Full Leased Wire United Press Dispatches.

**FREIGHT BUTTE FALLS MAR. 27**

Chief Engineer Gerig of Pacific & Eastern States That Much Progress Is Being Made by Crews Now Putting Road in Shape for Traffic.

"We will run our first train carrying freight into Butte Falls about March 27," stated Chief Engineer Gerig Friday, "and expect to have regular train service instituted after April 1. The crew now at work bringing the track up to grade is making rapid progress and a regular train service will soon be instituted."

Residents of Butte Falls are expected big business this summer. The Butte Falls Lumber company have announced that they will start the development of their timber tracts as soon as they can erect mills and a box factory while the Crater Lake Fuel company will soon have a large crew at work in the woods near that point. In addition to this there will be considerable railroad work done in extending the Pacific & Eastern. Then there will be the campers who are sure to flock to that section especially if the railroad is in operation. Butte Falls believes that all winters like the one through which they have just passed with miles of muddy wagon roads to navigate before reaching outside points are past.

**SODA SPRINGS DAILY MAIL CUT IN HALF**

Notice has been received from the postmaster general that the six-times-a-week mail service between Ashland and Soda Springs has been ordered cut in two, beginning next Tuesday. Mails will leave Ashland each Tuesday, Thursday and Saturday at 8:45 a. m. and arrive at there at 3:15 on the return trip on the same day. The order at the same time cuts in two the pay of the contractor, W. R. Potter, whose compensation for the present service is approximately \$900 per year.

In addition to the immediate patrons of the postoffice on this route, about 40 families who have an individual mail sack service between this city and Soda Springs will have their mail delivery curtailed by the reduction order.

**MISS PAYNTER'S SHOWING OF MILLINERY A FINE ONE**

Miss Paynter promises to be a factor in the Millinery line in Medford this season. Those who attended the opening yesterday were very well pleased with the displays and expressed a belief that she would do a good business. Unfortunately, Miss Paynter has been sick and unable to attend to the arranging for the opening herself, and as a consequence few people knew about it. Everyone is invited to call at her show rooms over the post office and see the new spring styles as conceived by one who has had experience in catering to the Medford ladies.

**Marjorie Mandeville Co. in "Turned Up."**

The Marjorie Mandeville company will present Nat. Goodwin's screaming farce "Turned Up," at the Medford Theater Sunday night instead of "Zaza" as originally billed. The management decided that Medford show goers would rather have good comedy than any other form of drama, hence the change. Seats now selling.

**Whistler Gets Appointment.**

C. E. Whistler of this city has been appointed by Governor West a member of the Transportation committee for Oregon of the American apple congress. Mr. Whistler has been actively identified with the fruit business of the northwest and has done much good work. The appointment came as a surprise to Mr. Whistler.

Haskins for Health.

**GOLD HILL TO THE RESCUE.**

CITIZENS of the Rogue River valley and southern Oregon are sighing with relief over the determination of the patriotic citizens of Gold Hill to erect fortifications and enlist a militia company for the defense of the valley against the Japs.

The rapid fire gun to be mounted on the top of the high hill back of the city will afford protection to Grants Pass, Medford and Ashland, and we can now go to bed knowing that we will not wake up with the little brown men in possession of our orchards.

Gold Hill should invite Mr. Hobson to move there, as it is a city after his own heart, and with Hobson to kiss the ladies, we could beat Hawley for congress.

We move a vote of thanks to the jingoes of Gold Hill. Never will the mikado dare to declare war when he learns of Colonel Riley Hammersley's company of militia and his big gun. Gold Hill has saved the nation!

**MEDFORD'S FINE STORES.**

SPRING openings given by Medford merchants this week call attention to the fact that this city possesses stores that would be a credit to any city and that are unrivaled in a city of this size. The display of spring and summer apparel is all that the most exacting could ask.

A visit of inspection will convince the most skeptical that they can buy at home natty, up-to-date apparel just as soon and a little sooner than they can secure it in Portland or San Francisco, or in the eastern centers, and buy them at just as reasonable a figure.

