

# TO BUILD HARBOR CRESENT CITY

### H. S. Woolley Has Returned From East and States That He Has Necessary Finances for Building of Harbor on Coast at Crescent City

H. S. Woolley has returned from the east after a successful campaign for financial backing for the building of a harbor north of Crescent City.

Together with the engineers and representatives of eastern capital Mr. Woolley left today for Crescent City for the purpose of making the surveys and estimating the cost of construction, not only of the ship canal which is to be built, but also the jettes which are to protect the mouth of the canal.

The plan of the builders is to open up Dead Lake, which is three-quarters of a mile from the ocean and Lake Earle, which is two miles farther inland on line of the ship canal. The opening of these lakes is essential to the building of the harbor, for only by such an operation can there result an inland, fresh water land lock.

It is estimated the cost of building the harbor is in the neighborhood of a million dollars, and the builders are figuring that within a year Dead Lake will be opened up to navigation.

The building of this harbor will mean that only 80 miles will separate Rogue River valley from the best harbor north of San Francisco until the mouth of the Columbia is reached, and according to some engineers, it will exceed even the Columbia harbor in safety.

### Bullet Flattens On Skull.

WINCHESTER, Pa., Jan. 13.—Tony Jackson, colored, who went with others to give an old-time "balling party" at the home of Reeder Woodfork and bride, also colored, near Winchester, was shot in the head with a revolver by Woodfork. The bullet flattened itself on Jackson's skull and fell to the ground without inflicting serious injury. Woodfork said the crowd was too noisy and interrupted his honey moon.

# EVERYONE WENT; NOBODY BLUSHED

### The "Queen of the Moulin Rouge" Made Decided Hit—A Tuneful Medley of Songs, Beauties and Artistic Dances

That the people of Medford won't take a dare, even though the probable shattering of their morals is the price demanded, was fully demonstrated last night when the banner crowd at the opera house this season accepted the mantle thrown down by a wily press agent and attended the performance of the "Queen of the Moulin Rouge."

On the strength of a rumor that the queen's midnight visit to the demi-monde of Paris had been a vision too piquant for blase old France and that the critics in that city had been forced to express themselves mostly in asterisks to dodge the postal law on literature of a tabasco nature, the theater was packed—those who have never visited Paris going to the theater early.

But—after the fall of the curtain only memory of pretty scenes, many pretty women gorgeously costumed, and a merry jumble of whistleable and catchy music remained of the queen.

The pantomimic portrayal by Harry Short, Miss Gladys Turner and Charles Wilcox of the dances of the Parisian Apaches were enthusiastically received for their artistic merit when, after the first stanza, the audience realized that they had come to witness a truly classical exhibition, and not, as they had been led to believe, a demonstration of the extent to which a producer can abbreviate the costumes on 80 women without landing in jail.

### PEARY TO BE MADE A REAR ADMIRAL SOON

WASHINGTON, D. C., Jan. 12.—The sub-committee of the house committee on naval affairs this afternoon voted favorably on a bill creating Robert E. Peary a rear admiral. The bill also extends the thanks of congress to Peary for having discovered the north pole. The bill requires Peary from active service in the navy with the highest pay for a retired rear admiral. The pay will begin from April 6, 1909, the day on which he reached the pole.

# NEW CHURCH TO OPEN SUNDAY

### Christian Scientists Complete Their "Bungalow" Church and Will Hold Their First Services Therein on Next Sunday Morning

The Christian Scientists will hold their opening services in their new church on North Oakdale avenue Sunday morning, January 15.

This is the first Christian Science church to be built in the valley. The architecture of this church is in the bungalow style, with weathered finish throughout the interior. It is steam heated and brilliantly lighted in the auditorium are three cluster chandeliers suspended from the ceiling beside wall fixtures.

The auditorium is furnished with 200 mahogany opera chairs. At the rear of the rostrum are convenient rooms and coat rooms for the use of the readers.

Besides the entrance hall, the church contains a comfortable ladies' parlor, two lavatories and a pleasant reading room.

A reading room open to the public is always conducted in connection with a Christian Science church where all of the authorized literature is kept on sale and for free reading. Beside the denominational literature, a clean daily newspaper, a distinct innovation in the field of journalism called the Christian Science Monitor, may be found here. Such a newspaper, so long considered impossible, has proven itself a success. From a moral, literary and financial standpoint. This paper may also be found on sale at the Medford book store.

This reading room will be open to the public in a few weeks.

Owing to untoward weather conditions the exterior of building is incomplete. At an early date, the Christian Scientists contemplate making a lawn and attractive grounds.

Regular services will be held every Sunday morning at 11 o'clock. Subject of lesson-sermon for January 15 "Life." Sunday school at 10 o'clock. Testimony meetings Wednesday at 7:30 p. m. The public is cordially invited to these services.

# BEAR PUTS ONE OVER ON PRINTER

### Meets With Adversary on Stairway of His Home Thursday Night and as Result Printer Has Broken Thumb and Is Laid Up

Paul Schuler, a press feeder employed by the Medford Printing company, is today nursing a broken thumb as the result of an encounter with a bear on the stairway of his home Thursday night.

