

MANY TRIBUTES PAID CAPTAIN M.F. EGGLESTON

House Dispenses With Morning Session, Taking an Adjournment Until 2 o'Clock—Many Speakers Testify to Worth of Jackson County Man.

WESTERLUND SPEAKS OF HIS DEAD COLLEAGUE

Bill Introduced Which Will Hit Lodging Houses Hard—New Capitol Building is Moved.

Resolutions of Respect.

"Whereas, God in his wisdom has seen fit to remove, by death in this city, from our midst one of our most esteemed members, Captain M. F. Eggleston, representative from Jackson county; and

"Whereas, we recognize in his removal from our deliberations, this house and state of Oregon have sustained an irreparable loss in being deprived of his kindly and courteous companionship, and wise, helpful and valuable counsel; therefore, be it

"Resolved, by the house of representatives of the state of Oregon, that we hereby publicly express our heartfelt sympathy with the family and relatives of our late brother in this, their great affliction, and the sorrow of every member of this house over the loss, which we severally and collectively sustain;

"That we set aside the present time for proceedings in honor of his memory, after which the house shall stand adjourned in his honor until 2 o'clock this afternoon;

"That these resolutions be spread upon the journal of the house, and a copy thereof and of the journal entries of the proceedings held pursuant thereto, be forwarded to the family of Mr. Eggleston."

SALEM, Ore., Feb. 6.—Out of respect to the memory of Representative Eggleston of Jackson County who died here Saturday, the house dispensed with the morning session taking an adjournment until 2 o'clock this afternoon.

After adjourning, Representative Buchanan of Douglas and Jackson paid an eloquent tribute to the private and public career of the departed legislator. He spoke with much feeling of the untimely end of Mr. Eggleston who served his country as a soldier and civil official, and was taken off suddenly while serving at his post of duty. Mr. Buchanan was followed by Representatives Eaton, McKinney, Hollis and Westerlund, all of whom were personal friends of the dead representative.

Representative Westerlund in speaking of Mr. Eggleston said: "The flag flying at half mast on the capitol building on Saturday last announced that the state of Oregon had lost one of her most patriotic citizens through the death of Hon. M. F. Eggleston, representative for Jackson county, who expired that same morning, after a short but painful illness.

The county of Jackson feels the loss most keenly. Captain Eggleston was one of a type of men who was willing to sacrifice personal interest in order to serve his state, a fact which was clearly demonstrated during his recent illness. As his colleague, occupying a seat near his desk in the house, I had abundant opportunities to notice his very many good qualities. On January 25th he became so weak that he felt constrained to ask to be excused and go to his home at Ashland, feeling that a few days of rest might restore his health and enable him to return and take up his duties in the house of representatives. He enjoyed a few days of rest at his home in Ashland and the following Sunday, feeling

SAN FRANCISCO, Cal., Feb. 6.—An attempt by Attorney General U. S. Webb to induce the state supreme court to receive its recent decision giving Abe Ruef a new trial failed here today. Webb had asked immediate consideration of his motion, but the matter was put over for two weeks.

1,000,000 BEERS IS REPRESENTED BY TROUSSEAU

Miss Gould's Wedding Dress is a Heavy White Duchesse Satin Semi-Empress Style.

NEW YORK, Feb. 6.—Fifty thousand dollars was spent for the trousseau of Miss Helen Vivian Gould, who tomorrow becomes Lady Decies. Expert figures today from the Child Welfare society say this amount would save the lives of 500 poor East Side children or would prevent 1500 coolies in the Chinese famine districts from starving, or would buy 1,000,000 loaves of bread, or 1,000,000 schooners of beef. Modistes and tailors of London and Paris supplied the fineries. The wedding gown is a heavy white duchesse satin, semi-empress style and heavily embroidered with silver roses. A low collar of real lace and a real lace veil go with it.

WORST STORM OF SEASON IN EAST

Snow and Sleet Sweep Country From Rockies to Buffalo—All Telegraph and Railroad Lines Suffer Great Damage.

