PLAYED ROLE OF AVENGING ANGEL (Continued from Page 1.)

Miss M. L. Smith and, when satisfied with his interpretation of the role of the avenging angel, he walked into Justice of the Peace H. C. Dox's office in Jacksonville, voluntarily pleaded guilty to assaulting one William De Roboam and paid, in money, the price demanded by the laws of man for recreation of that nature.

But in the meantime, the cops in the judicial machine of the state have been slowly but surely moving with the result that District Attorney B. P. Mulkey today subpoenaed William De Roboam and Everett Cantrell, both of Jacksonville, to appear before him and tell what they know concerning the injuries sustained by the girl, who was discharged from the Southern Oregon hospital Tuesday, after having been confined to that institution for several weeks as the result of a badly scalded back.

Following an interview with the injured girl, published in the Mail Tribune shortly after her admittance to the hospital, in which she stated that she had come by the burns while "scuffling" with William De Roboam in the home of the latter in Jacksonville, District Attorney Mulkey started the investigation.

Miss Smith refused absolutely to prefer any charges against DeRoboam, saying that when he threw the pail full of scalding water over her he did not know that it was hot.

Whether or not DeRoboam can be punished by the authorities for his careless manner in handling boiling water is a question that the district attorney's office cannot decide until the investigation is completed, but in the opinion of that office the alleged relations existing between the Smith girl, her companion, Mrs. Julian A. Mock, and the men implicated are sufficient grounds to warrant official investigation.

Miss Smith left the hospital Tuesday and it is believed will return to her former home in Freewater, from which place, in answer to a letter sent by District Attorney Mulkey, her father is expected to come and get her.

Peaches a Good Crop. SPOKANE, Jan. 18.—"Peaches may be a very profitable crop in the inland empire," is the statement of R. A. Jones, a nurseryman of Spokane. Mr. Jones has studied horticulture and raised peaches for the last fifteen years in the Spokane valley. This year's crop from 1000 four to eight year old trees bore as much as 20 boxes. "Four of the best varieties are named," Mr. Jones added, "according to experience in this region, the Alexander, Triumph, Early Crawford and Elberta. The Elberta is a great commercial peach and one of the best for canning known, but not so good as the other three for table purposes or immediate consumption. The Alexander, Triumph and Early Crawford do not ship so well nor make so good a showing as canned fruit." One acre of ground readily accommodates twice as many peach as apple trees.

IT'S YOUR KIDNEYS Don't Mistake the Cause of Your Trouble—A Medford Citizen Shows How to Cure Them

Many people never suspect their kidneys. If suffering from a lame back or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Medford people testify to permanent cures.

G. M. Jones, 1404 N. Central ave., Medford, Ore., says: "I found Doan's Kidney Pills especially adapted to my case. My back was very stiff and painful and I had other annoying symptoms of kidney trouble. Doan's Kidney Pills, procured at Haskin's drug store, brought me prompt relief and since taking them my health has been much better. This excellent remedy has earned my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

OREGON RATIFIES THE INCOME TAX

(Continued from Page 1.) taxed in the same way. But there is no relation between the amount consumed by the two men and the amount of their incomes. I condemn a system which grants immunity to a man of great wealth, and favor the income tax because it levies the burden in proportion to ability to pay."

HIS SWEETHEART FALSE; CHINAMAN WOULD DIE

SACRAMENTO, Jan. 18.—Whatever stands for "never again" in Chinese talk is being violently exuded in the receiving hospital here today by Toy Gee, a wealthy Chinaman, who is being dried out after a love-impaired plunge into the Sacramento river.

Jilted by an almond-eyed maiden, Toy felt so badly that he decided death was his only refuge, and he sought it in the river. The water was cold as well as wet, and Toy's desperation soon cooled. Pidgeon yells soon brought help and the celestial swain was fished out and upended to let the moisture drain out of his anatomy. Today he's sure he's cured of the love fever.

GREAT GROWTH MADE IN SCHOOLS

New Districts Petitioned for in Josephine County—More Schools Are Needed in Order to Accommodate Children.

GRANTS PASS, Jan. 18.—So great has been the growth and development and settlement of the country outside of the city that more schools are being needed all the time. This is exemplified at the present session of the county court, which is considering the formation of two new districts.

One of the new districts which is petitioned for by the residents of a portion of the districts Huga and Pleasant Valley, numbers 22 and 35, will embrace a portion of both of these districts. This includes the Three Pines settlement.

The other district will be carved out of the west side of the Lee district, number 19, and the south side of the Hussey district, number 17.

The formation of both the districts is being opposed by all of the old districts concerned. The county court and County Superintendent of Schools Lincoln Savage, constituting the boundary board by law, are considering the matter now.
