

MAX FIGMAN HERE THURSDAY

"Mary Jane's Pa" Will Be Presented Thanksgiving Evening—Play and Leading Man Are Known Here and Are Very Good.

Much may be expected from Max Figman's forthcoming engagement at the Medford Theater on Thursday, November 24, in his latest triumph, "Mary Jane's Pa." Few plays ever produced have received such cordial endorsement from the New York critics as this charming blend of humor and pathos by Edith Ellis. She chose Indiana as the scene of her story and reproduced with startling veracity the numerous character types with which the rural districts of that great state abound. The comedy teems with laughter and philosophy and by way of further zest, there are one or two heart quickening scenes also. Only the seasoned newspaper man, whose steady heart pump has jumped at the thrilling boss pressman's command, "Let her go" as the sensational "extra" is ready for the "run" can realize the limit, the tense scene at the end of the second act, when Portia Perkins (Helen Lackaye) got out her newspaper on time.

Many an audience has cheered the thrilling sight of the man turning the heavy lever while his hustling wife feeds the press—all for the sake of pure politics.

Seat sale opens Monday, November 21.

PROHIBITION NOT ON WANE, SAYS LEADER

COLUMBUS, O., Nov. 19.—Purser Baker, national superintendent of the Anti-Saloon league, replying to the Brewers' association circular, said today:

"Prohibition is not on the wane anywhere in the country, and on the contrary, is increasing in every state. I would point to Nebraska as a case in point, where a candidate for governor, standing for the liquor traffic, was defeated, although a democrat."

FOUR KILLED BY GUN EXPLOSION

Premature Explosion Blows Breech Plug to Rear of Gun While at Target Practice—Board of Inquiry Investigating.

WASHINGTON, D. C., Nov. 19.—Four men were killed and two probably fatally injured today in an explosion of a five-inch gun at the proving grounds at Indian Head, on the Potomac river, according to a message received at the navy department this afternoon.

The dead: LIEUTENANT CHAFFEE, BATTERY FOREMAN J. L. BROWN.

ORDNANCEMAN L. L. O'LEARY, BATTERY ATTENDANT BELSON JACKSON, colored.

The explosion was caused by the blowing out of a breech block.

The accident occurred when the gunners were closing the breech. A premature explosion blew the breech plug to the rear of the gun. Brown was killed instantly. O'Leary lived ten minutes, and Chaffee and Jackson an hour.

A board of inquiry is investigating the accident.

WASH THAT ITC AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

Medford Pharmacy, near postoffice.

ADMIRAL SWIFT'S GIRL PROVES SWIFT INDEED

RICHFIELD SPRINGS, N. Y., Nov. 19.—Slipping away from their friends who had not the slightest knowledge of their plans, Madeline Swift, the daughter of Admiral Swift, U. S. N., and George Auld, naval paymaster, were married here today. The wedding terminated a rather turbulent courtship. The bride was a leading figure in the recent court martial of the groom, which resulted from an alleged insult passed by him to Dr. Edward Cowles at a navy hop. Miss Swift was the principal witness in behalf of Auld, and her testimony, it was said, was largely instrumental in securing his acquittal.

ONLY ONE "BEST"

Medford People Give Credit Where Credit Is Due.

People of Medford who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Medford. Here's Medford testimony:

Mrs. C. H. Hoxie, Fir street, Medford, Or., says: "I publicly recommended Doan's Kidney Pills in 1907, after they had benefited me, and now I am pleased to speak in their favor again. I had kidney trouble for several years and the backache gradually grew worse as time passed. If I attempted to stoop or move quickly, sharp twinges darted through my loins and hips and sometimes I was lame for days. My health ran down and I was feeling miserable at the time I commenced taking Doan's Kidney Pills, procured at Haskin's drug store. They helped me from the first, although other remedies had proven useless, and as I continued taking them, I steadily grew better until not one symptom of my trouble remained."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

'Twas a Boob Fight.

NEW YORK, Nov. 19.—Both Wilbur Lewis and "Dixie" Kid are unanimously declared the "boob" champions of the welterweight division today by fans who saw their "fight" here last night.

Dixie, they say, has a shade on Lewis, as his exhibition was the worst. The men "fought" around the ring, taking punishment enough, but showing absolutely no class. Neither had the ability to go in and put the other out. Lewis did the better and was given a "newspaper" decision.

Dry Your Clothes on a Wet Washday With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

Dealers Everywhere. *Send for your copy of descriptive circular to the nearest agency of the*

Apples in Mid-Winter

A LONG about the middle of December or the first of January apples cost quite a bit more than they do now. The price keeps going up from then on. Sometimes it is a difficult matter to obtain good apples in the early spring at any price. To be sure of a supply all winter it is a first-rate plan to lay in as many boxes as you will want, now. Put them in cold storage with us. You may send for a box as often as you wish. Our cost for storage for small quantities for the season is only 25 cents a box. We make lower rates for large quantities. The cost of storage is a great deal cheaper than paying the high winter prices. Then, too, you are sure of getting your apples when you want them. We are prepared to handle any number of boxes.

Independent Coal & Ice Co.

PORTLAND :: :: OREGON

Bar Greek Letter Fraternities.

Curtiss to Los Angeles.

WALLA WALLA, Wash., Nov. 19.—Greek letter societies affiliated with national societies or otherwise, will be barred this year at Whitman college. This is the decision of the faculty board made public today, and it is not unlikely that the students will ignore the order and go on with the organization of chapters in open defiance of the faculty.

LOS ANGELES, Cal., Nov. 19.—R. R. Young, manager for Glenn H. Curtiss, is in Los Angeles today making arrangements for the appearance of the Curtiss string of aviators here this winter. Curtiss himself with six assistants, will arrive next week. He plans a series of exhibition flights at the motordrome early in December as preliminaries to the aviation meet which will be held in January.

Franklin Would Have Been Amazed

if his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the General Electric Mazda Lamp.

The sage old philosopher flew his kite during a thunderstorm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

The G.E. Mazda Lamp gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like sun rays.

Everywhere people are having their houses wired for electric light, since the invention of the G-E Mazda Lamp. It has made electric light as cheap as it is convenient.

Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.
