ORDINANCE NO. 434.

An ordinance declaring the assessment on the property benefited for the cost of laying a 6-inch water main on South Grape street from Twelfth street to south city limits, and directing the recorder to enter a statement thereof in the water main lien docket.

The city of Medford doth ordain as follows:

Section 1. Whereas, the city council did heretofore, by resolution declare its intention to lay a 6-inch water main on South Grape street from Twelfth street to south city limits, and to assess the cost thereof on the property fronting on said portion of said street in proportion to the frontage of said property, and fix a time and place for hearing protests against the laying of said water main on said part of said street and the assessment of the cost thereof as aforesaid.

And whereas, said resolution was duly published and posted as required by section 116 of the charter of said city;

And whereas, a meeting of the council was held at the time and place fixed by the said resolution, for the purpose of considering any such protests, but no protests were at said time, or at any other time made to or received by the council to the said laying of said water main or the assessment of the cost thereof as aforesaid, and said council having considered the matter, and deeming that said water main was and is of material benefit to said city, and that all property to be assessed thereby for would be benefited thereby to the extent of the probable amount of the respective assessments to be levied against said property, did order said main laid.

And whereas, the cost of said water main has been and is hereby determined to be the sum of \$785.13; Now, therefore, it is hereby further determined that the proportional share of the cost of laying said water main of each parcel of property fronting on said portion of said street is the amount set opposite the description of each parcel of land below, and that each piece or parcel of land benefited by the laying of said water main to the full extent of the amount so set opposite the description of the same, and that the respective amounts represent the proportional benefits of said water main to said respective parcels of land, and also the proportional frontage thereof on said street, and the council does hereby declare each of the parcels of property described below to be assessed and each of the same hereby is assessed the amount set opposite each description for the cost of laying said water main.

ORDINANCE NO. 431.

An ordinance assessing the property specially benefited by the opening of Park avenue.

The city of Medford doth ordains as follows:

Section 1. Whereas, the council did heretofore declare Park avenue opened from Eleventh street to the north line of Tuttle's subdivision of the city of Medford; and whereas, it did thereafter duly appoint viewers to assess the benefits accruing therefrom, and said viewers did thereafter file their report of the filing of which due notice was given; and

Whereas, the council has examined said report and finds the same all respects fair and just, and in accordance with the charter of the city of Medford;

Now, therefore, it is hereby ordained as aforesaid that each of the following tracts of land is hereby assessed the amount set opposite its description for the cost of opening said Park avenue, said several amounts representing the proportional benefits received by said several parcels of property, and the amount in each case being no more than the special benefit received by said respective parcels, and said described parcels being all the property so specifically benefited.

REPORT OF VIEWERS TO ASSESS THE PROPERTY BENEFITED BY THE OPENING OF PARK AVENUE.

We, the undersigned viewers appointed to assess the property benefited by the opening of that certain street, the center line of which is described as follows, to-wit:

Commencing on the south line of West Eleventh street, 336 feet west of the intersection of said south line of Eleventh street with the west line of Oakdale avenue in the city of Medford; thence south 330 feet; thence west 2 feet; thence south 660 feet.

Hereby make a report to the common council of said city as follows:

We have examined said street and the property benefited thereby and hereby find that the following described parcels of property are located in the amount set opposite each respective parcel, and that said amounts are in just proportion to the respective benefits received by said parcels and that we have taken into consideration the fact that certain owners of said property have voluntarily conveyed a portion of their interest in said city for the purpose of said street.
