

PREPARING FOR SPRING FROSTS

Orchardmen and Professor P. J. O'Gara Are Already Mapping Out a Systematic Campaign to Head Off Inroads by Jack Frost.

Although it will be the first of April before any frost in the Rogue River valley will be able to do any damage to the fruit crop, orchardmen and Professor P. J. O'Gara are already laying their campaign plans by which Jack Frost will be routed and put to flight.

Apples and pears cannot be grown in a frostless belt. Rogue river growers recognizing this fact have by a little scientific study solved the problem and have minimized the loss, so that frost is taken with a mere shrug of the shoulders.

SAYS MRS. KLEIN IS A REPTILE

Mrs. Schenk's Attorney Compares Nurse to a Judas and Calls Her "An Abominable Little Spy"—Pleads for Prisoner's Acquittal.

WHEELING, W. Va., Jan. 24.—While Mrs. Laura Farnsworth Schenk sobbed in the prisoner's box today, Frank O'Brien pleaded for her acquittal on the charge of having attempted to poison her rich husband, John Schenk with lead and arsenic.

O'Brien particularly attacked the testimony given against Mrs. Schenk by Mrs. Klein, the detective nurse, who admitted that she had wormed her way into Mrs. Schenk's confidence while at the same time she was laying traps for the millionaire packer's wife.

TEDDY SAID TO FAVOR LEAGUE

Roosevelt Is Not Connected With Movement but Is Said to Be Highly In Favor of It—Insurgency Bound to Sweep Country.

NEW YORK, Jan. 24.—Ideas expressed in many quarters that former President Roosevelt will strongly favor the new progressive organization find partial confirmation in a speech made here today by Representative Miles Poindexter at Washington at the first dinner of the Insurgents' club.

"So far as I know," said Poindexter, addressing the club last night, "Roosevelt is not connected with the league movement. But the league will need leaders, and if Roosevelt comes to our support why not accept his leadership?"

IS NEW LEAGUE TO FIGHT TAFT?

That Is Question by Politicians—Leaders of Movement Say It Is In No Sense the Formation of a Third Party.

WASHINGTON, D. C., Jan. 24.—Whether the National Progressive Republican league was organized to fight Taft or means a third party in 1912 is the question being discussed here today by politicians, to whom the new organization is still a sensation.

The leaders of the new movement deny that either is the case.

"The formation of the National Progressive Republican league is in no sense a movement to organize a third party," said Senator Bristow of Kansas. "It is designed merely to further progressive legislation. Its members favor the legislation outlined in its organization and intend to seek its enactment. We believe that the country's welfare requires that the responsibilities be placed more directly upon the people."

Senator Dixon of Montana said: "The object of the league is to get closer to popular government; that's all. The reports that a political scheme is back of its organization are untrue."

Asked if the league were organized for the purpose of defeating Taft's re-nomination in 1912, Congressman Norria of Nebraska said: "If the people want Taft the league's organization will help him. If the people don't want Taft, it will injure him."

TALENT TO HAVE FINE NEW SCHOOL

Plans Will Be Most Elaborate and Building Will Be Built With Eye for Future.

"When Talent's new schoolhouse is completed," states H. C. Ingalls of that place, "we will have a 'knowledge box' which will equal any like building in southern Oregon, and will far surpass any building now standing in any place of twice the district's population. The building is to be erected with an eye to the future and the plans being prepared are most elaborate. It will cost \$25,000."

"The choice of site is indeed a happy one. Five acres have been purchased which will give the youngsters plenty of room for their outdoor sports."

Work will be started this spring and the building will be ready for occupancy by the beginning of the coming term."

'Time's Flight Turned Backward' SAGE AND SULPHUR Made Her Look Twenty Years Younger

READ MRS. HERRICK'S SWORN STATEMENT

STATE OF NEW YORK
COUNTY OF MORRIS
ROCHESTER, N. Y.
Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Sworn to before me this 14th day of July, 1908.

FOR SALE AND RECOMMENDED BY Leon B. Haskins, Medford, Ore.

The Death of THE OWNER

Enables us to offer what we honestly believe is the best bargain in a producing orchard in the valley. There are 35 acres in the tract and it is only a mile from a shipping station.

There are about 11 acres in apples, Ben Davis, Winesaps, Spitzenbergs, Newtowns. Trees are about 20 years old. They are in good condition and produce heavily.

There are also about 12 acres in standard varieties of peaches, in full bearing. About 8000 crates of peaches were shipped from this orchard last year.

There are also 8 acres planted to Newtown apples, which were three years old this winter.

The balance of the land is cleared and was in grain last year.

The buildings consist of a house, barn and packing house.

We think a reasonable estimate of the crop on this place this coming year would be 3000 to 4000 boxes of apples and 6000 to 8000 crates of peaches.

A team of horses and a full equipment of machinery goes with the place.

The price is \$15,000, a trifle more than \$400 an acre. The terms asked are half cash, balance easy. If you cannot meet these terms as to the cash required, make us an offer.
