

FALLING TREE KILLS LABORER

Man in Employ of Prospect Construction Company is Killed—Tree Crushed Both Legs and Internally Injures Him.

J. Cottingham an employe of the Prospect Construction Company had both legs broken and received internal injuries from which he died when a giant tree he was chopping crashed unexpectedly to earth and pinned him underneath. The accident occurred at Prospect about 2 o'clock Friday afternoon and the man succumbed to his injuries about 6:30 o'clock before medical aid could reach him.

The officials of the company in this city were notified of the accident by telephone and at once dispatched a physician to the scene. When within eight miles of Prospect the doctor was met by an employe of the company who informed him that Cottingham was dead and that it was unnecessary for him to proceed further.

Representatives of the company know very little about the man as he had been in their employ only five days. A telegram from J. Young, the company superintendent at the works stated that the man's possessions had been searched but no means of identification had been found.

The general impression prevails that Cottingham held land about here but as the land commissioners are out of town nothing could be learned from that source.

The county clerk at Grants Pass was telephoned and stated that a man named J. Cottingham had received naturalization papers from his office but knew nothing more about him. His folks are believed to live in Ontario, Canada, but this cannot be ascertained.

Coroner Kellogg of Gold Hill went to Prospect early Saturday morning but up to a late hour last night had not returned with the body.

Cottingham is said to have worked on the Raymond Ranch on Griffin Creek, but the family could not be reached by telephone.

WEATHER TOWER FOR UNCLE SAM

NEW YORK April 29. — New York's sky line will soon be changed again by the erection of a magnificent observatory tower for the United States weather bureau. While not as high as the Singer building, with its 625 feet, nor the Metropolitan tower which rises to a height of 658 feet, or the proposed Woolworth building which will stick up into the atmosphere 750 feet, the new home of Uncle Sam's weather forecasters will be imposing because of its location on the waterfront in Battery Park.

Madame Sembrich Injured.

BERLIN, April 29. — Madame Sembrich's right arm, injured yesterday in a fall during a visit to the Pompeian ruins, will have to be put under the X-ray before the extent of her injuries is known. The arm today gave her great pain but physicians said they did not think it was broken. It was thought one of the smaller wrist bones was fractured.

Mrs. Keatings Recovers Jewels.

OCEAN PARK, Cal., April 29. — A brooch set with 20 diamonds, lost three weeks ago, is again in Mrs. Walter Keating's possession, after having traveled over two counties stuck in the tire of her automobile. It was found imbedded next the rim, where it did not strike the ground. The machine during the period the brooch was lost traveled 300 miles.

ALL WRONG.

The Mistake is Made by Many Medford Citizens.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache.

You must cure the kidneys. A resident of this vicinity shows you how.

Mrs. William Charley, Grace street, Medford, Or. says: The public statement I gave in praise of Doan's Kidney Pills in 1907 still holds good. I occasionally take this remedy and find that it keeps my kidneys in proper working order. A fall was the cause of kidney complaint in my case. The kidney secretions were unnatural and sometimes I had such acute pains in my back that I could hardly bend over.

I did not sleep well and despite the use of plasters, liniments and remedies of various kinds, I continued to suffer. While in that condition, Doan's Kidney Pills were brought to my attention and procuring a box at Haskins drug store, I commenced taking them. In about two weeks I felt better and the contents of four boxes made me well. I have recommended Doan's Kidney Pills to many other people.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Notice to Contractors.

Notice is hereby given that sealed bids will be received by the board of directors of school district No. 35, of Jackson county, state of Oregon, until Wednesday, May 17, 1911, for the erection of a one story frame school building in said district. Plans and specifications for the same may be seen at the office of the county school superintendent in Jacksonville, or in the case of his absence from the office, they may be seen at the office of the county clerk.

Each bid must be accompanied by a certified check for a sum which shall equal five per cent of the amount of the bid, as a guarantee of good faith, and the successful bidder will be required to give bond in the sum of 25 per cent of the amount of the bid. The board of directors reserve the right to reject any and all bids. Send bids to J. M. Stevens, Beagle, Or.

D. W. STURGES, Chairman School Board.

Haskins for Health.

NATIONAL APPLE SHOW GOES EAST

Spokane and Inland Empire Lose 1911 Attraction—Idea is to Advertise More Effectively Products of Orchards in Western Country.

SPokane, Wash., April 29.—The National apple show for three years the exclusive property of Spokane, will go to the east for 1911.

St. Paul, Chicago, Philadelphia or Boston—one of those cities probably will be awarded the fourth National apple show to be held next fall. All these cities, following the 1910 show, became contenders for staging the first National fruit show to be held in the east. Upon the visit of Howard Elliott, president of the National apple show and of the Northern Pacific company, to this city next Sunday, plans for the 1911 show will be made after a conference with local officials.

Harry J. Neely, second vice-president of the National apple show said today: "Largely on account of the wider advertising to be gained in the east, it has been decided that the show will be held in some eastern city this year. Spokane will not abandon the National apple show permanently. We will endeavor to show the east what we can produce and what we can show in competition.

