### TIMES SUSPECTS ARE SEEN IN CANADA

BUFFALO, N. Y., Jan. 19.—Reports to Buffalo police today from Niagara Falls, Ont., say that David Caplin, M. A. Schmidt and J. D. Bryoe, the three men wanted in connection with the Los Angeles Times explosion, have been seen in the vicinity of the Canadian town.

Police Inspector Maines of the Ontario provincial police has a squad of detectives searching for the trio. Watch is also being kept here.

#### Mail Clerks May Go Out.

MINNEAPOLIS, Minn., Jan. 19.—A tie-up of the country's mail system and a walkout of the railway mail clerks is likely unless Postmaster General Hitchcock discontinues certain phases of his postal savings policy, according to members of the Twin Cities Railway Mail Clerks' association.

### SIX MINERS ARE KILLED BY EXPLOSION

KEATING, Mont., Jan. 19.—Six miners are dead, two injured and two are missing today as a result of an explosion in the Keating mine near here late yesterday. They were killed by concussion.

An investigation was begun today. Officials of the Keating Gold Mining company declared that no miners below the 300-foot level were injured. Those killed and injured were working on this level.

It is generally believed that the powder magazine, which contained 500 pounds of dynamite, let go. This cannot be positively learned, however, until the debris that now away.

### ALLEGED BURGLARS HELD FOR JURY

Giving the names of John Smith and John Williams, two men, charged by the police authorities of Ashland with the crime of burglary were lodged in the county jail to await the action of the grand jury.

### JOHN VON EHRWEGAN IS LAID AT REST

Contained in a magnificent mahogany casket, the remains of the late John von Ehrwegan, who died at his home here last Monday, will be laid to rest this afternoon in the L. O. O. F. cemetery.

The funeral services will be conducted in the chapel of the Perl undertaking company by the Rev. Matlock.

BOISE, Ida., Jan. 19.—A bill calculated to put a stop to the practice of Boise wholesale liquor dealers who ship liquor into Oregon, which is later shipped back into dry territory or Idaho, was introduced in the senate today. The bill provides a heavy license for wholesalers doing business in other states.

**A Wonderful Dirt- Starter**

**SUNNY MONDAY** Laundry Soap is kind to the clothes because it contains a marvelous *dirt-starting* ingredient which drives out the dirt in an all but magical way—saves most of the rubbing and saves your clothes.

**Sunny Monday** is a white soap, made from high-grade materials—choice fats and vegetable oils. It contains no rosin. All yellow laundry soaps contain rosin, and the majority of them are made from cheap tallow and refuse grease. **Sunny Monday's** whiteness is proof of its purity.

Try **Sunny Monday** next wash day and you'll never use any other laundry soap.

The N. K. Fairbank Company, Makers, Chicago

ZION LACE INDUSTRIES, ZION CITY, ILLINOIS

**ZION LACES** and many interesting features in their manufacture are on exhibition in one of our show windows. This display is educational and every person should see it.

From 3,400 to 4,500 bobbins are required to thread one lace machine, besides the beam and warp, making a total—when the machine is threaded—of 13,000 threads in actual work. When a machine is fully threaded there are 6,700 miles of cotton on it, enough to reach from here to England and nearly back again.

See the illustrations of the various machines in operation—where they take in the thread and turn out the dainty, attractive laces—also skeins of yarns, yarn spools—pieces of lace just as they come from the machines. Especially interesting is the process of clipping, scalloping and separating. The exhibit is so unique and the values so unusual that a visit will be of material interest to you.

## KENTNER'S

# Free for the man who keeps costs

### and the man who wants to

If you are owner, manager or accountant in a manufacturing or mercantile enterprise and want to know what it costs to do business let us send you FREE, post paid and without any sort of obligation, a new 180 page book entitled "Cost-Keeping Short Cuts."

### A Book of Experience

If you could look into the offices and factories of 110,000 of the world's most progressive houses you would see many things that would interest you and learn many things that would benefit you.

You would see how carefully the really successful concerns in every line are to know what it costs to do business. There is no guess work, nothing haphazard about it.

They know. And they say it pays them to know.

Scattered over the land are more than 110,000 users of Burroughs Bookkeeping Machines. They have developed cost-keeping systems for every line of business. Our 300 salesmen are in close touch with these users, they are constantly sending us the systems and methods found best in each line.

## "Cost-Keeping Short Cuts"

This book of 180 pages is well bound and is illustrated by photographs, graphic charts and full page forms from cost systems being used by some of the most successful concerns in the country. It tries to show how the little concerns as well as the very biggest are really knowing their costs with the help of

## BURROUGHS

### Cost-Keeping Machines

To give you this book is a service to you.

No matter how much you know about cost-keeping you'll find help and suggestion here from the experience of the thousands of concerns who have helped us to write this book.

We know that business will be safer

and saner when more business men know their costs. We know that we can show men of hard business sense that the way to handle cost figures and other accounting is by machine, and that the Burroughs Bookkeeping Machines are saving thousands of men much time and work and worry—and money.

### Burroughs Motto is Service

Maybe you know that we publish and give free, a 192-page book called "A Better Days' Work" just to tell how 110,000 users are handling their bookkeeping work in the quickest and easiest way.

So many business men have asked us for the book, we have had to print four editions, 135,000 in all.

And now "Cost-Keeping Short Cuts" will go to you, if you ask for it, without a cent and with no obligation at all.

If you want to go further and test in your own office what a Burroughs can do for you in your work, that

test will cost you nothing, too. If you say at the end of a month that you don't need it we will take it away without a murmur.

But anyway send for "Cost-Keeping Short Cuts" and when you write for it, if there is some particular problem in cost or bookkeeping that specially interests you tell us about it, we may be able to show you how some other concern has solved just that problem. This is all a part of our Burroughs service—there is not the least obligation or expense to you. It costs us \$300,000 a year and pays both of us.
