

BUILD YOUR HOME ON THE EAST SIDE

This is by far the most desirable residence district of Medford for countless reasons, the choicest home property on the market

EAST SIDE ITEMS

The hospital committee is lacking but a few hundred dollars of being able to furnish the Sisters with a deed to their land. The Sisters informed the committee that they have plans and specifications completed for the \$100,000 hospital to be erected on Nob Hill and are only awaiting deed to commence work.

A beautiful new house on Nob hill is being erected by Dr. R. W. Clancy, of native stone taken from the east side quarry, and Oregon fir. It commands the finest view of the valley.

The cast iron main ordered to replace the wood water pipe on East Main will be here in 10 days. Survey stakes have been set and Monday men begin work on widening the sewer ditch to accommodate the iron water main.

Work of grading and paving East Main street will be started next week and rushed to completion.

Contracts have been let for water mains in Queen Anne addition and paving operations will follow laying of the mains.

The \$40,000 fire-proof public school building is being rushed to completion. The foundation has been finished and work is proceeding rapidly upon the walls. The building will be ready for occupancy for the fall term.

T. E. Daniels is putting the finishing touches to the grounds of his residence on Keene Way, on Siskiyou Heights. A rose hedge and other vines and shrubbery have been planted. When completed, these grounds will be among the finest in Medford.