CHICAGO, Ill., Feb. 6.—In one of the worst storms of the winter, snow and sleet is sweeping the country today from the Rockies as far as Buffalo, blocking all railway traffic in the North and Middle West and causing great property loss. The telegraph and telephone systems throughout all that region are demoralized and few messages are being sent through. Between six and twelve inches of snow and sleet, covers Nebraska and howling winds are piling the snow into huge heaps.

In Chicago more than 8 inches of snow had fallen at daybreak and traffic in elevated and suburban lines was entirely blocked.

FOREIGN LORD COPS AMERICAN COIN TUESDAY

Attendants Who Will Attend Marriage Ceremony When Miss Gould Becomes Wife of Lord Decies Are put Through Rehearsal.

LITTLE ENTHUSIASM AMONG SOCIAL-ELECT

List of Presents Falls Far Below Former Marriage—Diamond Scarf Pins for Ushers.

NEW YORK, Feb. 6.—Attendants who will aid in the ceremony tomorrow when Helen Vivian Gould is married to Lord Decies today had a full dress rehearsal, more than a score of persons being present and all aiding vigorously in the instruction. Marcus and Grahame Beresford, the nephews of Lord Decies, were put through a course of sprouts calculated to qualify them to handle the twenty foot train of the bride without causing a mix-up. All night tonight the florists will fill the church arranging the \$10,000 worth of flowers, which tomorrow will grace the ceremony. Preceding the wedding tomorrow Miss Gould, at a luncheon to her bridesmaids, will present each with a gold vanity box. Lord Decies will present his best man and ushers with a crown shaped diamond scarfpin.

The enthusiasm of the social elect here today over the alliance with Lord Decies fails to come up to that shown when Marjorie Gould married Anthony Drexel, the presents to the future Lady Decies falling far below those presented to the Philadelphia's bride.

CRISIS SOON ON MEXICAN LINE

Insurgents Have Been Stirring Up Indians—Situation Becomes More Critical for Government—Troops are More Active.

HUACHUCA, Ariz., Feb. 6.—The crisis in American activities on the border is expected this week, according to Diaz government officials and rebels leaders today. The insurgents have been stirring up the Indians in the vicinity of Tochimilco it is rumored and the Mexican government fears a Yaquir revolt. The state of Sinaloa is restless and the situation there is said to be menacing to the government.

