

### MUCH CEMENT ON EAST SIDE

Contractors this past week have completed the laying of a cement sidewalk on East Main street and now a strip of walk extends from the bridge to the top of the hill. Much additional work is planned and with present weather prevailing great progress will be made.

The East Side of the city, so long neglected, is becoming one of the most improved sections of the city. This summer will see the completion of the paving work to the top of the hill and many side streets are to be improved.

Harry Lindsay, newly elected alderman of Central Point, is spending Sunday visiting friends in the city.

Charles Gay has been temporarily reappointed game warden in this county.
