEDS ADOPTED MOTHER, 49

HARRODSBURG, Ky., Nov. 11.—That Cupid will not be denied under any circumstances was shown here when James Turner, 20 years old, applied at the office of the county clerk for a license to wed his adopted mother, Mrs. Sarah Stewart, 49 years old.

The clerk would not grant the license as the boy was under age, unless his parent or guardian would sign an agreement. This was easily accomplished, as Mrs. Stewart, more than twice the age of the prospective bridegroom, blushing came forward and signed the paper which would permit her adopted son to become her husband.

Turner was adopted by Mrs. Stewart 18 years ago, and after reaching manhood he found that he loved his mother in a different way than most mothers are loved, and the wedding was the result.

ANOTHER DEER CASE AT WOODVILLE

On complaint of Game Wardens Wright and Sandry, J. Neathammer of Evans creek has been taken into custody charged with running deer with dogs. District Attorney Mulkey left Friday morning for Woodville to hold the examination.

A number of cases of violations of the game laws have been brought up from that neighborhood during the past year, but most of them failed for lack of evidence. The residents of that section are divided into two factions and each one watches the other for a chance to get a case of some kind.

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does.

It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomei Inhaler.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

No matter how chronic your catarrhal troubles, HYOMEI is guaranteed by Chas. Strang to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.
