

"Nature's Gift from the Sunny South"

Cottolene

Shortens your food—Lengthens your life

The source and making of Cottolene insure its purity. From the white, tufty tops of The Sunny South-land's cotton the seed is removed, the oil extracted and refined by our exclusive process. From Cottonfield to Kitchen—human hands never touch the oil from which Cottolene is made.

Compare the source of Cottolene with the source of lard, and draw your own conclusions as to the comparative cleanliness, purity, and healthfulness of the two products.

ORR IS DROPPED FROM CITY POLICE

Mayor Canon Revokes Special Officer's Appointment of Officer Frank Orr Following Allegations of Insubordination—Relieved of "Tools"

Mayor W. H. Canon Friday relieved Frank Orr, a special officer holding a temporary appointment on the local police force, of his star and "tools." The dismissal was made as the result of allegations to the effect that Orr had been found asleep in an intoxicated condition in the rear room of the Bass and Hale saloon on South Front street at a late hour Thursday night. He was discovered by Officer Harry Snider who, failing in an attempt to wake him up, relieved him of his gun and star. Snider deposited the gun with the night clerk of the Nash Hotel and, taking the star to Mayor Canon's home, turned it over to him. Orr was called before the Mayor this morning and dismissed from the force.

EX-CHIEF AFTER HIS OLD JOB

Friends of Shearer Said to Be Circulating Petition for Reinstatement of Their Favorite—Nothing Has Reached Mayor Yet.

Taking their cue from the biblical quotation which advocates the usage of "Old Skins" where "Old wine" are to be accumulated, friends of former Chief of Police H. G. Shearer are said to have started a petition about the city asking for the reinstatement of their favorite a chief.

Labored under a delusion advanced that the only necessary qualification for the office of chief of the city's police force is the ability to carry an unlimited amount of liquid ballast without having to resort to cotton wadding in the ears to stem an overflow, the friends of the former chief point out the fact that a recent wearer of a city police star succumbed to over indulgence in the cup that cheers, and that this is one of the counts on which Shearer is clear. No appointment has yet been made to fill the vacancy created by the retirement of Shearer, no petition has as yet reached Mayor Canon either for the reinstatement of Shearer or the elevation of any other aspiring citizen to the post; and until such time as the mayor, whose province it is to choose the chief of the force, to finish out a pick it is doubtful if any petition, regardless of whose favor gotten up, will cause any action.

WASHINGTON, D. O'GARA PROMISES MORE RAIN YET

Medford is destined to suffer another rainstorm, if the weather forecast received by Prof. P. J. O'Gara from District Forecaster E. A. eBals of the Portland Weather Bureau comes true. The fall for this season now aggregates almost twenty miles, and it promises to go still higher. However, optimism still saves the day, and although somewhat peeved at the muddy condition of the streets in general, local orchardists find their "silver lining" in the fact that all

Why Do the World's Greatest Artists Make Records only for the VICTOR? Because they realize that the Victor is the only instrument that does full justice to their magnificent voices. They want every part of every selection to be as sweet and natural when they sing in your home as when they sing on the grand opera stage—and this can be accomplished only on the Victor. Their voices on the Victor are the standard by which they wish to be judged. A few of the greatest artists who make records for the Victor only are Caruso, Melba, Schuman-Heink, Tetrassini, Sembrich, Calve, Gadschi, Eames, Homer, Farrar, Journet, Powell and others. Hearing is believing, Come in and hear these famous artists sing their greatest arias. WHETSEL MUSIC CO. 184 West Main St. Corner Grape. With Sherman Clay Co.
