Mrs. E. L. Par-sons, 22 Summit avenue, popularized this form of study Wednesday afternoon when sheinvited the members of the Wednesday Study club, the officers of the Greater Medford club and a num-her of guests to listen to a lecture by Dr. Rebec on the subject, "The Schools of Tomorrow." Dr. Rebec is a recent addition to the intellectual and cultured circle, having occupied the chair of men-tal philosophy in the University of Michigan, and traveled extensively abroad, besides contributing articles of a scientific and educational nature to leading magazines. His lecture was instened to with the deepest of interest and the closest attention. The ideal chool must adequately perform its function of developing the complete man. #### Ritchie May Meet Wolgast.

SAN FRANCISCO, May 6 .-- With a decision to his credit today over Charlie Reilly, Willie Ritchie, King of the four rounders, will be given a chance to show his mettle against a real champion. Mr. and Mrs. A. A. Flynn have re-turned from a bridal trip to California and will be at home to their friends at Second and Olson streets. Manager Moffitt, who was at the ring-side, announced today that he would immediately start negotiations with Ad Wolgast to meet Ritchie before the Oak-

and Wheelmen in June. In his fight with Reilly, Ritchle was the agressor and landed the cleaner blows, but Reilly was never in danger. Both boys were unmarked at the con-clusion of the battle.