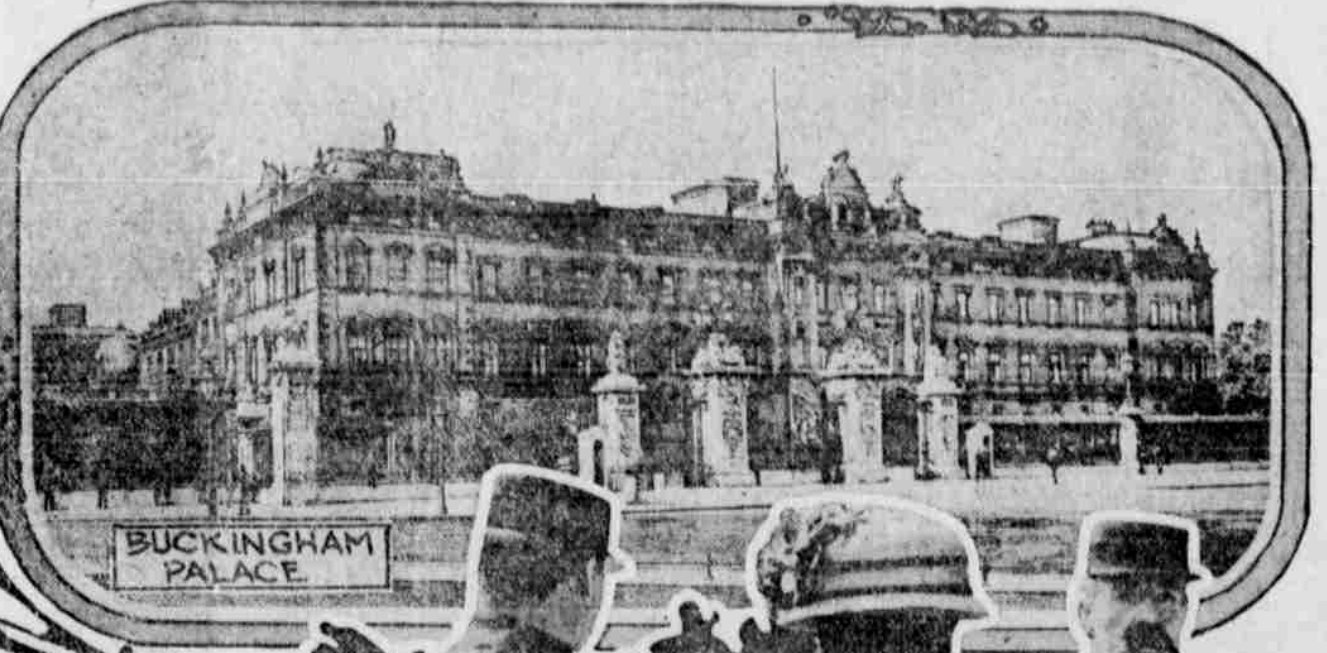

Following a complaint by Governor Torres of Chihuahua, the United States troops patrolling the border took renewed precautions to prevent the smuggling of arms today.

WEST VETO GUARD TO HOMESTEADERS

Governor Balks Bill to Make Land Subject to Mechanic's Lien—Says Law Would Destroy Homestead Act.

SALEM, Ore., Feb. 6.—Governor Oswald West sent his first vetoed bill to the legislative assembly today. Senate bill No. 37 making homesteads liable to judgment for liens filed against them for labor and material was Saturday vetoed by the governor. The bill was introduced in the upper house of the legislature by Senator Nottingham of Multnomah county. The governor takes the position that to make homesteads liable for such judgments practically destroys the efficiency of the homestead act.

Suffragettes Threaten to Spoil the Coronation Of King George if Women Are Not Given Ballot.

England's militant suffragettes have taken a more advanced stand than ever before by announcing through their leader, Mrs. Emmeline Pankhurst, that the coronation of King George may be spoiled by a demonstration if women are not given the ballot before that time.

FEDERALS STILL CONTROL JUAREZ

Reinforcements Arrive in Time to Save City From Rebels—Mexican Curse "Manana" Has Severely Hurt Cause.

EL PASO, Tex., Feb. 6.—Reinforced by the advent of 300 infantry and cavalry under the command of General Robago, the Mexican federals today were in control of Juarez with small probability that General Orozco will make any assault at present.

The insurrection leader is reported to be awaiting the arrival of reinforcements under General Blanco, planning that the united force then will have sufficient strength to engage the troops of General Navarro, who with 700 federals is en route from Chihuahua to reinforce the Juarez contingent. The general opinion here is that eternal Mexican policy of "manana" has cost Orozco the opportunity of his career and that the siege of Juarez is likely soon to be raised, perhaps permanently.

Robago's escape from the insurgents, who thought they had him bottled up on the Mexican Central railway, is said to have been due to a stroke of luck. Surrounded near Baucha, Robago's escape was supposed to be locked by a dynamited bridge, but the explosive failed to go off, and the federal command with machine guns and rifles, fought their way along the line of railway into Juarez.

During the running fight the rebels attacked time and again, but were beaten back, though with small reported loss. The rebels declare they captured much needed ammunition and equipment from the fleeing federals. What the loss of the govern-

PACIFIC COAST WANTS HEARING

Lumbermen Must Appear Before Thursday to Talk Reciprocity According to Announcement of Senator Payne.

WASHINGTON, D. C., Feb. 6.—Chairman Payne of the ways and means committee of the house of representatives announced today that hearings before the committee regarding the Canadian reciprocity agreement would close next Thursday at 5 p. m. The hearings will be limited.

A hearing for Pacific coast lumber manufacturers upon the Canadian reciprocity agreement was asked of the house ways and means committee today by Edward Hines of Chicago, president of the National Association of Lumber Manufacturers. Mr. Hines practically admitted that he personally would not oppose the agreement if American lumber interests could be allowed free logs from Canada. He said the treaty proposed to make lumber, not trees, free.

"Lumbermen want the same privileges that is given the wood-pulp manufacturers," said Mr. Hines. "Pulp logs are made free by the treaty."

