

NOTIFY SANDRY REGARDING DAMS

Deputy Fish Warden in Charge of District Requests Public to Keep Him Posted on Obstructions in Streams That Prevent Ascent.

Sam L. Sandry, deputy fish warden in charge of district No. 2, with headquarters at Woodville, requests the public to notify him regarding all dams and obstructions in streams which hinder or block the ascent of fish. Mr. Sandry states:

"I would consider it a favor for anyone to notify me of any dam or structure that may hinder the passage of fish. My intentions are to give Jackson county my greatest attention. I realize that the larger streams (tributary of Rogue river) have been neglected to a certain extent, but it is impossible for one to know the conditions of all these streams without some assistance from the people. This is why I ask those knowing the conditions to please notify me.

"At present I am repairing the state's fish ladder at the Ament dam. Expect to complete the work about the middle of next week. This will be in time for the first run of steelheads."

IMMENSE CROWDS AT KENTNER OPENING

Needless to say very much about the big opening at Kentner's last evening, for most every one in the city and a good many from the near by towns were there. The store was beautifully decorated with apple blossoms and greenery and presented a charming picture. Amid the singing birds and the blossoming flowers a delightful musical program was rendered which won the appreciation of the throng present.

On the second floor dainty fruit punch was served and this proved an added attraction that appealed to the many who partook of the refreshments.

Mr. Kentner stated that he had never seen so many people in a store or at an opening in his life, and that the opening was a success far in excess of his expectations. Mr. W. W. Davis is receiving congratulations on the wonderfully complete decorative scheme which he designed. The opening continues today and all who did not have the pleasure of attending last evening can enjoy visiting the store and the immense stock of spring goods today and tomorrow.

O'GARA TO SPEAK AT VARSITY CLUB

Oregon Agricultural Experimental League Will Be the Subject of Two of Interesting Addresses to Be Made Before University Club.

Professor P. J. O'Gara, county pathologist and entomologist, will address the members of the Rogue River University club Saturday afternoon at 3 o'clock on the subject of the Oregon Agricultural Experimental League and will outline the work and plans of that association.

Following the professor, Leonard Carpenter, president of the experimental league, will deliver a short address upon "The value of the Oregon Agricultural Experimental League to you."

The talks will be given in the rooms of the University club in the Mail Tribune building.

BLOWS STRUCK.

(Continued from Page 1.)

An encounter with the teacher which resulted in the filing of charges against the latter before the school board by Arthur Davis, the boy's father. It developed then that Cudihy had chastised the boy with a section of an automobile tire, cut into a piece resembling the "razor strap" of grandfather's early days and wielded in true historical style. The board decided the matter, sustaining the teacher in some things, but in a manner satisfactory to the parent. The ruling was laid down then that any of the pupils old enough to know how to deport themselves who violated the rules should be ordered from the classrooms. This method was invoked by Cudihy upon the Hall boy, but but mutual consent, once the corridor was reached, the rules of the board were substituted for those bearing the name of the Marquis of Queensbury.

Division in Class.

Ever since the trouble with the Davis boy the commercial class has been divided, pupils against teacher, and each carrying a "chip." The affair yesterday came as the culmination, and the manner in which it is thrashed out by the board will define the future observance of discipline and the limits to which its enforcement may be carried out.

Marriages.

OREGON TRAIL PIONEER DIES

Andrew Jackson Fredenburg, Aged 81 Years, Who Crossed Continent With Family Over the Famous Oregon Trail, Passes Away at Home.

With the death, Thursday afternoon of Andrew Jackson Fredenburg, aged 81 years, at the family home at Tenth and Holly streets, another of the earliest settlers in the state of Oregon has passed away. The end came peacefully. The funeral, under the direction of the Weeks & McGowan company, will take place at the residence on Sunday, the Rev. A. A. Holmes officiating. Interment will follow at the I. O. O. F. cemetery. The deceased was born in Indiana on September 30, 1830, to Isaac and Dorcas Fredenburg. At the age of 18 he moved with his parents to Missouri and on March 18, 1857, was married to Susannah Thomas Pirle. In 1864, with four children, the couple crossed the plains over the old Oregon trail and later took up their residence in Baker City. They remained there one year and moved to the Willamette valley, and in 1882 established their home in the Rogue river valley. Two years later the family moved to Medford where, about 10 years ago, Mrs. Fredenburg died.

Mr. Fredenburg, who has long been a devoted Christian, was a member of the congregation of the Baptist church. He is survived by nine children namely: James Isaac Fredenburg, of Sams valley; Mrs. Nancy J. White, of Detroit, Or.; Mrs. Mary C. Leslie, Medford; Mrs. Lucinda E. Lewis, Fossil, Or.; Charles H. Fredenburg, Sams valley; Mrs. Minnie M. Herring, Springfield, Or.; William J. Fredenburg, Medford, and Harmon A. Fredenburg, Medford. Another, David E. Fredenburg, died in infancy.
