

GRANTS PASS TO MEET MEDFORD

Debate Between High Schools is Scheduled for April 15—Will Discuss Conservation of Natural Resources.

On April 15 the Grants Pass high school and the Medford high school will debate for the championship of Southern Oregon.

The question to be debated is: Resolve that National conservation of national resources is preferable to state.

Grants Pass stated that the debate was to be held in Medford, when challenged by this school, but reserved the right to pick the question and select the side of the question.

The local high school was angered by this sportsman like attitude and wrote saying: "Medford is no training school for Grants Pass."

The Grants Pass debaters sent back word that they would choose the question, Medford to have choice of sides.

The local team selected the negative side of the question and are working faithfully on the subject matter. Much data has been secured from Salem as this is a question of national importance.

Medford has challenged Klamath Falls for a debate and they accepted. Afterward they were defeated by Grants Pass and the team got "cold feet" and broke off negotiation with Medford.

The local debating team is composed of, Albert Rowell, Chas. Prim and Ray Compton. Mr. Rowell will have the rebuttal.

HIGH SCHOOL TEAM STRONG

Fastest Infield of Any High School in Oregon is Outlook—Burgess is Counted On to Win Championship Games.

The high school baseball team this year have the fastest infield of any high school in Oregon is the opinion of local fans.

The outlook will be good and the only position to be filled are those of catcher and pitcher. Coach Hall has his eye on several promising young twirlers and a new star at catching as said to be developed.

At second and short the team will have two of the fastest infielders in this city. Rader at short and Beveridge at second. Both of the boys are heavy batters and fine base runners. Both are adepts at the game and will work together like a machine.

There are two candidates for first base, both good men. Third has several candidates and the race for that position is going to be close.

The outfield will be the same as last year. All of the fielders are sure fielders and heavy batsmen.

The team will begin practice on Monday and Coach Hall will begin the finer coaching on Friday. The team will be a team, not only of heavy hitters, but fast base runners and bunting. Hit and run signals and the squeeze play will also be taught. Medford is going to try for the championship of Western Oregon. With Burgess in the box the pennant would be cinched.

EVANGELISTIC MEETINGS PROVING A SUCCESS

The evangelistic meetings are most successful at the Presbyterian church. Two great services yesterday. The church packed beyond its capacity.

The Rev. J. A. McVeigh had a live message for the people. The old gospel message told by the eloquence of one who knows its power because it saved him. Mr. McVeigh is in sympathy with the people and conscious of God's presence. Yes, his message has power. Men come to hear him, for he knows them as well as he knows his message.

Meeting every afternoon at 2:30 and evening at 7:30. Come early and get a seat, or take your chances by coming late. Good singing every evening.

JUNIOR BIBLE CLASS OFF FOR ROXEY ANN

The Junior Bible class of the Presbyterian church sealed Roxey Ann on Monday. About 20 of the young folks went on the picnic.

The class started from the Presbyterian church at 7:30 o'clock under the care of Mrs. W. F. Shields, who acted as chaperone.

The party started in autos, Messrs. Frank Ray, Herbert Alford and Carter Brandon driving. The crowd took their lunches and at 12 o'clock today they expect to eat on the summit of Roxey Ann.

Several took cameras and will snap views of this valley from Roxey Ann.

ORDINANCE NO. 472.

An ordinance declaring the assessment on the property benefited for the cost of laying a 6-inch water main on Cottage street from East Main street to south end of street, and directing the recorder to enter a statement thereof in the water main lien docket.

The City of Medford doth ordain as follows: Section 1. Whereas, the city council did heretofore by resolution declare its intention to lay a 6-inch water main on Cottage street from East Main street to south end of street and to assess the cost thereof on the property fronting on said portion of said street in proportion to the frontage of said property, and fix a time and place for hearing protests against the laying of said water main on said part of said street and the assessment of the cost thereof as aforesaid;

And whereas, said resolution was duly published and posted as required by section 116 of the charter of the said city;

And whereas, a meeting of the council was held at the time and place fixed by the said resolution, for the purpose of considering any such protests, but no protests were at said time, or at any other time made to or received by the council to said laying of said water main or the assessment of the cost thereof as aforesaid, and said council having considered the matter, and deeming that said water main was and is of material benefit to said city, and that all property to be assessed therefor would be benefited thereby to the extent of the probable amount of the respective assessments to be levied against said property did order said main laid;

And whereas, the cost of said water main has been and hereby is determined to be the sum of \$1947.50.

Now therefore, it is hereby further determined that the proportionate share of the cost of laying said water main of each parcel of property fronting on said portion of said street is the amount set opposite the description of each parcel of land below, and that each piece or parcel of land benefited by the laying of said water main to the full extent of the amount so set opposite the description of the same, and that the respective amounts represent the proportional benefits of said water main to said respective parcels of land, and also the proportional frontage thereof on said street, and the council does hereby declare each of the parcels of property described below to be assessed and each of the same hereby is assessed the amount set opposite each description for the cost of laying said water main.

Notice to Colonists

Having spent two years traveling through the northwest looking for safe land investments, have located a section where land values are not inflated, which comes under government project of irrigation, work of which is now under way. Just returned from visit to this section, with authority to offer some good bargains. I maintain no expensive auto or office. Being a former Akron, Ohio man, would be pleased to meet all easterners at my residence after 5 p. m. if only for a visit. It will cost you nothing and may possibly be of benefit to you.

To protect an option on Klamath Falls land I am placing my 8-room bungalow and one good lot on Quince street on the market for a price below actual cost of bungalow. House has hardwood floors, living and dining room paneled, with beam ceilings, built-in mantel, buffet and window seats. Is arranged for two families. I will make a price which will surprise you up to April 5th.
