Notice to Colonists

Having spent two years traveling through the northwest looking for safe land investments, have located a section where land values are not inflated, which comes under government project of irrigation, work of which is now under way. Just returned from visit to this section, with authority to offer some good bargains. I maintain no expensive auto or office. Being a former Akron, Ohio man, would be pleased to meet all easterners at my residence after 5 p. m. if only for a visit. It will cost you nothing and may possibly be of benefit to you.

To protect an option on Klamath Falls land I am placing my 8-room bungalow and one good lot on Quince street on the market for a price below actual cost of bungalow. House has hardwood floors, living and dining room paneled, with beam ceilings, built-in mantel, buffet and window seats. Is arranged for two families. I will make a price which will surprise you up to April 5th.

YOUR WIFE has much to do with your success or failure. If she's thrifty, your fortune's half made. If you could see the names of depositors in our books—a large proportion of feminine ones—you'd see the key that opens the door of contentment in old age. Big reason in this fact: We allow 4 per cent interest each twelve-month on every dollar left here and compound that interest every year.
