

WOULD EXHUME BAKER REMAINS

Illinois Society, at Annual Gathering in Pythian Hall Tuesday Night, Endorse Proposal to Remove Remains of Former Senator Baker

As the result of a movement proposed at the annual gathering of the Illinois society in the Pythian hall Tuesday night, the future reunions of the society will be held on the anniversary of the birth of Lincoln. It was decided, however, that the society should hold another fete in the form of a picnic in celebration of the opening of the Pacific & Eastern railroad's line between here and Butte Falls this summer.

The affair last night was attended by about 125 former residents of the "Sucker" state, and was one of the most enjoyable entertainments of its kind ever held here. During the evening several addresses were made and among other things it was decided by the members to take the initiative in a movement to have the remains of former United States Senator Edward Dickinson Baker exhumed from their present burial place near San Francisco and removed to Salem, Baker, a former Illinoisian, was for a long time a resident of the state of California, and the movement to remove the remains to Oregon is proposed by the society as being fitting that his bones should find a final resting place within the borders of the state the people of which recognized his worth sufficiently to send him to the senate.

The following officers were elected: E. B. Waterman, president; Dr. Henry Hart, vice-president; Mrs. E. Gore, secretary; J. A. Westerlund, treasurer.

District Attorney B. F. Mulkey presided as toastmaster and a program, consisting of the following numbers, was rendered:

Male quartet; speech by Dr. Ray; reading by Miss Margaret Hoy; vocal solo, by Mrs. W. N. Van Scoyoc; speech, by B. F. Mulkey; violin and piano selection, by Miss Perl and Miss Gurley; male quartet; reading by C. W. Conklin; violin solo, by Miss Elta Bates; address by J. A. Westerlund.

She Stayed in Bed.

Ingram, Texas.—"Ever since I became a woman," writes Mrs. E. M. Evans of this place, "I suffered from womanly troubles. Last fall I got so bad I had to stay in bed for nearly a week every month. Since I have taken Cardui I feel better than I have for years." You can rely on Cardui. It acts on the womanly organs and helps the system to regain its normal state of health in a natural way. Prepared especially for women, it prevents womanly pains by acting on the cause, and builds up womanly strength in a natural way. Purely vegetable. Mild, but certain in action. Try it.

FARM HANDS HARD TO FIND

Local Orchardists and Ranchers Are Experiencing Difficulty in Obtaining Necessary Number of Laborers for Spring Work.

That a marked shortage in laborers is threatening the Rogue River valley for the season just opening is the opinion of local employment agencies. Journeymen are to be had, but unskilled labor is difficult to obtain.

Numerous positions as ranch hands are offered, but few are being taken. Orchardists and farmers who have much spring work to do are wondering where the help is coming from.

It is reported that a large number of men who have heretofore sought positions on farms in the Rogue are turning their attention to railroad work in central Oregon because of the large amount of work available and the good wages being paid.
