Card of Thanks.

A PRODUCT OF NATURE.
Warmed into life by the sun shining on Southern cotton fields, nurtured by rain and dew, the cotton plant concentrates in its seed that life-giving and life-sustaining quality which is the basis of Cottolene. From Cottonfield to Kitchen, human hands never touch the oil from which Cottolene is made. It is a product of Nature. Lard comes from the fat of the hog—often impure, always indigestible. Cottolene, on the contrary is pure, and jelly made from the juice of choicest fruit is not more easily digested than his product of the oil extracted from the kernel of the cotton seed.

WOMEN DIDN'T REFUSE TO DANCE WITH JAPS

PASADENA, Cal., Dec. 7.—Persons in Pasadena who planned a ball at a local hotel for Admiral Yoshino of the Japanese training squadron and his staff, today branded as absolutely false a report that the ball was "called off" because prominent society women of Pasadena and Los Angeles refused to attend and to dance with the Japanese officers.

The dance was scheduled to be given December 3. According to D. M. Linnard, manager of the hotel which had been selected as the scene of the festivities, many of Pasadena's best-known women had promised to attend. The invitations were recalled only upon the receipt of a note authorized by President Komura of the Japanese-American association of Los Angeles, who had charge of the details of the admiral's visit, stating that the admiral and his staff had accepted previously an invitation to attend a reception in Los Angeles on that day.

A Washington, D. C., woman found a man under her bed and immediately called the police, whereupon the fellow claimed that he thought he was in his own home. The story of how he was trained to sleep under the bed at home might be interesting reading.

Those who do not read the news of the day know little of what is happening in the world. And those who fail to read the ads know little of values—or of what is happening in the store-world.

So much of life revolves around the "cost of things" that the store ads have an increasing interest.

Sunny Monday Laundry Soap is white and contains no rosin. It will wash wools and flannels without shrinking—colored goods without fading.

Sunny Monday also contains a wonderful dirt-starter which saves half the rubbing. Washes in any kind of water.
