

COMPANY B WANTS ARMORY

Ashland City Council and County Court Will Be Asked to Help Secure It for Them—Action Is Taken.

ASHLAND, Jan. 19.—Company B's effort at landing an armory for Ashland has reached another important step. Monday evening Capt. H. L. Knapp of the headquarters staff addressed members of the company and citizens of Ashland at the local barracks during which considerable information was brought out. The annual appropriation has been consumed but the present session of the legislature will renew it again. The state pays half the cost of the armory and after that maintains it and will pay any street paving or other assessments. It will give free use of armory for distinctly public gatherings, and will exact a nominal rental for other purposes.

The building just completed at Albany can be duplicated at Ashland for \$30,000. At Albany the city paid one-fourth, and the county one-fourth. It seats 2500 people, in accordance with scientific regulations for safety.

After discussion, two committees were appointed to meet with the council. The committees made a report to the council last night asking the council for an appropriation of \$7500. They will ask the county court for an equal amount. It was referred to a committee.

EMPORIUM IS SOLD TO BROKERAGE FIRM

O. E. Tackstrom has sold the Emporium to the Southern Oregon Brokerage company. Mr. Tackstrom has been trying to sell for some time in order that he could leave for Alaska by the first boat leaving Seattle. The stock of the Emporium was sold for 62 cents on the dollar, and will be put on sale immediately at prices that will be lower than the cost of raw materials. The stock was bought for a speculation and the buyers expect to clean it up in double quick time.

Mr. Tackstrom states that he regrets leaving Medford, but says that he feels that his interests are in the north and that he must get away and take care of his interests in Alaska as soon as possible. A better price might have been secured for the Emporium stock but he thought that he would rather sell now than to wait for a better price.

Mr. Tackstrom will be about town for a week or ten days settling up his affairs before leaving for the north.

He stated that he felt sure that the brokers would make most astonishing prices in order to close up the business on short time.

ITALIAN BARBERS REAP HARVEST OF QUEUES

CHICAGO, Jan. 19.—Italian barber shops of South Clark street are getting the benefit of the decision of the Chinaman to part with his queue. There are no Chinese barbers in the South Clark street district, and Italians have had notices written in Chinese posted in their windows announcing that they are ready for all the queue trade that comes their way.

The Chinese have fallen in with this suggestion and the trade is going to Italian barber shops.

The reason the Italians are so anxious to get this business is that there is a double profit in it, for they not only get paid for their hair cutting, but get the queues besides, and queues are a remarkable commodity.

NO ONE WILL BUY A MAN: SALE AD BEINGS NO BID

WOOSTER, Ohio, Jan. 19.—Stanley Power, an architect of this city, who inserted an advertisement in a Chicago paper offering himself for sale to the woman who would pay the highest price to marry him, says he inserted the advertisement expecting to get some fun and amusement. He said he had not yet received any offer.

Power is a grass widower. Five years ago he wedded a young woman of Detroit, but he says the union was not a happy one and they separated after living together six months.

Robbers Clean Out Bank.

WHEELING, W. Va., Jan. 19.—The First National bank of Elm Grove, a suburb of Wheeling, was robbed of every dollar in cash, between \$3000 and \$4000 being taken by the robbers.

HUME LEAVES; EFFORTS FAIL

Members of Rogue River Fish Protective Association Refuses, for the Most Part, to Consent to Any Modification in the Bill.

Herbert Hume and Ivan Humason, representing the Hume estate, owners of the cannery and land at the mouth of the Rogue, returned Wednesday evening to Salem, after a vain effort to secure the co-operation of the Rogue River Fish Protection association in the effort to be made in the legislature to modify the initiative law closing the Rogue to commercial fishing.

A few of the members of the association agreed to remain passive on account of the injustice done by destroying a large commercial industry, in case steelhead fishing was prohibited, but by far the largest number refused to consent to any modification, holding that the fishermen had brought it on themselves by years and refusing consideration to anglers, and that any attempt to modify the expressed will of the people of Oregon would only lead to complications.

Nevertheless the Curry county delegation will introduce a bill in the legislature permitting salmon fishing from April to November, which they claim protects the steelhead whose main runs at the mouth of the river are during the months of November, December and January, and a strenuous effort will be made to pass it.

SENATORS DISSATISFIED WITH PLAN OF ALDRICH

WASHINGTON, Jan. 19.—Many senators today expressed themselves as dissatisfied with the Aldrich currency bill. The scheme is not in the public interest and would create a bankers' trust, they said. The old guard, as a whole endorse the scheme. The monetary commission has made no arrangements to give the plan formal consideration with the view of presenting a report upon it to congress. Its members declare they wish to have the plan circulated through the country so that a variety of opinions may be evoked before definite action is taken by their body.

BAD DREAMS

Nightmare, Restlessness and Night-sweats all Caused by Indigestion

Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment guaranteed by Chas. Strang.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritates the pneumogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great pneumogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know how.

If you are nervous, have dreams or nightmare, and do not sleep sound at night, get a 50 cent box of MIO-NA stomach tablets and take one or two after or with meals. MIO-NA stomach tablets relieve distressed stomach in 5 minutes. Sold by Chas. Strang, and druggists everywhere, who guarantee MIO-NA to cure indigestion or money back.

CLUB WILL SOON OWN BUILDING

Real Estate Men and Business Firms Raise \$2000 Which Is to Be Paid to Mr. Olwell Who Has Maintained Exhibit in the Past.

Medford Commercial club at its regular meeting Wednesday evening, voted to accept and maintain the exhibit building, provided it was presented free of cost to the club, and a committee, composed of F. Osenbrage, F. V. Medyaski and F. J. Newman was appointed to conclude the transfer.

