WHAT IS GAINED BY IT?

THE Oregon election proved that insurgency has not yet penetrated the Willamette valley counties. Probably in another two years the people will begin to wake up, through the influx of new comers.

It is difficult to understand just what was gained by returning W. A. Hawley to congress. His record was conclusive proof that he faithfully served the system instead of the people. He goes back a member of the minority party with less influence than ever.

The Willamette valley promises to become the last lair of the stand-patter. Certain sections are immune to progress. They still vote for the label instead of the man through force of habit.

Robert G. Smith made a gallant fight and a remarkable run. He cut Hawley's majority in less than half. No democrat has ever yet carried this district, not even Chamberlain ever secured a majority.

In the re-districting of the state, forced by the census, it will be impossible to produce such another hopelessly partisan district.

With the "Van Barkley Co." at the late theater, proving to be a tremendous success. Special Saturday matinee that will please the children. Every child will enjoy it. See "Maxine," the 5-year-old vaudeville wonder.

Make Every Dollar Worth More Than a Dollar!

An educated ad reader will never be poor. To "know advertising" is to have a practical knowledge of values—of things—of when and how and where to buy. No one, having and utilizing such knowledge, could ever be unthrifty, or in any sense careless or reckless of expenses. For such knowledge makes for thrift—for saving. It makes one proof against shams—false values—manipulated reductions.

The intelligent ad reader uses as much thought and ability in buying things as is required in earning the money that is spent for them. And that amounts to a substantial increase of the value of every dollar of the family revenue!