The people of the Rogue River valley owe it to southern Oregon to patronize the wide-awake and progressive merchants of Medford, for only by encouraging enterprise and keeping the money at home can this section grow and prosper.

**BENEFIT FOR HOSPITAL FUND**

Passmore Trio to Play Monday Evening at Benefit for New Building—Are Musicians of Highest Order and Give Enjoyable Program.

The Passmore Trio is coming Monday to play a benefit for the new hospital. This trio of sisters are beyond a doubt the finest in their particular line. Their ensemble is next thing to perfection. It is a well known fact that a trio or quartette of instruments or voices must work together a line while to get anything like a perfect unity of expression. While these ladies are all solists of the higher order, yet it is not their individual excellence that counts so much as the manner in which they phrase exactly alike. They have played together since early childhood. Their parents took them abroad and remained in Germany for four years, where the girls were placed under the best masters of Europe. They won considerable distinction in some of the cities of Germany before they came home.

A little story is told of the famous Speering quartette. They had played together for years and had established a great reputation. The viola player was called back to Germany and while there was probably a score of viola players as good in Chicago and New York, yet it was two years before Mr. Speering got a man that thoroughly filled the place and was able to bring the quartette up to its old standard.

**COSTS BUT A TRIFLE TO CURE CATARRH.**

How many readers of the Mail Tribune know that in inland Australia where the mightiest of eucalyptus trees grow in abundance, that there is no consumption, catarrh or diseases of the respiratory tract.

The refreshing balsam thrown out by these trees fills the air and is inhaled into the lungs by the inhabitants and all germ life is destroyed.

If you have catarrh you cannot go to inland Australia except at great expense, but you can breathe right in your own home the same pleasant, soothing, healing, germ killing air you would breathe if you were living in the eucalyptus district of Australia.

Just breathe HYOMEI; it is made from Australian eucalyptus and scientifically combined with thymol and other antiseptics employed in the Listerian system.

Pour a few drops of HYOMEI in the inhaler and breathe it. As it passes over the catarrh infected membrane it kills the germs and heals the raw, inflamed surface.

HYOMEI is guaranteed to cure catarrh, coughs, colds, croup and sore throat, or money back. Complete outfit including inhaler \$1.00. Extra bottles of HYOMEI cost but 50 cents. Sold by Chas. Strang and druggists everywhere.

**CROWDS FLOCK TO GOLDEN RULE**

Spring Opening Attended by Larger Throng of Sight Seers and Shoppers—Entertaining Musical Program—Displays Win Praise.

The large display rooms of the Golden Rule Store were filled to overflowing with a throng of people last evening. The event was one long to be remembered. New goods were out for inspection and the display did credit to a city much larger than Medford. The attendance was gratifying to the management which could not have found a more metropolitan crowd outside a large city. Messrs. Atkins and Benton are well pleased with their reception by the people of this vicinity and in return are giving values that are appreciated.

If you were among the number who attended the opening last night, you know that the music was very entertaining and the displays all that could be expected.

The opening marks the beginning of a seven day sale of bargains that will please all will have a chance to become acquainted with the method employed by the Golden Rule store which has an admirable location. The light from the west and south allow the finest and most effective display of merchandise and the new goods are in abundance to show.

Small prices and good honest values are found in every department and there is something here for every member of the family.

You cannot fail to be interested in the moment you enter the store and you are sure to find something that will appeal to you in the way of dress. Ready to wares for men, women and children. Dry goods, millinery, shoes and furnishings.

**Guatemala Predinet Inaugurated**

GUATEMALA CITY, March 17.—Estrada Cabrera today began his third six-year term as president of Guatemala. Cabrera's public inauguration was delayed, however, as he was not in good enough health to attend.

**NOTICE**

Notice is hereby given that the city of Medford, Jackson County, Oregon, will take up and cancel the following bonds, and that interest thereon shall cease at the interest payment period next following (April 1st, 1911):
