MONEY PIRATES BEHIND ARREST

WASHINGTON, April 27. — That "money pirates," who seek to extort unreasonable profits from the people and not legitimate capital are behind the arrest of John J. McNamara and his assistants is the gist of a statement prepared here today for the United Press by Congressman Frank Buchanan of Illinois, former president of the Structural Iron Workers.

(By CONGRESSMAN FRANK BUCHANAN.)

The McNamara caseis the latest outrage perpetrated against organized labor by a gang of financial highbinders. Through a deep laid plot an attempt is being made to create an impression that the unions are merely a nesting place for criminalas. The power behind this movement masquerades as capitalists. Capital realizes that it must have the support of labor. Seventy-five per cent of capital is friendly to organized labor. But 25 per cent of capital—the fictitious capital—which seeks to extort unreasonable profits from the people, knows no outrage too dastardly to perpetrate against the unions.

Big Issue Involved.

Theissueof this fight is bigger than the lives or the freedom of the men arrected. Whether they go to prison or hang is practically of no import to those prosecuting them—that band of porchclimbers whose hired detectives hounded and finally kidnaped them. Those men are merely theindividual victims of a conspiracy aimed at the unions.

I know John J. McNamara intimately. I know him to be absolutely incapable of such crimes as are laid at his door by the paid assassins of union labor.

Are Unscrupulous.

The unions know that this crowd will go to any lengths to fasten crimes upon the menarrested, not because they are guilty, for that does not matter, but solely because the arrested men are unionists.

Labor did not seek this war and does not desire it. Labor is indispensable to capital, as capital is indispensable to it. But capital has precipitated an industrial struggle which may be the greatest the world has known.

Labor will fight, and will win, because it is fighting for life, which is its right.

Raisin Day April 29th, 1911.

The above date has been set apart by the people of California in which all are asked to join by eating raisins in the form of "Raisin Bread," or in whatever form is desired.

The object of this special day is to create a widespread raisin sentiment that will result in a greater demand for that fruit, and to direct the attention of all good housewives to the excellence of the raisin as an article of food.

The good people of the northwest are invited by their neighbors to participate in the pleasant custom and "break" raisin bread on April 29th. 33

HALF-NAKED MANIAC FOUND BY TRAIN CREW

CUMBERLAND, Md., April 27.—Clad in nothing but a tattered undershirt with his legs and body lacerated by briars and stones, a bewhiskered maniac was found in the woods above Rockwood Pa., by a Baltimore & Ohio freight crew yesterday. The man, who is apparently an American, about 35 years old, was taken into the caboose and covered with such clothes as the trainmen could find He was turned over to the authorities and an effortis being made to find him.

The condition of the man's feet would indicate that he has been wandering many days. He appeared starved and ate ravenously. He is in a frightful condition from exposure. His mutterings were hardly intelligible. From his talk the officers were able to glean that he had children in Bufalo, N. Y.

ADVICE FOR MEDFORD PEOPLE.

People in Medford who have constipation, sour stomach or gas on the stomach, should use simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the new German appendicitis remedy. A SINGLE DOSE brings relief almost INSTANTLY because this simple mixture antisepticizes the digestive organs and drain off the impurities. Leon B. Haskins. •

BLONDES DRIVE MAN INSANE; HE WANTED A BRUNETTE WIFE

WORCESTER, Mass., April 27.—Because he wanted a brunette for a wife and a Chicago matrimonial bureau kept sending him blondes continually disappointing him, is believed to be responsible for the mental troubles of Joseph Bryon of Royalton, who has been committed to the Worcester State Hospital for the Insane. "I wanted a brunette, and every time I got a blonde. I must have a brunette for a wife," he repeats over and over as he walks about the hospital grounds. It costs money to pay railroad fares, and I had to send them all back because they were blondes," he tells every one he meets. The physicians say he will recover if he doesn't see a blonde and have a relapse.

NEW YORK'S HANDSOME LIBRARY SOON BE OPENED

NEW YORK, April 27.—After years of waiting New York is on the verge of witnessing the formal opening of the New York Public library, counted by many the most beautiful structure in the city. Just when the doors of the magnificent marble pile on Fifth avenue will be thrown open to the public is not yet announced, but it will probably be next month.

The library, the outward features of which have been practicaly completed for several years, has been one of the chief things pointed out to visitors by the guides of "seeing New York" wagons It stands on a plot of ground running from Fortieth to Forty-second street and from Fifth avenue to Bryant Park. This site is probably worth $10,000,000. The library has cost more than $8,000,000, making a total investment of approximately $21,000,000. Which shows that even sitting down to read a book comes awfully high in New York.

The library is 390 feet long on Fifth avenue, and 270 feet deep from Fifth avenue. The reading room on Bryant Park side of the building, is the largest apartment of the kind in the world. It is 2995 feet long, 77 feet wide and 50 feet high. Beneath this reading room is the main stack room, divided into seven stories. The stack room is fitted with sixty-three miles of shelves, capable of holding 2,700,000 volumes. Other rooms for books are capable of holding about 800,000 volumes. In addition to the main reading room there are 200 smaller rooms.

The new building is naturally fireproof. The book shelves are of bronze and this material with marble practically makes up the whole building. There are 375,000 cubic feet of marble in the library and wood is used only in the wainscoating of certain rooms.
