

JAPAN WANTS PEACE WITH U. S.

Announces That if Their Treaty With England Interferes With New American-Anglo Alliance That They Will Be Willing to Revise.

WASHINGTON, D. C., April 3.—Cables from Tokio, the result of hurried exchanges between the Japanese ambassador and the foreign office of Japan, were received here today which declare that Japan will expedite in every way possible the proposed Anglo-American arbitration agreement.

Through its representatives here and in London, Japan, it is said, will announce that if necessary it is prepared to agree to a revision of the Hayashi-Landsdowne treaty with Great Britain if any clause in that agreement should be found to interfere in any way with the peace insurance plans of the United States.

WEST POINT EVIDENTLY IS DEVELOPING SNOBS

ANNAPOLIS, Md., April 3.—Through the reported affront to Miss Mary H. Biers, daughter of Professor Biers of Yale because she is employed as an invalid's companion, the naval academy has placed a ban on all "nurse girls" attending camp.

This unwritten law will be strictly enforced according to officers, "no matter what the social standing of the girl is."

Meanwhile it is learned the navy department is willing to order an inquiry into the snub offered Miss Biers should her father request it.

Players Released.

LOS ANGELES, Cal., April 3.—Rightfielder Teck, Pitcher Coleman and utility fielder H. L. Deal, who have been trying out with the Los Angeles Coast League team, were released today.

Arthur Stadille, a youngster who blew into the ball park a few minutes before yesterday's game, asked for and was given a trial, and will go north with the team tonight. He played last year with Shreveport and Vicksburg in the Louisiana league.

Reactionaries Claim Victory.

MADRID, April 3.—Despite Premier Canalejas' retention of his post after having resigned, the reactionaries today claim a victory over the republican element in Spain. It is reported they threatened to seize the government if King Alfonso refused to re-organize his cabinet.

Canalejas' resignation and subsequent re-appointment, they assert, will mean that anti-clerical measures hereafter will be less severe.

Great Farewell for Diva.

NEW YORK, April 3.—Luiza Tetravini today was radiant here over the success of her "farewell" concert last night in the Hippodrome. More than 6,000 persons jammed the huge edifice. The crowd and the singer were both enthusiastic. Tetravini sang until she was exhausted and the crowd gave her a perfect riot of applause.

Commercial Court Busy.

WASHINGTON, D. C., April 3.—Hearings were commenced here today before the new commerce court. The most important case now before the tribunal is that of the Louisville and Nashville Railroad Company versus the inter-state commerce commission, known as the New Orleans board of trade case. Both class and commodity rates filed by the L. and N. from New Orleans to Memphis and other points on the system are involved in the proceedings.

A MISTAKE RECTIFIED

By comparison and without knowing the prices, many people have gained the impression that "Medford Heights" lots are quoted at higher prices than other east side additions. We are reported to have sold a lot to a business man for \$2000. This is an error, and it is a fact that considering location and distance from the business center, "Medford Heights" lots are from one-third to one-half less. The actual prices are from \$100 to \$950 each and the terms are one-third cash. Investigation will quickly prove every statement made here.

BOMBS EXPLODE; KILLING SOLDIER

Police Are Making Every Effort to Apprehend Persons Responsible—Believe Attack on Jail Was Original Plan.

EL PASO, Texas, April 3.—Mayor Martinez today ordered the police to make every effort to apprehend the persons responsible for the explosion of three bombs in Calle Diablo, Ciudad Juarez, early Sunday morning, which resulted in the death of Francisco Sonora, a federal soldier, and injury to three others.

Federal authorities today expressed the belief that an attack was planned on the jail, and that the dropping of the bombs from the roof of LaFavorita dance hall was an accident. A woman who saw two men on the roof gave the alarm from the LaFavorita Building. The first literally blew Sonora to pieces and the second wounded his companions.

AMERICANS WILL BECOME DARK IN TIME

ST. PAUL, Minn., April 3.—Environment, according to Dr. A. E. Jenks, anthropologist of the University of Minnesota, will make the descendants of present day Americans all of the Indian type, dark eyed, black and dark skinned.

Discussing the future of Americans, Dr. Jenks said today that the day would come when immigration from Europe would be stopped and that, with the influx of blonde Scandinavian and Saxon races stopped, inhabitants of this continent soon would revert to Indian types.

Stage Falls Over Precipice.

POINT, ARENA, Cal., April 3.—One man is dead and five other persons are badly injured here today through the overturning of a stage which plunged down a 100 foot precipice near Stewart's Point. Driver Hitebeck was killed. Only the rear wheels and the body of the coach went over into the canyon, the horses remaining unhurt in the road.

Big Merger Planned.

WEAVERVILLE, Cal., April 3.—Negotiations were completed here today for the merging with the Guggenheim interests of properties valued at over \$25,000,000, including the Union Hill Mine at Douglas City, the Dutton Mines, Lower Dutton Creek and Steiner's Flat, the Fields property, the Hipp Mine, the Hook and Ladder, Harvey Consolidated Placer Mine, the Woodbury Placer Mine and Hindley Placer Mine. Most of the properties are located in Northern California.

HOQUIAM, WASH., TO PAVE

Council Lets Contract for the Form Known as Bitulithic

HOQUIAM, Wash., March 31.—(Special).—K street property owners voted to recommend bitulithic pavement for K street, between Fifth and Eighth streets, at a meeting held in the office of City Engineer J. D. Moughmer, Monday night. The property owners having expressed a preference for bitulithic pavement, the council last night let the contract to the lowest bidder for that form of work.