North of Minnesota, he said, there is the largest body of white pine left in North America, but under present conditions it must be manufactured on the Canadian side. Representative Champ Clark asked Mr. Hines whether lumber had not actually gone up after the reduction made in the last tariff bill. Mr. Hines answered that lumber, from the manufacturers' standpoint, had been going steadily down.

OKLAHOMA AFTER STANDARD OIL

Believed That State Will Dominate Both Industries Before End of Two Years—Measures Are Sure to Carry.

OKLAHOMA CITY, Okla., Feb. 6.—Onslaught on both the railroads and the pipeline system of the Standard Oil company in Oklahoma, it is predicted here today, certainly will result in state domination of both industries within the next two years.

Amendment to the state constitution to permit the authorizing of a special state election to vote on a \$15,000,000 bond issue to finance the propositions is now before the legislature and a positive decision is looked for within a few days.

All indications are that the amendment will carry, as petitions and letters from all parts of the state are pouring in on the legislators urging quick action.

It is proposed to construct a state railway from northeast to southwest clear across the state and to build the pipeline from Kansas to Texas, where connections could easily be made with desirable markets.

SACRAMENTO, Cal., Feb. 6.—A law similar to the federal statute prohibiting railroad companies from working engineers, firemen, conductors and brakemen more than 14 hours was introduced in the California legislature today by Assemblyman Williams, a former railroad man. The federal statute is being obeyed, but it applies only on interstate lines.

The state law proposed will make it mandatory that all railroads use the same care of their men.

GUARDS KILL INSANE MAN IN STATE ASYLUM

Was Kicked in the Stomach During Melee and Death Follows—Coroners Jury Has Not Yet Fixed Blame—Investigating Under Way.

LEFT LYING ON FLOOR; WHEN FOUND AS DEAD

Autopsy Shows He Died of Hemorrhage of Stomach—Was Badly Choked.

SALEM, Ore., Feb. 6.—Hans Hansen, 25, a patient at the State Asylum for the Insane, was killed Saturday morning while resisting employees. The inquest was held today.

Attendant Ackerman testified that he was asked for a pencil by Hansen. The attendant said the patient looked vicious, Ackerman called Attendant Harrington, according to his testimony, at the same time unlocking the door to the room and telling Hansen to come out. Ackerman alleges that Hansen attacked him and Harrington rushed to the aid of his fellow guard. Then another attendant Kane, came to the rescue and all three tried to subdue the patient. In the mix-up, it is alleged Hansen got Harrington's finger in his mouth and began chewing it, and, according to his own testimony, Kane choked Hansen until the patient released the guard's finger. Ackerman then removed Hansen to the strong room and locked him up. A few minutes later, according to evidence gathered today, Ackerman went to the room and saw the patient lying on the floor. Ackerman says Hansen rolled over while he was in the room on this trip.

After breakfast Hansen was still on the floor and attendants thought him dead. He was removed to his own room.

Supervisor Irvin was notified, he in turn summoned Dr. Tamasic, who stated that he man had been dead at least 30 minutes before the doctor's arrival.

A patient named Crane testified that he helped subdue Hansen and that he kicked Hansen in the stomach though none of the attendants saw him.

The autopsy performed by Doctors Tamasic and Ballinger showed that death was caused by a hemorrhage of the stomach.

The coroner's jury has not yet returned a verdict.

JACK LONDON A CHICKEN THIEF

At Least That is What He Subscribes Himself—Says He Wishes There Were More Like Him to Fight in Mexican Rebels Cause.

LOS ANGELES, Cal., Feb. 6.—Friends of Jack London, the author, today are expressing surprise over a communication the writer sent to a gathering of socialists and Mexican revolt sympathizers here last night in which he proclaimed himself a "chicken thief and revolutionist."

The letter read:

"We socialists, anarchists, hoboes, chicken thieves, outlaws and undesirable citizens of the United States are with you heart and soul in your effort to overthrow slavery and autocracy in Mexico.

"You will notice that we are not respectable. Neither are you. No revolutionist can possibly be respectable in these days of the reign of property. All the names you are being called we have been called. And when graft and greed got up and began to call names, honest men, brave men, patriotic men and martyrs can expect nothing else than to be called chicken thieves and outlaws. So be it.

"But I, for one, wish that there were more chicken thieves and out-
