WINDY CITY TO SEND HOST WEST

Chicago Agent of the Southern Pacific Railroad, in Medford on Brief Visit, Predicts Big Rush Here from Middle West.

Edgar M. Mattes, traveling passenger agent for the Harriman lines, with headquarters in Chicago, predicts a great influx of people to Medford from the east this year.

Mr. Mattes, who is visiting Medford as the guest of S. A. Rosenbaum, Southern Pacific agent here, said yesterday: "The number of people who will visit this section from the east during the next few months will surpass all previous years. The greatest rush, however, will probably not start until about April. One reason why more people have not come to the Rogue River Valley this winter from Chicago and the middle west is that the past winter there has not been as severe as that season usually is, and as the result not as great a number was driven to seek a more equitable climate as would have done so had the weather there been more rigorous."

WAS FROM MEDFORD BUT WHO WAS HE?

Says the Oregon City Enterprise: The man taken from the early train south yesterday morning on the Southern Pacific, and supposed to be insane, was simply insane because of too much drink. While on the train he insisted on running the train and while he had a ticket for Medford refused to give it up to the conductor.

ONE BIG FOOL

But He Doesn't Live in Medford Nor Read the Mail-Tribune. A man in Connecticut gave a doctor, a specialist in catarrh, \$50 to cure him of this common yet most obnoxious disease.

The specialist gave him a bottle of medicine and told him to use it. The fool took the medicine home, took one dose, put it on a shelf and made no further effort to follow instructions.

Three months later with the medicine still on the shelf he told a friend that the specialist was a fake; that he had paid him \$50 and still had catarrh.

HYOMEI (pronounce it High-ey) won't cure catarrh if you don't breathe it; it will if you breathe it regularly.

Furthermore, you don't need to give a catarrh specialist \$50 to cure you of catarrh; the specialist is yet to be born who can write a better prescription than Hyomei.

Chas. Stang and druggists everywhere guarantee Hyomei to cure catarrh or money back. A complete outfit which consists of a bottle of Hyomei, a hard rubber inhaler and simple instructions for use costs only \$1.00. Separate bottles of Hyomei is afterwards needed cost but 50 cents.

for extending powers of railroad commission to public utilities.

S. B. 152, by Lester—\$2500 for carrying out provisions of act providing for testing of railroad scales.
S. B. 58, by Hawley—\$140,000 for maintenance for O. A. C.
S. B. 59, by Hawley—\$270,000 new buildings at O. A. C.
S. B. 255, by Carson—\$150,000 for annex to state capital.
S. B. 288, by Locke—\$5000 for fighting bubonic plague.
S. B. 267, by Abraham—\$10,000 for statue of George H. Williams in Statuary Hall, Washington, D. C.

RATE DECISION BETTERS CONDITIONS

NEW YORK, Feb. 27.—Discussing the inter-state commerce commission's rate decision, Stuyvesant Fish today declared that the railroads of the country had reached a point where their operating expenses were no longer out of proportion to their gross revenue. The rate decision, he said, betters the plight of the real owners of railroad shares, held for investment by stopping the claims of labor for higher wages and by ending the claims of the shippers for anything approaching a general reduction in rates. He endorsed the commission's declaration that the existing rates are just.
