

AGENT LEAVES TO GET COLONISTS

Ed. Andrews is Appointed By Realty Association to Visit Portland and Induce Colonists to Come to Medford—Think Other Sections Knock.

In order to secure more colonists for Medford, the Medford Realty association has selected E. M. Andrews to go to Portland and see that a part of the emigrants be turned this way. He will leave with the endorsement and co-operation of the Commercial club, acting as their representative.

The association has learned, through various sources, that Medford was being decry to the advantage of other sections of the state, and in order to prevent this the real estate men decided to send a man to Portland to at least set the colonists right.

E. M. Andrews stated before the association that in his opinion Medford and the valley receive more of the Jim Hill type of men; \$500, a team of horses, a wagon and a wife and nine children.

J. A. Westerlund spoke to the real estate men stating that he believed a man to represent this city should be sent to Portland.

C. A. Malboeuf stated: "that there were too many gentlemen farmers in this section, and that the valley needed more of the real tillers of the soil. He said that the Commercial club would fully co-operate with the association.

By acclamation, E. M. Andrews was appointed special representative. One hundred dollars was raised for his expenses. The Commercial club will raise a second hundred, and the association will raise more if needed. Mr. Andrews will leave tonight for Portland.

GIRL MODEL REFUSES TO POSE FOR NEGROES

CHICAGO, Ill., March 28.—Miss Mamie Blanha, an 18 year old model, is indignant today over the action of the Art Institute, which asked that she pose before a class of which negro students formed a part.

Miss Blanha, whose figure is regarded as almost perfect, had been posing, but a short time when she learned there were negro students in the class and refused to go on. Persuasion was of no avail, Miss Blanha insisting that the negroes withdraw. She carried her point.

WOODVILLE MAN TO JAIL FOR 60 DAYS

Pleading guilty to the charge of carrying concealed weapons, William Pauley a hotel man of Woodville was sentenced to sixty days in the county jail. Upon promise of good behavior he was paroled.

Pauley at first denied the accusation and demanded a jury trial. Later he changed to guilty, pleading drunkenness as the cause.

Pauley had threatened Miss Edna Hayes, a waitress in his hotel, with a gun, telling her to make haste with an order. She was ready to testify.

IMPRINT OF FINGERS COST HUNDREDS DOLLARS

LOS ANGELES, Cal., March 28.—Because he left the imprint of his five fingers on a flour bin, Pedro Rodriguez today begins a hundred days sentence for petty larceny. Rodriguez was employed in a Main street restaurant. He was accused of stealing a purse containing \$60. The police traced the man to the cafe and found the imprints of the purse and Rodriguez' fingers on the flour bin. When confronted with the evidence, Rodriguez, believing the police knew more than they did, confessed.

PLAN TO TEST ANTI-TREATING

Three Tacoma Saloon Keepers to be Arrested for Violation of Ordinance—Mayor Fawcett Stands Pat—Will Test Law.

TACOMA, Wash., March 28.—That the constitutionality of the anti-treating ordinance recently put into effect here may be submitted to the courts for decision should convictions result in the case of three saloonkeepers arrested for violations of its provision, is the intimation here today by persons identified with the liquor interests. It is understood the Royal Arch which conducted a vigorous campaign against the ratification of the polls of the ordinance, will aid the saloonists in their fight to nullify the effectiveness of the measure.

Those arrested are Gus W. Kiesel, proprietor of the State saloon; John F. Schmidt, of the Columbia Beer Hall and Joseph Pischofberten of the Milwaukee Beer Hall. All were released on bail.

A warrant was also asked for George Shreeder, president of the Tacoma Baseball Club and proprietor of a local saloon, but it was refused, as Shreeder is now in California, and therefore, it was held, could not be guilty.

The evidence on which the warrants were issued was secured by plain clothes men working under direction of Mayor Fawcett. Fawcett said today that the saloons would be closely watched and further arrests made wherever violations of the ordinance are discovered.

Recently a local newspaper charged the mayor with entering into a compact with the liquor interests whereby the latter would support Fawcett at the polls of the coming recall election, in return for his promise to "lay down" on the enforcement of the anti-treating ordinance.

"The arrests are the best answer I can make to that story," said the mayor today. "Any person who thinks 'the old man' is a quitter is laboring under a serious misapprehension. The anti-treating law is no joke and the saloon people are beginning to find it out."

Bicycle Next to Automobile

Thousands of Men and Boys Are Saving Money Each Year by Owning a Wheel.

Did you ever stop to think what a bicycle might mean to you? Just reason about the matter for a few moments and you will most likely arrive at the following conclusion:

First, the bicycle means a great saving in time and time is money. Suppose you pay \$35 for a bicycle and and it costs \$5 for upkeep. You have paid out \$40 for the year. Now, suppose you save one hour each day for a year, counting your time worth 20c an hour you save \$73.00 during the year. If you lived in a city and had to patronize the street car you would spend at least an average of 20c a day for car fare alone and lose an hour each day besides this would mean another \$73.00 during the year or a total of \$146 saved during the year.

Second, you get a chance to be in the open air most often and the exercise, if not indulged in to excess, means less doctor bills and the assurance that everyday will contain more time to spend at home or in looking after interests which could not be seen to conveniently were you not the owner of a wheel. Ask the man who rides a wheel of he would do with out it for twice the price. He will say, No. One important fact must be considered in buying a wheel. You want one that will stand the gaff. There is one wheel in Medford that has proven absolutely worthy, and it is known as "The Savage."

Don't wait but go at once and see this wheel. If you want more evidence after seeing it ask the man who own a "Savage". We know of one Savage that has been ridden over a year with but 50c actual repair work. Garnett-Corey Co. Sell the Savage.

CO-EDS PROVE ADEPT RUNNERS

Slide Feet First, Head First or Any Old Way to Reach Bases in Ball Game—Now New Rule Goes Into Effect.

SEATTLE, Wash., March 28.—Because they slid feet first, head first or any other way to reach their bases when they first turned out for baseball practice, the co-eds at the University of Washington hereafter must have both feet on the base to be declared safe, according to Miss Jessie Merrick, the woman's physical director, today.

"This rule was made to prevent the girls from seeming masculine in this sport," said Miss Merrick. "On our first turnout, sliding to base was too frequent. But some of them can slide—even if it is not exactly lady-like."

CHINK IS LEFT BY WHITE WIFE

HOQUIAM, Wash., March 28.—Deserted by his actress bride, without funds and with his faith in women, white ones especially, badly jarred, Lew Ting, a local Chinese here, is back in Hoquiam today after a honeymoon of two weeks.

Lew and Anita Deschontz, a white woman, who said she played at one time with Willie Collier's company, were married at Vancouver, Wash. Lew at that time had \$750, the sum received from the sale of his restaurant here. Anita decamped, said Lew, soon after they reached Portland, and now he is broke.

Lew asserted that he placed the picture of his wife in a woodbox and stamped on it, just to show how disappointed he was.
