

### FUNERAL TODAY OF WARREN BODGE

Young Man Who Died in Performance of His Duty Will Be Buried This Afternoon—Services at Presbyterian Church by Rev. Shields.

All preparations for the funeral of Warren E. Bodge, who was fatally injured in the performance of his duty as a member of the local fire department Saturday evening, and died Monday, have been made, and the funeral will be held at 3 o'clock today.

The body of the unfortunate young man is now lying in state at the Presbyterian church. At 3 o'clock Rev. W. P. Shields will conduct the services. Following the ceremony at the church the local lodge of Elks will take charge of the services.

Pallbearers were selected from three organizations of which the young man was a member. G. F. Lindley and H. T. Haswell represented the firemen, E. J. Klein and W. H. Schultz the Knights of Pythias and Robert Telfer and A. C. Burgess the Elks.

### SOCIALISTS TO CONTROL UNIONS

So Says Max Hayes, Leader of Socialists, in American Federation of Labor Convention Now in Session—Eighty-five in Federation.

ST. LOUIS, Mo., Nov. 16.—Ultimate domination of the American Federation of Labor by the socialists was predicted today by Max Hayes, leader of the socialists at the convention now in session here. Hayes did not venture that the socialists would control the present session of the federation, or the next, but he declared that the handwriting was on the wall and that socialist control was only a matter of time.

"In 1900 and 1901 but one or two delegates dared voice socialistic utterances," declared Hayes. "Today there are 85 of us in the federation. We have Victor Berger to represent us in the congress of the United States, and our upward march shows itself everywhere."

"I have no axe to grind, and would rather not speak regarding Gompers and his re-election as president of the federation. I can say personally, however, and I think my sentiments are those of a majority of the socialists, that Gompers probably is the best-liked man in the union ranks today."

### BILLY CLIFFORD IS WELL RECEIVED

"The Girl, the Man and the Game" played to a big house last night and everyone was thoroughly satisfied. Billy Clifford and his pony chorus make no demands upon the audience for deep thinking. There is no problem worked out in the play. It is simply a passing show that one sits and watches with no thought other than the pleasure of the hour.

Clifford is new to this part of the country but we will remember him and when he comes to Medford again we may be sure of an entertainment that will please.

Costumes and scenery were very pretty, as were also most of the girls. Take it upon the whole, this style of entertainment is wholesome and pleasant enjoyment.

### ECLIPSE OF MOON DUE THIS EVENING

A total eclipse of the moon, visible from the eastern part of the United States, will occur this afternoon and evening. The eclipse will be visible in part from Medford during the early evening.

The club also considered moving to new quarters, the secretary being instructed to seek them.

### 8,000,000 CANADIANS NOW SAYS OFFICIALS

WASHINGTON, D. C., Nov. 16.—According to E. H. McPhail of the census bureau of Canada, who is here today studying the American system of enumeration, the next Canadian census probably will show a population of about 8,000,000. This would be an increase of about 50 per cent, or 2,700,000. The Canadian census will be taken in June, 1911.

The Canadians contemplate the adoption of some of the United States government's improved census-taking methods, and for this reason McPhail was sent to Washington to confer with Director Durand.

### LEFT FOOTPRINTS ON THE SANDS OF TIME

The average man, when he sees a "fresh paint" sign, almost invariably puts his finger on the paint to learn whether it is dry or not. It must have been more than an average man, however, who undertook to test the solidity of the concrete at the crossing of Sixth and Central avenue the other night, for he plowed diagonally across the street and from the tracks he left had evidently found that the concrete was not yet set. There was moan or less language from the foreman when he discovered the holes in that smooth concrete.

RETAILER BEATS CONSUMER. (Continued from Page 1.) their prices until forced to do so. They will take advantage of present conditions, he said, and increase their earnings until the consumers by concerted action force a reduction.

GEORGE MAY LOSE CROWN. (Continued from Page 1.) practically the inescapable proposition that the crown may ally itself with the lords to prevent the legalizing of the people's judgment, such a move would mean monarchical revolution added to a people's revolution, in such an event the gravest happenings the country has noted in centuries are to be expected."

### FRISCO TAKES AN ADVANCED STAND

People Adopt Charter Amendments Giving Free Expression to the Will of the People—Party Circle Eliminated From Ballots in Future.

SAN FRANCISCO, Cal., Nov. 16.—Complete official returns on yesterday's vote on 39 charter amendments places San Francisco today in the van of the cities of the United States as the proponent of advanced municipal administration.

In addition to a 20 to 1 vote in favor of a bond of \$5,000,000 to financing the Panama-Pacific international exposition in 1915, the voters adopted charter amendments giving free expression to the will of the people in the most important matters of city government and defeated other proposed amendments designed to curtail their liberties.

A majority rule, allowing any person to become a candidate upon the presentation of from 10 to 25 legal sureties, and providing for his election by a majority vote, including the privilege of filing a statement of 100, 200 or 300 words, according to the fee paid by him, which shall be printed by the city and sent out with the sample ballots to every voter.

The candidates' names only shall appear on the ballots, the party circle or symbol being eliminated, and the names printed in different order in each assembly district, thereby giving each candidate equal opportunity of heading the ticket.

An effective system of initiative referendum and recall passed with a good majority. The establishment by the city of a free employer-bureau also was adopted. An amendment permitting the people to vote for the recall of any street railway franchise also received a bi-majority.

Fine Show at Savoy Theater Tonight Packed houses greeted Wayne O. Adams, the Panama hero, who has a Roosevelt medal, at the Savoy theater last night. Mr. Adams' wonderful reproduction of the great Panama canal and jungle show, including Colonel Roosevelt in the jungles, is instructive, thrilling and startling. Mr. Adams' moving pictures are all new and very clear. His lectures on the same are great, as he has served four years as foreman and engineer on the greatest project that was ever undertaken in the history of the whole world. This is considered the most instructive, amusing and entertaining moving picture show that has ever visited Medford. Seeing and hearing Mr. Adams' wonderful reproduction of the Panama canal jungles are just like taking a trip yourself. 204\*

### SCORES DIE OF HUNGER.

(Continued from Page 1.) dying when he left. At that time there was no prospect of relief, and McLean believes that scores of others have succumbed to the hardships and hunger. McLean, who has mined in Australia, South Africa, Alaska and California, declares that no gold rush contains the stories of suffering when the Porcupine rush will reveal when the details become known. Familiar with the sufferings of the Donner party in California, when men were forced to eat the flesh from the bodies of their dead comrades, McLean asserts that conditions almost as frightful exist in Porcupine.
