DR. RICKERT
OVER KENTNER'S **SPECIALIST**

CATARH DOCTOR

Cures Catarrh, Acute or Chronic, or Money Back.

Would you pay one-dollar to rid yourself of disgusting catarrh? Then go to Chas. Strang today and ask him for a Hyomei outfit and you will own outright a little catarrh doctor that has cured more cases of catarrh than all the catarrh specialists on earth.

In the \$1.00 box which contains the Hyomei outfit, you will find a little hard rubber vest pocket inhaler.

Into this inhaler you pour a few drops of Hyomei. Then all you have to do is breathe through the little inhaler, either through the nose or mouth, according to where the catarrh is located.

When you breathe HYOMEI you breathe a powerful yet soothing, antiseptic air, which as it passes over the inflamed and germ ridden membrane penetrates every fold and crevice, and destroys germs completely.

Stomach dosing never cured catarrh, sprays and douches always fail; and why? Because they don't get where the germs are, and as catarrh is a germ disease you must kill the germs before you can cure catarrh. HYOMEI is guaranteed by Chas. Strang and by druggists everywhere to cure catarrh, coughs, colds, croup and sorethroat.
