

WILL SOON NAME ROAD ENGINEER

County Court Considering Securing Service of Expert at \$3000 a Year—Believe That This Will Save County Much Money.

The county court will in all probability on next Saturday name a road engineer for Jackson county, who will have complete charge of the road work throughout the county.

At present there are two candidates for the position, A. W. Martin of Indiana, a comparatively new man in the county, and W. W. Harmon, who has been resident engineer of the Pacific & Eastern railroad for the past year and a half.

The county court is said to have determined that no more road work of the hit and miss variety will be tolerated in the county, as it has cost the taxpayers far more each year than the salary of a competent man to oversee the work.

COMPANY SOON TO START WORK

Clark & Henery Construction Company Prepares for Coming Season—Several New Miles of Streets are Also to Be Paved.

Clark and Henery Construction company are preparing to finish their Medford contract, which will keep them busy all summer.

The pavement laid by them the past year has proven satisfactory and it is the general opinion that Clark & Henery's asphalt pavement is the best street pavement yet laid in Medford.

The foundation laid by Clark & Henery differs from that previously laid here, being concrete instead of loose crushed rock.

So far, Clark & Henery have done a good job and the public is well satisfied with the results.
