The production is under the management of Samuel E. The piece is by Paul M. Potter, with music by John T. Hall and lyrics by Vincent Bryan, and is said to be a correct portrayal of night life in Paris as it exists at the present time.

The Death of THE OWNER

Enables us to offer what we honestly believe is the best bargain in a producing orchard in the valley. There are 35 acres in the tract and it is only a mile from a shipping station.

There are about 11 acres in apples, Ben Davis, Winesaps, Spitzenbergs, Newtowns. Trees are about 20 years old. They are in good condition and produce heavily.

There are also about 12 acres in standard varieties of peaches, in full bearing. About 8000 crates of peaches were shipped from this orchard last year.

There are also 8 acres planted to Newtown apples, which were three years old this winter.

The balance of the land is cleared and was in grain last year.

The buildings consist of a house, barn and packing house.

We think a reasonable estimate of the crop on this place this coming year would be 3000 to 4000 boxes of apples and 6000 to 8000 crates of peaches.

A team of horses and a full equipment of machinery goes with the place.

The price is \$15,000, a trifle more than \$400 an acre. The terms asked are half cash, balance easy. If you cannot meet these terms as to the cash required, make us an offer.
