

MANY NEW HOMES IN THE VALLEY APPLE TRAIN REACHES CHICAGO

Few Realize the Strides Outside Sections Are Making—Thousands of Dollars Are Being Spent in Erection of Dwellings.

Few persons know of the wealth in both land and improvements in the fertile stretch of land lying between Talent and Phoenix. The very best garden and fruit land is to be found in that section, and the small farmer is gradually becoming quite independent, as their expenses have not been so great and their income good within the last two years. There have been erected the following new dwellings:

Joshua Patterson, \$5000; C. C. Hartley, \$2000; M. L. Hartley, \$1500; Weldon Hartley, \$3000; W. S. Stancliffe, \$2000; J. O. Henry, \$1000; B. Hartley, \$1000; A. S. Furr, \$3500; Joe Rader, \$6000; L. Colver, \$2000; making a total of \$28,000.

Aside from these dwellings, each one has built a large barn, outbuildings, tower and sheds, and have sunk large wells, installing gasoline or electric motors, septic tanks and all modern conveniences. All have cost large sums of money and have increased the value of the property. Beside the dwellings mentioned, there are as many more that have been built several years at an equal cost. Besides, in this district is the county poor farm, erected at a cost of about \$30,000.

DOUBLE GUARD AFTER ESCAPE OF PRISONERS

FORT STEVENS, Or., Nov. 26.—A double guard was placed over the guardhouse at the fort here today following the capture of Privates Bridgman, Roberts, Johnson and Ward, who escaped early in the week from the prison.

The men were taken prisoners by Privates Peterson and Smith, who captured them at Svenson, a small station 23 miles from here, which they had entered to renew their food supplies.

The men's escape from the prison was carefully planned and daringly carried out. A posse of 200 soldiers searched the hills for the escaped men for two days.

Noted Judge Dies.

CLEVELAND, Nov. 26.—Judge Robert W. Taylor of the United States district court for the northern district of Ohio, who presided at the trial of Cassie Chadwick, the adventuress who secured hundreds of thousands of dollars from glib Ohio bankers, died here today. Judge Taylor was seized with a cataleptic attack and was hurried to a hospital, but died without regaining consciousness.

Judge Taylor pronounced sentence on Mrs. Chadwick. He also recently settled the Cleveland street car war. He was formerly a member of congress, having served five terms. While a member of the lower house he handled the prosecution in the polygamy cases of Roberts of Utah.

To Extend Dike.

WASHINGTON, D. C., Nov. 26.—The contract for the extension of dike number 12 at Mare Island, Cal., was awarded today by the navy department to the Thompson Brick company of San Francisco. The contract price was \$100,000.

Fast Time Is Made by Northern Pacific in Transporting Spokane Exhibits East to Big Show in Windy City.

CHICAGO, Nov. 26.—Sixty hours and five minutes was the mark set by the Northern Pacific and Burlington roads in transporting a train of 16 cars of apples from Spokane, Wash., to Chicago. The train left Spokane the morning of November 21 and pulled into the Burlington yards here at 8:35 o'clock this morning, covering 1949 miles at an average speed of 32½ miles an hour, exclusive of stops. Railroad men declare this a record.

The train carried more than a million apples, including the prize-winning displays at the national apple show in Spokane last week for exhibition in the First Regiment armory, beginning next Monday.

The car of Spitzenberg apples grown and exhibited at Spokane last week, which was for C. H. Sprout of Hood River, Or., the grand championship prize of \$1000 and the Chicago association of commerce \$500 trophy cup, will have a prominent place on the main floor of the armory.

This car of fruit, grown in a single orchard, scored 997 of a possible 1000 points, and is declared by Professor H. E. Van Deman, who judged fruit at the Columbian exposition in Chicago in 1893, to consist of the most perfect apples he has ever seen.

MANY APPLES ARE SHIPPED TO ENGLAND

Sgobel & Day, fruit brokers of New York, under date of November 19, say:

According to cables received there were no sales of any consequence of Watsonville Newtowns in England yesterday.

Liverpool—L. Connolly & Co. cable that the market is 7s and the apples are wanted.

London—M. Isaacs & Sons cabled the market is unchanged and many are being stored.

Wednesday the Lusitania to Liverpool took 4700 boxes and the Adriatic for London 14,000, while today the two London boats had about 20 carloads engaged and the Liverpool steamer Arabic took over about 1200 boxes. These are considerably smaller shipments than have been going out of late and we do hope that it will have a corresponding effect on the English markets.

The only auction sales here have been two cars, one from Roseburg, Or., Newtowns from about \$1.30 to \$2.30 average \$1.61, but here were great many marks and some of the fruit considerably better than others. There was a car from California in which the Rome Beauties averaged \$1.35, Hoovers \$1.30 and Wagners \$1.16.

At private sale the general range now is as follows:

Newtown Pippins, \$2 @ 2.25; Winesaps, \$2 @ 2.25; Spitzenbergs, \$1.75 @ 2.25; Stayman Winesaps, \$1.75 @ 2; Rome Beauties, \$1.75 @ 2; Arkansas Blacks, \$1.75 @ 2; Black Ben Davis, 2; Mammoth Black Twig, \$1.50 @ 1.87.

Several other varieties not as good quality as these are selling at all sorts of prices from \$1.25 up. The market is a little more steady, but the demand is poor and a great many cars are being put in cold storage, especially of Spitzenbergs and Newtowns. The market on barrel apples continues to advance and they are selling from \$4 to \$5.50, and this is a very different situation from box apples.

Four Die in Shipwreck.

JUNEAU, Alaska, Nov. 26.—Word was received here today of the wreck of the schooner Sealight near Cape Gumeney, at the southern end of Baranof island, in the severe storms Monday. Four sailors perished. When the vessel struck the crew of eight divided and left on the open seas in two dories. One of the latter boats got into Sitka last night with four men scarcely able to speak, so terrible had been the hardship they endured. There is little doubt but that the other dory drifted north and was lost.

Quake Recorded.

WASHINGTON, D. C., Nov. 26.—An earthquake lasting 29 minutes was recorded early today by the seismograph at Georgetown university. The disturbance began at 12:41 a. m. Professor Toward estimated that it was 5000 miles distant. The vibrations were from north to south.

In Sudden Emergencies

like illness, it is often necessary quickly to raise the temperature of a room. For instance, in those hours between midnight and dawn, when the day temperature has been allowed to drop, if you are called upon to get up, the room is chilly and cold. It takes a long time to start up a furnace or fire and raise the temperature by ordinary means.

You can instantly heat a room to any desired temperature with a

PERFECTION
SMOKELESS
OIL HEATER
Absolutely smokeless and odorless

It quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be cleaned in an instant. It has a cool handle and a damper top.

An indicator always shows the amount of oil in the font. It has a filler-cap which does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in japan or nickel. It is strong, durable and well made, built for service, yet light and ornamental.
