We are striving hard to make this the people's store—a store where every child in the city or in the whole of southern Oregon will delight to come to and do their trading. We want every man, woman and every person within a radius of 50 miles to come to know this store and believe in it, too.

We will make the lowest prices that good goods can be sold for and will never offer anything that is not first class in every particular.

BEST METHODS IN THE FACTORY. Every one knows what would happen if a housewife put down her fruit and jellies by simply pouring them from the kettle into the jars and allowing them to stand with loose covers. Her fruit would soon ferment and spoil. Cooking fats are just as liable to spoil, yet most manufacturers of lard and other cooking fats pack their products in tins or loose-cover'd tins, exposed to air, dust and odors.

Collolene, however, is packed in pails of special design, sealed absolutely airtight, so that the makers guarantee Collolene to remain indefinitely as sweet and as fresh as the day it was made.
