The reporter of the Ashland Tidings recently made an error in stating that "there was a faction in Talent that was agitating for Sunday closing laws and that a petition had been presented to the town council asking for such an ordinance." The facts are that the ministers of the Christian church had called the attention of the congregation to the fact that there was a Sunday closing law for certain kinds of business on the statute books of Oregon, but no agitation had been made through the streets and no petition has been presented to the council. The postoffice has been closed on Sunday, not because of any agitation, but because of the order of the postoffice inspectors. The Tidings report was in error when he assumes that there are factions in the town of Talent. We have one of the best locations for a town in Jackson county and we intend to pull together for the benefit of our little city.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat.

A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00.
