### POISONER GETS TWO MORE DOGS

Meat Found Besides Two Dead Animals Shows Traces of Struchnine—Both Were Valuable—Victims Now Almost Thirty.

Two more valuable dogs fell victims Friday night to the unknown fiend who has strewn struchnine-coated pieces of meat about the residential portion of the city. Both dogs were found dead Saturday morning on North Holly street and lying beside one of them was a half consumed piece of meat which upon investigation, was found to be permeated with the poison.

The two dogs belonged, one to W. C. Brown, who paid \$50 for the animal not three months ago, and the other to J. R. Littlefield. The latter valued his dog at \$25.

### DRAPERY EXPERT IS LOCATED IN MEDFORD

Most every woman loves pretty draperies in the home and more women would have them did they but know where to procure them and be sure that they would get what they wanted. In a small town most women imagine that they have to go to a city in order to get the right materials and get them put up in the right way. Even in a place the size of Medford a great many women believe that they would have to go to the city in order to get the proper draperies, lace curtains and fixtures and that they would have to get a man from one of the large city stores to come here and put them up.

Medford has outgrown all such as that. A little over a year ago one of the Portland houses sent a man here and he did a lot of work in the Medford homes and did it well. That same man has located in Medford and is now connected with the Weeks & McGowan Co., and is being kept busy supplying the trade.

Weeks & McGowan have installed the finest line of drapery goods, curtaining, etc., and carry a very complete line of lace curtains and everything in fixtures. You will hardly find a more complete assortment in the larger cities than you will find at this store. Our man will cut and make anything you call for and do it in the very best workman-like manner and according to the very latest styles.

If you are in the market for draperies of anykind we invite you to call here and see the wonderful stock we carry. You can get right here in Medford anything that you can get in Portland and get it at once and possibly save money and be as well pleased as you would be had you sent away. Call and see us and let us talk the matter over. Weeks & McGowan Co.

### JACK PUTS UP \$10,000 FORFEIT

Colored Heavyweight Says He Will Put a Stopper On Hot Air On Part of Al Kaufman and His Manager In Regard to Fight.

PITTSBURG, Pa., Jan. 21.—"I'll put a stopper on some of this hot air," said Jack Johnson, heavyweight champion, here today after posting \$10,000 and announcing that he was ready to meet Al Kaufman within four weeks.

"This \$10,000 goes not only as a forfeit," said the big smoke, "but as a side bet for the scrap. If Kaufman waches, and he will, the money will remain as a 2 to 1 bet for George Cotton to cover with the condition that if I don't knock him out in 10 rounds he gets the dough."

### HERE'S A GOOD BUY FOR SOMEONE

That's what we said. The best, bar none. When a man wants an orchard, he wants one which will have a good crop every year. One that won't keep him awake nights in the spring, when the frost king visits the low ground. One where water is available to permit a full crop to remain on the trees without fear of small fruit in a dry season. Well, this "best buy" embodies all these good features; and then it is within a mile of fine shipping station, reducing the expense of marketing a big crop to the minimum. Then again, it is producing enough alfalfa hay, irrigated alfalfa, to run the place and support the hogs, chickens and cow in luxury. Here's the layout: Ten acres of bearing Newtown apples just beginning to bear, with pear tree fillers among them; seven acres of Bartlett and Anjou pears one year old; ten acres in alfalfa which produced thirty tons last year; ten acres more which can be placed in condition, with prompt action, for setting to fruit this spring; a magnificent building site with good hay barn already built. Where can you match these good qualities? Forty acres of the best land in Oregon.

The price is only \$18,000; \$7000 cash; good terms on balance. From this tract a rock can be thrown onto land held at \$2000 per acre, and worth it. It is wonderful berry land, wonderful truck land—\$800 worth of tomatoes from three acres alongside this was made last year—and wonderful fruit land. These qualities, with water enough to irrigate fruit and alfalfa for all time to come, and a view of the valley from the homestead that is unequalled, fit this for a rich man's home in the best valley on earth. Selling this is a rush case, owing to a big deal that one of the owners has on. Lose no time in seeing the Rogue River Land company, No. 11, North Central avenue about it.

### Pure White Flour

Is the best hard wheat flour we ever saw. There are other brands that sell for more, but we know that none is better for general family use. We know this from experience, and hundreds of women know it from experience.

If you have ever used Pure White Flour you are still using it, no doubt. If you haven't tried it you should try a sack. If you don't like it we will treat. We feel as sure that you will be pleased as we feel sure that we are in business.

### The Death of THE OWNER

Enables us to offer what we honestly believe is the best bargain in a producing orchard in the valley. There are 35 acres in the tract and it is only a mile from a shipping station.

There are about 11 acres in apples, Ben Davis, Winesaps, Spitzenbergs, Newtowns. Trees are about 20 years old. They are in good condition and produce heavily.

There are also about 12 acres in standard varieties of peaches, in full bearing. About 8000 crates of peaches were shipped from this orchard last year.

There are also 8 acres planted to Newtown apples, which were three years old this winter.

The balance of the land is cleared and was in grain last year.

The buildings consist of a house, barn and packing house.

We think a reasonable estimate of the crop on this place this coming year would be 3000 to 4000 boxes of apples and 6000 to 8000 crates of peaches.

A team of horses and a full equipment of machinery goes with the place.

The price is \$15,000, a trifle more than \$400 an acre. The terms asked are half cash, balance easy. If you cannot meet these terms as to the cash required, make us an offer.