Medford Music Shop
McNEALY & CO.,
220 WEST MAIN STREET

The show in any instance will be held under the auspices of the National apple show trustees."

Census Enumerator Caught.
SPOKANE, Wash., April 29.—Charged with falsifying several hundred names while he was employed as a census enumerator, Detective Nick Fleca was arrested in the police station on a bench warrant issued by Judge F. H. Rudkin. Fleca's arrest results from the testimony before the grand jury of Special Agent Newton, who was employed in checking over the returns made by census enumerators in Spokane. There

are five counts to the indictment under which Fleca is held. One of the counts charges that Fleca padded a census report with 1600 names.

Bluejackets Kept on Board.
SAN DIEGO, Cal., April 29.—Contrary to previous reports, the brigade of marines and blue jackets will not land from the cruisers in the harbor here until some time next week, the date not yet being definitely determined.

USED AUTO.
White Gas car, completely equipped with top, wind shield, speedometer, magneto, etc., etc will sell for \$1500.

Get Summer Beds Now

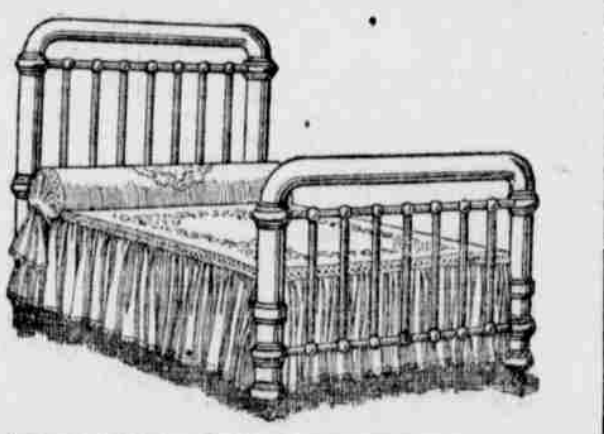

In the fall with winter coming on you may "get along" with the old "air-stopping" wood beds.

But a solid high head-board and foot-board are not as comfortable in summer as one of these delightfully cool iron and brass beds.

They look delightful in a room full of summer sunshine—with their spotless white enamel and glistening brass.

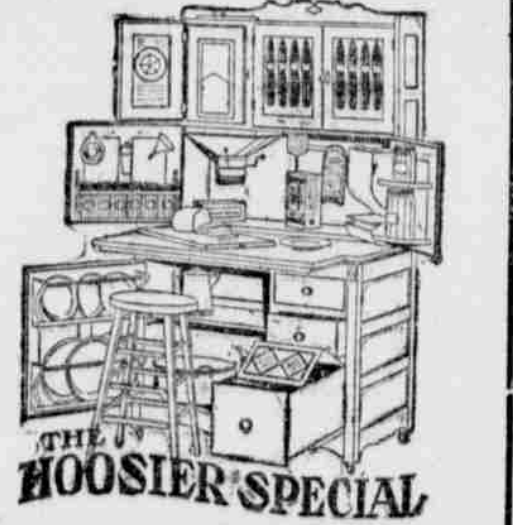

They give free circulation to the cooling night air currents.

Satisfying in appearance, comfort and price.

Tighten your grip on your kitchen

Be master of your steps

Don't let a pan call you here, a dish there, a bottle of flavoring extract, and a flour barrel in opposite directions. Let the Hoosier Kitchen Cabinet keep order in your kitchen as it does in 400,000 other kitchens. A meal is soon ready with the Hoosier. The dishes are soon washed and put away. It's a steady servant that pays many times its cost in the saving it gives back to you. Investigate.

Don't Be Refrigerator "Wise" and Ice "Foolish"

The Herrick refrigerator is strictly high-grade throughout and in all sizes and styles made of good kiln-dried oak. All nicely paneled. No pressed panels or cheap ornaments. From one-third to one-half more storage space than the usual refrigerator of same dimensions. Sufficient ice capacity for best results and no unnecessary wastage. Every square inch of storage space is easily accessible. Overlapping doors practically air-tight. Interior nicely finished. Exterior filled, rubbed and varnished with a fine grade of coach varnish; fine finish. All cases mortised and tenoned, very substantial and durable.

Trimings are heavily nickel plated on brass hinges, have long bearings and do not cut out or allow the door to sag. Fasteners are an improved style. Nickel-plated lever pattern, closing the triple-jointed doors practically airtight.

The Sanitary Odorless Spruce lining is a great improvement over the poisonous metal linings which are generally in use, as the oxides formed on the metal linings are not healthful, especially in air-tight refrigerators, where milk, cream, butter and other susceptible articles are stored, but since our refrigerators are perfectly dry inside, they do not require the metal linings, and we therefore use the choice White Odorless Spruce of greater value, it being highly sanitary and always pure, sweet and clean.
