You Can Work Near a Window

in winter when you have a Perfection Oil Heater. It is a portable radiator which can be moved to any part of a room, or to any room in a house. When you have a

SMOKELESS
OIL HEATER

Absolutely smokeless and odorless

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an **automatic-locking flame spreader**, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.
