CHARGE IMMIGRATION LAWS ARE WINKED AT

SACRAMENTO, Cal., Feb. 8.—That the immigration laws are being winked at by officers whose duty it is to keep out undesirable aliens and that America should be for Americans first is the statement of Assemblyman Frank Smith of Oakland who today introduced a resolution appealing to congress for protection from the outcasts of other nations.

Conservation also enters into the memorial which he prays will be sent to congress without being modified by the federal relations committee of the house, which has heretofore renewed insinuations reflecting on the Japanese.

New Phone Line.

The rural telephone line operating between Gold Hill and Sams Valley has been taken over by a syndicate to be known as the Sams Valley Telephone company. The line is about 12 miles in length and covers one of the richest sections tributary to the Rogue River valley. The Pacific States Telephone company was the former owner. The county court has granted the Sams Valley Telephone company the right to string a single wire along the main county road.

TEACHERS' EXAMS COMMENCED TODAY

Fifty-four aspirants for teachers certificates appeared before County Superintendent of Schools J. Percy Wells at the county court house in Jacksonville this morning and commenced taking the examination to entitle them to state or county certificates.

The board in charge of the examinations consists of J. Percy Wells, City Superintendent of Schools U. S. Collins, of Medford, and Mrs. P. H. Daly.

The examinations will continue every day until next Saturday and the subjects to be taken up each day are:

State certificates. Today—Penmanship, history, spelling, physical geography, reading, psychology.

Thursday—Written arithmetic, theory of teaching, grammar, book keeping, physics, and civil government.

Friday—Algebra, geography, composition, physiology, english, literature, and school law.

Saturday—Botany, plane geometry, and general history.

County Certificates.

Today—Penmanship, history, spelling, reading, and physical geography.

Thursday—Written arithmetic, theory of teaching, grammar, physiology.

Friday—Geography, school law, civil government, and english literature.

HIGH COST OF THE SISKIYOU GRADE

(Continued from page 1.)

his section and had become what the company regarded unsafe was put on a valley reach, and had been in use 14 years since, showing the difference in wear where curves were heavy and where the track was on a tangent. Ties were also removed before they decayed on the mountain section, because of the heavy train, whereas they were kept until they decayed in the other sections, taking about two years in the difference of the life of a tie on the two sections of track.

In the matter of tonnage that could be handled, Superintendent Davis estimated that the same locomotive could handle ten times as much gross tonnage in the valley as on the Siskiyou section.

The consolidated freight engine, weighing 187,000 pounds, and with 43,000 pounds tractive power, prevailed on the Siskiyou, yet Superintendent Davis says it requires four of these engines to get a train of 38 to 40 cars across the mountains. Putting the figures into what he styled the most instructive until, he said that they could handle 32 tons for 1000 pounds of tractive power. Getting the average for each locomotive, he bought 348 the figure, which is materially less than the company made the average at the former hearing, and for this discrepancy Attorney J. S. Teal took the witness to account.

On cross-examination, Attorney Teal made the witness say that there had been no change of grades, curves, tunnels or other physical condition of the track since the 1908 decision of the interstate commerce commission. On this point the attorney is emphatic, as he is trying to prove that the increase ordered by the railway from the commission rates of \$2.40 and \$3.65 to \$5 is without any chance of cost charges since the commission made its previous inquiry.

Woman Past Help.

Chandler, Okla.—In a letter from his place, Mrs. Ella Flowers says: 'I hardly know how to thank you for the good that Cardui has done me. Before I tried Cardui I thought I was past help, but after taking it I was relieved at once, and gained at least 10 pounds. Everybody says I look so much better. I am still improving greatly.' Many women are completely worn out and discouraged on account of womanly weakness. Are you? Have you not tried Cardui? It only needs a few doses to convince you that Cardui is just what you need. Try it today. It will cure your pains.

Warren Case Will Be Considered at all Day Meeting to Be Held on Lincoln's Birthday—To Aid the Raedel.

Jackson County Socialists will hold an all day Warren Protest meeting, Sunday, February 12, which will also be an anniversary of Lincoln's birthday. Members will be present from all Southern Oregon, a delegation coming from Grants Pass. A special program will be given, headed with an address by County Organizer Sweet of Talent. A noon day lunch will be served, the proceeds from which will be given to Comrade Raedel of Gold Hill, who unfortunately lost both hands and an eye lately.

GOOD ROAD BILL OVER TO FRIDAY

(Continued from page 1.)

statements of which Mr. Neuner has told you except one man, who has been repudiated by the association. No such tactics will be used. The state association has spent \$20,000 to educate the people on the subject of good roads and it should receive some consideration. I do not believe that we want any such grandstand or school play as we have just seen upon this subject.

Brownhill of Yamhill started to defend Neuner when Speaker Rusk interrupted with a request to the house to "Cut out the rag chewing and get down to business."

Westerlund joined in the request to have the bills go over until Friday and the motion was carried.

ADVANCE ARRIVALS IN Women's Tailored Suits

Afford an Interesting Glimpse at Spring Fashions FASHION tendencies for the forthcoming Spring season are clearly defined in an extensive showing of new Tailored Suit models that is already in evidence.

Strictly-tailored, mannish styles predominate, with jackets 24 and 26 inches long, cut on lines that maintain the slender, straight silhouette.

While the waist-line is curveless, contour of bust and hips is revealed by the snugness with which the garments fit at these points.

Several braid-trimmed Suits are shown, some of these having the sailor collar and large revers.

Skirts are still cut on straight lines and are somewhat wider than has been the rule, being from 2 1-4 to 2 1-3 yards around the bottom.

Materials are imported homespuns, men's-wear gray worsteds, navy serges, diagonals, hairline stripes.

The range is from \$25.00 to \$35.00 and \$45.00 up to \$95.00.

32 Winter Suits left, which go at exactly one-half price. Winter Coats at one-half price. Dresses, Fur Sets and Neckpieces that have been decidedly underpriced.

Are You Sure

That you are getting the best meats and groceries?

If you are trading at his store you are sure in your own mind that you are getting the best. Furthermore, your friends who know this store know that you are getting the best.

Its Different With Us

We are as sure that you are getting the best goods that money can buy as we are sure that we are running a store. This doesn't mean that you cannot buy goods at other places that are just as good, for you can—it simply means that everything we sell is of the very best grade that money and long experience can buy and that we will not offer for sale anything that is not first-class in every respect.

This is the way the immense business of this store has been built. It is against our principles to offer a single article for sale if there is the slightest question as to whether it is first-class or not.

You are invited to call and place your order for meats and groceries and should you happen to find anything that seemingly is not satisfactory we will gladly make it right and according to your idea, too.