The injured boy stoutly maintains that he was not—er, well that he has not yet violated the pledge he took on New Year's day, not taking that into consideration as well as his previous reputation for truthfulness, his own error of the affair, told by him to fellow press-men, will serve.

He was climbing the stairway, which was dark, when his foot suddenly became entangled with the fuzzy anatomy of a teddy bear lapped and precipitated violently either where he was going or from whence he had just come, depending on whether he was climbing or descending said stairs.

He will recover.

# DAVIS FUNERAL HELD THURSDAY

The funeral of Mrs. Louella Hoover Davis was held Thursday afternoon from the Baptist church. Interment followed at the I. O. O. F. cemetery. The pallbearers were F. E. Redden, F. F. Loder, H. Boswell, H. H. Tuttle, Lewis Bennett and Paul Hanson.

### Policewoman Makes Good

LOS ANGELES, Jan. 13.—So helpful has Miss Stebbins Walls, Los Angeles' policewoman, been to the department that Chief of Police Schuler will ask the city council for a squad of five additional women for patrol duty.

The chief declares Miss Walls has been a potent factor in police affairs since her appointment four months ago. He will also ask for 100 extra policemen.

Marketing for Health.

No. 8236.

## REPORT OF THE CONDITION OF Medford National Bank

at Medford, in the State of Oregon, at the close of business, January 7, 1911:

Correct—Attest:

J. A. PERRY,  
HORACE PELTON,  
W. H. GORE,

Directors.

# CITY COUNCIL TO CANVAS VOTE

### No Protests Filed by Defeated Candidates. So Canvas Will Only Be Matter of Form—Tuesday's Court Is Accepted by All

The city council will meet at the city hall at 3 o'clock this afternoon to canvas the vote cast at the recent city election.

As no protests to the original count have been filed, the canvass by the council will be made superficial.

### ARE YOU LUCKY?

### Five Articles Given Away Each Day of This Sale

Each day during our Lucky Horse-shoe Sale we will give five articles that sell for \$1.00 each and hide them in our display of merchandise.

Each article will bear a small ticket with these words "Lucky Horse Shoe Ticket"—when you find one of these tickets, simply call the nearest clerk, give her your name and address and take the article home, gratis.

Every article will be hidden either on the tables, the counters or in the displays—AND NOT in the shelves.

### The Lucky Ones:

JANUARY 7.  
Mrs. L. K. Parker,  
Mrs. Barbara Kosutz,  
Mrs. J. F. Williams, Central Point  
Agnes McMahon,  
Mrs. Corinn.

### JANUARY 9.

Miss Inez Hayes, Central Point.  
Mrs. C. W. Sharp,  
E. S. Hitzler,  
Mrs. Kenworthy,  
Maud Jones,  
Jennifer Parker,  
Erna Sharpe,  
Anna Beach,  
Margaret Easley, Central Point.  
Mrs. E. J. Fouts,  
W. H. MEEKER & CO.

### REAR END COLLISION DEALS DEATH TO FOUR

BATAVIA, Jan. 13.—Four passengers in a Pullman sleeper were killed today and twelve injured in a rear end collision on the New York Central railroad here. The accident occurred in front the station where a passenger train was standing. A following train plunged into it, telescoping the rear sleepers.

### To the Lovers of Good Coffee

We wish to advise you that we have installed in our store a new Royal Electric Coffee Mill. This machine is equipped with steel knives which cut the berry into practically uniform clean cut particles, instead of grinding and crushing it, as by the old method.

All Coffee Mills heretofore used will only crush the berry, mutilating the minute oil cells, thus impairing the strength and flavor.

By this new process the little oil cells remain unbroken, the essential oil (food product) cannot evaporate and the coffee thus retains its fine, rich, aromatic flavor in its full strength.

This is one reason why a pound of coffee cut in this mill will make from twelve to fifteen cups more of full strength coffee than will any coffee ground the old way. The Lover of Good Coffee finds here a richness of flavor never found in coffee ground in the ordinary way.

Another feature about this Mill is that you may have your coffee cut as fine as the finest sand and it will still be practically free from that fine dust which is produced by the old method of grinding. You will, therefore, always have a clear cup of coffee instead of a muddy effect—a result of using the old style Mills.

Royal Cut Coffee is also adaptable for percolators or French Dip Coffee pots.

Try a pound of our coffee cut on a Royal Mill and we know you will be pleased with the result.

### Olmstead & Hibbard ON THE WEST SIDE.

### Notice

The funeral of Mrs. I. H. Stewart will be held Sunday at 1:30 p.m. from the late residence on South Oakdale avenue. Interment at I. O. O. F. cemetery. Friends and acquaintances invited to attend.

### TO WHOM IT MAY CONCERN.

This is to certify that A. E. LePonz of Central Point, Or., has for the past two years, and is selling and handling our granite for monuments, and any statement to the contrary is not true. 256 GOLD RAY GRANITE COMPANY, INC., Medford, Or. By C. R. RAY, President.