S. A. Nye reported that he had raised \$2000 among real estate and business firms for the purchase of the structure from John D. Olwell, who had consented to take this price in order to end the controversy and promote harmony in Medford.

A copy of the resolution adopted censuring the Portland Chamber of Commerce for butting into and trying to head off Medford's suit for lower freight rates, was ordered sent to each member of the railroad commission and to the Portland Commercial club.

Prof. H. M. Parks of the Oregon agricultural college and L. D. Mahone, editor of the Oregon Mining Journal, made talks on mining and its revival in Oregon, told of the work being done in this connection by the agricultural college and by the American Mining congress, and urged local co-operation in efforts underway to open up mines in southern Oregon.

A committee composed of Messrs. Branson, Newman and Lorimer was appointed to draft resolutions declaring this club was in favor of state conservation of resources, rather than national, and approving the leasing bills pending in congress as inimical to the industry.

Soothing Potion Kills Two.

NEW YORK, Jan. 19.—The twin babies of Mrs. Raphael Etasse, of Italian, went to sleep sucking at milk bottles in which poppy seed had been placed as a soothing potion. Both died within a few hours and autopsies will be held to determine the cause of death. Mrs. Etasse told the police that the use of poppy seed for this purpose was customary among Italian mothers and that she could ascribe no cause for the death of her babies. A portion of the seed used has been turned over to the board of health for analysis.

Eagle Point Eaglets

—By—
A. C. Howlett.

C. Farrar, the man who bought the Lamb place on the North fork of Little Butte creek, came out on the car Sunday and Monday, procured a horse here and went up and back. He is at present a resident of Seattle, Wash.

W. J. Raymond of the Raymond Shoe company, Stockton, Calif., spent the day with us Monday, interviewing our merchants and viewing our country. He was accompanied by W. W. Spengler of the Hardyman Hat company of Seattle, Wash. They took the entire day looking over the land and asked a great many questions.

Marian Adair of Trail creek, who has been to Roseburg to prove up on his homestead, came out Monday expecting to take the stage Tuesday morning for his home, but found that the stage does not leave here only on Mondays, Wednesdays and Fridays. So he stopped with us at the Sunnyside taking the stage Wednesday morning.

Israel Patten, Frank Neiberland, George Smith, Miss Beck and Mr. Mills, all of Butte Falls, came out Monday and the most of them took the car for Medford the same afternoon.

Mr. Lottie Van Scoy, daughter of the late Hon. George Brown, was visiting Mrs. E. L. Wolfer last Monday.

There is a great deal of travel on the road. Monday morning there were four passengers on the Trail stage and two more are booked for the same stage tomorrow, Wednesday morning, and there is a constant call for rigs to go to all parts of the country. Lud Edsall's team took two men, civil engineers, up to the Mike Hanley ranch Tuesday morning and two more hired saddle horses here the same time and parties are here now waiting for horses to go to Darby.

The men who have been engaged planting trees have had to lay off for a few days on account of the snow, but tonight, Tuesday, it is raining and the snow will soon be gone and then work will be resumed.

The tank gang put up the tank today and at night succeeded in putting off one hoop, but there is danger of the wind tonight blowing the whole thing down as it is 24 feet in diameter and 46 feet high and with only one hand if the wind blows as strong as it sometimes does it will likely go down.

Charley Cingaid who, with Ray Ashpole, is running a billiard and confectionery establishment, has been in the hills near Soda Springs in Little Butte for the past few days gathering cattle.

Mr. Deter, one of our business

men, has been away for several days and when asked where he had been replied that he had been out canvassing for a patent ironing board, dehorning cattle and selling phonographs, rather a novel combination.

Samuel Brice, who is in the employ of the S. P. R. C. Co. crusing timber, came out from his home near Dudley Monday on the Butte Falls stage, and so did Mr. Barber of Seattle come out at the same time.

C. M. Grimes and wife, who have been visiting her relatives for the past two weeks, returned to their home Monday in Linn county.

Louis Ault of Klamath Falls came out on the car Tuesday and tried to get conveyance to the place near Darby, but could not procure one as all of the rigs and saddle horses were in use.

E. S. Purvey, a civil engineer who has been assisting in laying off some of the lots in the new part of our town, is a guest at the Sunnyside at present.

Benjamin Edmouson, one of our leading stockmen, came out Tuesday from his home near Butte Falls, he reports that the snow commenced to thaw Monday and Tuesday. When he left there it was about 16 inches but was going off very fast.

George Wiley of Ashland, a man who was mostly raised in this neighborhood, came up from his home Tuesday to visit some of his old time friends and neighbors, of whom he has a great many here.

The Death of THE OWNER
Enables us to offer what we honestly believe is the best bargain in a producing orchard in the valley. There are 35 acres in the tract and it is only a mile from a shipping station.
There are about 11 acres in apples, Ben Davis, Winesaps, Spitzenbergs, Newtowns. Trees are about 20 years old. They are in good condition and produce heavily.
There are also about 12 acres in standard varieties of peaches, in full bearing. About 8000 crates of peaches were shipped from this orchard last year.
There are also 8 acres planted to Newtown apples, which were three years old this winter.
The balance of the land is cleared and was in grain last year.
The buildings consist of a house, barn and packing house.
We think a reasonable estimate of the crop on this place this coming year would be 3000 to 4000 boxes of apples and 6000 to 8000 crates of peaches.
A team of horses and a full equipment of machinery goes with the place.
The price is \$15,000, a trifle more than \$400 an acre. The terms asked are half cash, balance easy. If you cannot meet these terms as to the cash required, make us an offer.

W. T. York & Co.
