MORE BRIBERY FOUND IN SAN FRANCISCO

SAN FRANCISCO, Cal., Feb. 4.—Chief of Police Seymour is going to clean out the police department. This was the work coming from headquarters today as a result of revelations of wholesale bribery among tenderloin police, unearthed last night by Captain Duke of the central police station.

Seymour has in his possession today the cash book of the Saratoga Club, where Gustav Postler met his death last Friday, and which shows, it is alleged, that the club officials paid protection money to a number of policemen.

"I am astounded," said Seymour today, "and I am going to the bottom of this affair. If I can secure the necessary evidence the 'higher ups' as well as the 'low downs' are going to suffer. The police department needs a thorough renewing and I am going to see that it gets it."

MONEY ASSURED FOR KLAMATH PROJECT

WASHINGTON, Feb. 4.—Frank Ira White, representing the chamber of commerce; Abel A. J. president of the Water Users association, and Howard F. Shepherd, all of Klamath announced today that they had received assurances from the interior department that it would provide money to carry on the construction

of the Klamath irrigation project and hurry it to completion. The assignment of irrigation funds here had been made tentatively, with leeway for the discovery of necessities providing for further appropriations.

The efforts of the Klamath representatives here were in apprehension of danger that all available funds for four years to come would be finally assigned and that the Klamath project might practically be dormant when the \$600,000 assigned by the board of army engineers had been used.

Why

Do the World's Greatest Artists

Make Records only for the VICTOR?

Because they realize that the Victor is the only instrument that does full justice to their magnificent voices. They want every part of every selection to be as sweet and natural when they sing in your home as when they sing on the grand opera stage—and this can be accomplished only on the Victor.

Their voices on the Victor are the standard by which they wish to be judged. A few of the greatest artists who make records for the Victor only are Caruso, Melba, Schuman-Heink, Tetrazzini, Sennrich, Calve, Gadski, Eames, Homer, Farrar, Journet, Powell and others. Hearing is believing. Come in and hear these famous artists sing their greatest arias.
