Full Leased Wire United Press Dispatches.

JOSEPH FOLK TO BE HERE SATURDAY

Ex-Governor Joseph W. Folk is too well known to really need any mention here, and his coming to this city will not only be one of the most notable events in the history of the lyceum course, but in the history of the community. It will also be of interest to know that he is Missouri's candidate for the presidential nomination on the democratic ticket.

The recital of all the reforms he inaugurated while he held office in Missouri, would of themselves more than fill this page. Governor Folk is regarded as the pioneer in the great modern fight against graft which is now going on everywhere, both in the state and nation.

CATARH IS SURELY A DANGEROUS DISEASE

Thousands of people allow catarrh to slowly undermine the whole system until a serious disease develops—sometimes consumption.

People who have catarrh should use every effort to get rid of it, but should above all adopt a sensible method.

Stomach dosing, sprays and douches won't cure catarrh because it is a germ disease, and the germs must be destroyed before the disease can be conquered.

HYOMEI is the one sensible cure for catarrh because it reaches every fold, crevice and nook in the mucous membrane and gets where the germs are. You breathe HYOMEI, and as it passes over the inflamed member its soothing influence heals the soreness and destroys the germs.

A complete HYOMEI outfit costs \$1.00. This consists of a bottle of HYOMEI and a hard rubber Inhaler. Pour a few drops of HYOMEI into the inhaler and breathe it a few minutes each day, that's all you have to do. It is guaranteed by Chas. Strong and druggists everywhere to cure catarrh, coughs, colds and sore throat or money back. Extra bottle of HYOMEI costs 50 cents. Free trial sample on request from Booth's Hyomei Co., Buffalo, N. Y.

CLUSTER LIGHTS NEEDED.

THE subject of cluster lights is one that interests everyone in Medford.

Cluster lights are an important step in the creation of a city beautiful.

Medford cannot afford to longer lag behind cities of similar size and even smaller towns. Its boasted progressiveness has not materialized in this important detail.

The city council has been considering the subject for a long period. It is time to act.

Cluster light posts should be installed with 60 days. A lighting rate, no higher than paid in other cities, should be paid. If the posts can be obtained at reasonable figures, and they can be, and lights obtained at a reasonable figure, and such an offer has been received, why longer delay?

Grants Pass pays \$1.75 per month per cluster of three 40-watt Tungsten lights that burn all night. The contract is for ten years, with a minimum of 500 lights.

Medford has been offered a rate of \$1.80 per month for the same lights, on a basis of 180 lights on a five-year contract. A ten-year contract for 500 lights would probably bring the same offer that Grants Pass has, and if Grants Pass can use 500, Medford ought to use 1000 lights.

Salem's city council is considering a proposal to pay \$3.50 a month for each cluster of lights. Portland pays \$1.00 per 40-watt light, or \$3.00 for what Grants Pass pays \$1.75.

So that its readers may know whether or not a reasonable light rate proposition has been made to Medford, the Mail Tribune has written every Oregon city using cluster lights to ascertain the rate paid—and the replies will be printed Sunday.

READY TO BUILD NEW ARMORY

Adjutant General Finzer Advises Ashland Executive That Work Will Start in the Immediate Future if Money is Available.

Mayor R. P. Neil of Ashland after the special city election promptly informed Adjutant General Finzer that the city was prepared to produce its \$7500 for the armory building and desired to see construction begin immediately. The mayor and council had made arrangements with the United States National and First National to finance the city's end of the deal.

Several locations are being proposed and will be offered as sites for the armory.

The following letter from the state board shows its desire for early completion:

State of Oregon, Military Department, Adjutant General's Office, Portland, March 7, 1911. Hon. R. P. Neil, Mayor of Ashland. Dear Sir: I am in receipt of your letter of the 6th inst., informing me that the city has appropriated \$7500 for the construction of an armory building. Will you please inform me how soon this money will be available and if you consider that arrangements can be made to begin the construction of a building at once.

The state will be ready to begin the work within 90 days, and is willing to bear its part of the expense of construction of this building. Respectfully, W. E. FINZER, Adjutant General.

Notice Fruit Growers

We have leased the Page Packing house and will operate in the Medford district this coming season. We are the second oldest company in California and are members of the California Fruit Distributors who handled 76 per cent of the deciduous fruit out of California this past season. Call on our northwestern agent E. M. McKeany, room 1 Stewart building and talk matters over with him before making your seasons arrangements. Advances made if desired.

NEW RURAL ROUTE IS ESTABLISHED

Postoffice Department Will Start One Operating Between Ashland and Soda Springs June 1—Star Route is Reduced by Officials.

Congressman Hawley writes Secretary W. H. Gowdy of the Ashland Commercial club that his efforts at obtaining a rural route between Ashland and Soda Springs, No. 1, were successful and that the same would be put on June first. The star route was reduced from six to three times a week last week. This was a great inconvenience to W. R. Potter, the contractor, for the past six years, as he has made the trips during the bad roads of winter at a loss and was expecting to make a few dollars carrying passengers and express for the farmers.

MAN, DRUNK, IS ASLEEP ON TRACK

Butte Falls Contractor is Found Just in Time to Prevent His Death—Wants Judge to Give Him His Whiskey Back.

C. W. Erick, a sign painter and contractor at Butte Falls, was found last evening by night officers Hall & Cingead, lying across the Southern Pacific track south of Main street in a drunken stupor. The night train was due within a short time after his discovery by the police. Otherwise he would have been hitting the ties on the road to eternity this morning. When arrested Erick had \$1.36 in change and a bottle of whiskey. He demanded that the whiskey be returned to him, it being his private property, but the mayor refused.

Erick said that he had come here to order \$800.00 worth of paints to be shipped to Butte Falls. His shipment goes today.

Mayor Canon fined him \$5, which is to be paid the next time he comes to Medford. Erick claims he was robbed of \$18.00 and threatened to get a lawyer to fight his case for the whiskey.

Two other men, put in for drunkenness, were released on promise to find work or hit the trail.

The other two will be brought before Mayor Canon.

TAKE UP A CLAIM

Every citizen, man or woman has a timber and stone right of 160 acres. price to the government \$2.50 per acre. No cultivation, residence or improvement required. I have about twenty-five claims to locate, see me and have a talk, this land is worth \$20.00 per acre. Call or write. A. B. SALING, Room 34 Jackson County Bank Building. 318\*

Gentlemen!

Here Is a Platting Proposition for You

The most desirable tract of land in the city of Medford for a platting proposition is now on the market.

Eight Acres on Jackson Boulevard Between Summit and Columbus Ave's.

This is to be the first block paved in Medford this year. The tract is near the new Jackson school and lots are in demand in that vicinity. This tract has been platted into forty lots, but never put on the market before. WATER and SEWER are in and paid in full on every lot on Jackson Boulevard.

Jackson is to be the longest paved boulevard in the city. It will be the most popular automobile drive and will undoubtedly become one of Medford's

BEST RESIDENT STREETS.

The Price Is Only \$11,000 ON TERMS

This figures just \$275 per lot, and surrounding lots are selling today from \$450.00 up. They will bring over \$600 each when the paving is completed. By conservative figures this proposition will net the buyer a PROFIT OF \$5700.00 IN ONE YEAR.
