**PROPHECY TRUE?** 

INDIAN CHIEF'S

ASHLAND, Feb. 10 .- With the advent of spring the Park Commission are on the alert and its members albeautifying not only main park surroundings but also the various annexes which have from time to time come under their jurisdiction.

The commission held a meeting Jast Tuesday and perfected arrangements embraced in several propositions. Among these is one for placing flowers in the pond, a matter of on an extensive scale under professional direction.

The trees along the boulevard will also receive attention in due seasor The Civic Improvement Club will furnish them, the Park Commission agreeing to plant and care for the same. This phase of park work relates only to such trees as need replacing along that main thoroughfare.

The commission is also ready to take hold of the work of beautifying the system of smaller parks, embraced in the triangular tracts at the intersection of the bonlevard and Ashland street, Main and Mechanic Main and Factory, and probably other localities.

At the city council meeting Tuesday evening, the park commission submitted a report, a portion of which relating to boulevard and other improvements is submitted herewith.

"In regard to the boulevard park ways, in the center of said drive, we shall grass them and plant a row o flowering magnolia trees in the center, as soon as possible after you have completed the removal of the dirt which was commenced in November and interrupted by the inclement weather. The magnolia treehave been ordered from Japan, 20% in number and will cost us delievered here about \$60.

We instruct our gardener to se cure from the city the 8 inch wate main, recently taken up on Main
