in your safe or desk is a risky proceed ing. It is a standing invitation to thieves. Far better deposit it in the

FARMERS & FRUIT GROWERS BANK where it will be beyond the reach of thieves or the danger of fire. Bring your cash here and open an account. If you have but little, all the more reason for taking proper care of it.

### Farmers & Fruit Growers Bank

# The Modern Wash-day

Time was when The Wash was a weekly nightmare, wash-day dinner a by-word.

The New Perfection Oil Cook-stove has changed all that. Once the wash-boiler is on the stove, it leaves you free to attend to the dinner or any other work.

You can move a New Perfection where you please and light it in a moment. It requires no attention after that. A single gallon of oil lasts all three burners seven hours or more. No coal or wood to carry; no fire to feed; no soot nor ashes. It keeps a kitchen or laundry cool and clean. It cooks to perfection, with the least trouble and expense.

New Perfection Oil Cook-stove

Made with 1, 2 and 3 burners, with ong, jurquouse blue enameled chimners. Indomery finished throughout. The - and 3-burner stores can be hed with or eithout a cabinet top, which is fitted with top shelves, towel racks, etc. Dealers everywhere; or write for de-criptive circular to the nearest agency of the

Standard Oil Company

mrs. home lover:

FOUNDRY AND MACHINIST

All kinds of Engines, Spraying Outfits, Pumps, Boilers and Machinery. Agents in So. Oregon for FAIRBANKS, MORSE & CO.

No Well Too Deep for This Farm Pump Engine

No Weather Cold Enough to Freeze It—No Hours Too Long for It to Work At last we have found a pump engine that serves all the needs of the farmer and does it in the best possible manner. We investigated a score or more different makes and designs of portable engines to find the one best suited for our customers. We selected the Fuller & Johnson Farm Pump Engine. It is the most wonderful portable engine made.

400 to 1,000 Gallons Per Hour Think of it! All the fresh water you want at any time or any place. Works in any well, regardless of depth. This farm pump engine completely solves the perplexing problem of Water Supply for the farm in winter as well as summer. Pumps all the water needed for the house, dairy, barn, feed lot and pasture in a few hours. Costs less to operate than a tank heater and eliminates all bother and trouble. **FULLER & JOHNSON** Farm Pump Engine

Plenty of Power for Complete Water System

Handlest Little Worker on the Farm Ensuring a reliable water supply for the farm is but one of the ways the Farm Pump Engine proves its superiority. It has pulley for running any kind of hand or foot power machinery. It helps the women tolks in the dairy and laundry. Runs the grindstone, feed mill, faming mill, etc., for the men. Does the work of two extra hired men.

See the Little Wonder at Work Engine Running Volume Pump

You have read all about this engine in your Farm
Papers but you cannot fully realise what a wonderful little worker it is until you see it in action. We show it at our exhibition rooms, doing
exactly the kind of work you would expect it to do on your farm. Bring in the whole family and
look it over. It is worth a special trip to town. Be sure and come in.
