OVER HALF INCH OF RAIN THIS STORM

The month long drought which obtained in the Rogue River Valley was broken Monday night, seven-tenths of an inch of rain falling. Farmers and orchardists are rejoicing as rain is needed badly. March was the driest in years, only three-tenths of an inch falling in the thirty-one days.

public. He believes too much money is spent on elections and he proposes to end this condition. Our solemn duty is to carry out his patriotic wishes, to the end that this mighty republic shall not be destroyed by the corruption of its elections.

"Sixth—The admission of Arizona and New Mexico. I violate no confidence in saying that, so far as this house is concerned, both speedily will be admitted to statehood.

"These are a few of the things we have promised. We are not only going to fulfill them, but we have already begun the great task. What we have done is only an earnest of what we shall do. We today represent progress to the American people, and the rest will follow.

To Serve the Many.

"No man is fit to be a law giver to a great people who yields to the demands and solicitations of the few who have access to his ear, but is forgetful of the vast multitude who never hear his voice or look upon his face. I suggest to my fellow members on both sides of this big aisle, which is the line of demarcation between us as political partisans, but not as American citizens, that he serves his party best who serves his country best.

"I am now ready to take the oath as speaker, and I ask Mr. Talbot of Maryland to administer it."

ESCAPE WHILE HELP IS CALLED

Burglar Found in Crowell Residence on Twelfth and Grape—When Lad Goes to Call Police, Man Slips Away—No Clue.

The home of J. B. Crowell on the corner of Twelfth and Grape streets was robbed on Saturday night. A coat was stolen.

Young Crowell, with his mother, left the house about 7 o'clock and then returned about 7:30; as they came home they saw lights in the house, which on their approach were turned off. They knew someone was in the house and went in, turning on all the lights.

Young Crowell heard a man in the clothes closet during the search.

Leaving his mother alone in the house, he went to a neighbor's to get help and phone the police.

The burglar, as soon as the boy left, slipped out of the closet and left by the front door.

COOK IS FREED; NO INTENT SHOWN

The case against John Doe Cook, charged with assaulting G. Howe with a dangerous weapon, was dismissed by Justice Taylor Monday afternoon as the evidence did not prove conclusively that an assault was intended.

Cook admitted drawing a pistol covered by a holster from his hip pocket. He and his wife both claim it was not pointed at anyone.

District Attorney Mulkey gave Cook a good lecture. He complimented Howe for his good sense in not causing trouble when Cook drew the revolver from his pocket.

Cook admitted that he could not have used it in the holster and that Howe could have shot him in self-defense when it was drawn.

ASHLAND SOON WILL HAVE LEASE ON NORMAL

ASHLAND, Ore., April 4.—Mayor Neil received a letter from the state school board, Friday advising him that everything was in readiness for leasing the state Normal school to the city, pending its transfer to Ashland by the legislature. Assurances are given that only a nominal sum will be charged and Mayor Neil was asked to take an invoice of the furniture and movable property in the buildings. This he did Friday. There is very little left in either school building or dormitories except stationary desks and chairs in addition to reference library and kitchen utensils.

In the meantime Professor E. L. Duley is perfecting plans for establishing a boys' school in the normal buildings, as he has been informed that the city will sub-lease it to him for that purpose for a limited time.

Wants Title to Lands.

The Henry Weindahl brewery has asked the county court to give them title to certain lands, owned in name by J. Elwejen. The administrator does not object to the order and it will be granted on Tuesday.

Elwejen was agent for the company in Medford and while in that capacity, took in his name deeds and mortgages, valued at \$10,000 for the company.

The company now wishes to have the deeds and mortgages in its name.

A MISTAKE RECTIFIED

By comparison and without knowing the prices, many people have gained the impression that "Medford Heights" lots are quoted at higher prices than other east side additions. We are reported to have sold a lot to a business man for \$2,000. This is an error, and it is a fact that considering location and distance from the business center, "Medford Heights" lots are from one-third to one-half less. The actual prices are from \$100 to \$950 each and the terms are one-third cash. Investigation will quickly prove every statement made here.

WANT NEW BRIDGE OVER BEAR CREEK

Movement is Launched to Have City and County Construct Concrete Bridge Over Bear Creek to Take Place of Present One on Main.

A movement has been launched to have the county assist the city in putting a sixty-four foot concrete bridge across Bear Creek to take the place of the present one on Main street which has stood there for a number of years and is far too narrow for present traffic. It is pointed out that the present bridge can be moved to Rogue River where the county plans to construct two new ones this year.

The present bridge aside from being wholly inadequate for present traffic is an eye sore in the city. A concrete bridge with low parapets on each side would not only take care of the traffic but would do away with the present danger of meeting of a runaway on the bridge which would mean a tragedy.

It is planned to take the matter up with the county and city officials at once.

GIRL HIDES IN CRYPT UNDER ENGLISH HOUSE OF COMMONS

LONDON, April 4.—Although she hid in the crypt under the house of commons, sleeping on the famous altar cloth which tradition says was embroidered by the hand of Queen Elizabeth, since Saturday afternoon, Miss Mary Parker, zealous suffragette, is enrolled today on the census list of London. When Miss Parker was discovered today she was dragged forth and turned over to the enumerator.

The suffragettes who remained abroad all night Saturday for the same purpose have all been counted, the census enumerator chiefs said today.
