An unavoidable accident occurred at the corner of Laurel and Main street Sunday afternoon when an automobile driven by Scott Davis skidded into one driven by J. R. Whitmore. The front axle of the latter's machine was bent and the lamps broken.

Colonel Frank Tou Velle, O. N. A., (retired), has returned from a business trip to San Francisco.

Tumbling Brick Kills. VANCOUVER, B. C., May 15.—Tons of brick tumbling from the top of the Jonathan Rogers block on Granville street, nearly killed six men at 11 o'clock this morning.

Bryan Williams, provincial game warden, was one of the victims. The falling mass fell into the sidewalk, broke one leg, smashed open his head, injured his back and otherwise wounded him.

P. S. Main, Harry O'Donovan and two others were rushed to the hospital in a police ambulance. Their legs were broken and they were unconscious when placed upon the stretchers.

Dorothy Arnold Thought Dead. NEW YORK, May 15.—Partial identification of a body found floating yesterday in the East river here was made today by the two brothers of Dorothy Arnold, the daughter of a wealthy manufacturer, whose disappearance has been a mystery of New York for months.

At the morgue today, D. P. Arnold, the girl's brother, expressed a belief that the body was that of his sister. Another brother, who viewed the body, would go hardly so far, but both declared that they would not be able positively to deny that their missing sister had been found at last.

Investigating Examinators. TACOMA, Wash., May 15.—The mass of evidence which the officials of the department of justice have been accumulating concerning the alleged crooked work in the taking of Tacoma's 1910 census was placed before the federal grand jury, which met in the federal building here today.

The jury, it understood, will devote the greater portion of its time to an investigation of the alleged padding in connection with the count taken more than a year ago.

Pays Dividend. NEW YORK, May 15.—A quarterly dividend of \$9 was declared by the Standard Oil today. The declaration calls for the disbursement of \$2,599,000 among the stockholders.

The dividend was paid several hours before Chief Justice White read the decision of the United States supreme court at Washington ordering the dissolution of the trust.

Wilson Losses. WASHINGTON, D. C., May 15.—The United States court today handed down a decision adjudging Christopher Wilson, president of the United Wireless company, in contempt for having refused to produce the books of the company before a federal grand jury which is investigating a charge that the company is using the mails to defraud.

Crop Report Soon. WASHINGTON, D. C., May 15.—The department of agriculture will issue the June crop report June 18, which will give the preliminary estimate of the acreage of spring wheat, oats and barley, and on June 1 will give the condition of winter wheat, spring wheat, oats, barley, rye and hay.

Must Use Safety Brakes. WASHINGTON, D. C., May 15.—The United States supreme court today decided that the United States safety appliance law absolutely requires railroads, as a duty, to make certain that every car used in interstate commerce is equipped with automatic couplers.

Boy Breaks Arm. Claire, the little son of Dr. and Mrs. E. K. Seelye, fell and broke one of his arms while playing in the yard about 12 o'clock, noon Monday. The little fellow was practicing jumping when he tripped and fell, breaking both bones of the right arm just above the wrist joint.

MARRIED. Henry Lerch, the shoemaker, and Miss Emma Springer are among the newly married people in this city. They started for a short trip to California, but decided a wedding tour was more appropriate.

Representative Barred From Club

WASHINGTON, D. C., May 15.—Representative Martin W. Littleton of New York has failed of election to the Metropolitan club of this city, and his name has been withdrawn. Mr. Littleton was proposed for membership by Mr. Thomas Nelson Page of Washington, and Senator Francis G. Newlands of Nevada. Mr. Littleton's name was proposed for membership February 10. A candidate becomes eligible for election after his name has been up for 14 days. Mr. Littleton's name was not acted on, and his friends, becoming convinced that there was some sentiment in the club against him, withdrew his name under the rules of the Metropolitan club two negative votes reject. Mr. Littleton was not blackballed; his name was simply withdrawn.

MUTTON HEAD IS OUR LATEST CLUB

Mighty Heaver is Imported From Portland, and Oh, Such an Empty Void in Local Trousers—Hence the Creation of the New Organization.

The Muttonhead club is the latest organization to grace Medford social circles and enjoy a run of popularity and for charter members it has taken in the members and followers of the Medford baseball team—the Invincibles. The vote was unanimous following the baseball game in Grants Pass Sunday and came as an aftermath when many bright, gleaming, chinking pieces of Medford's coin of the realm found resting places in Grants Pass jeans. O such a headache! Some 500 simoleans were parted with.

It is noted that the time had come for revenge with a capital R. So a mighty heaver was imported from Portland. He of the wonderful arm was to slip over a victory that would live long in the annals of the great American pastime. The team and fans were confident. So they backed that confidence with their coin.

The score, Grants Pass 8, Medford 6. Hence the Muttonhead club. 'Tis said that this is the verse which will adorn the club rooms of the new organization: Oh! somewhere in this favored land the sun is shining bright; The band is playing somewhere and somewhere hearts are light, And somewhere men are laughing and never count the cost, But there is no joy in Medford—too much money has been lost.

MANY LOCAL PEOPLE ATTEND MEETING

The third annual convention of the Klamath district of the Epworth league was held at Grants Pass May 12, 13 and 14. There was a good attendance, among them being many Medford people. Those present Sunday were Mr. and Mrs. H. O. Brown, Mr. and Mrs. Miner, Misses Carter, Fielder, Phipps, Hess, Woods, Winsor, Kiser, Mae and Nellie Mordoff, Betty Bateman, Payne and Tinker, Messrs. Yoder, Stone, Pryor, Shinkar, Sherman, Conklin and Payne.

The newly elected officials are: President, E. W. Stone of Medford; first vice-president, J. H. Riggs of Ashland; second vice-president, Miss Ada Fry of Roseburg; third vice-president, Miss Clara Winsor of Medford; fourth vice-president, J. L. Smith of Roseburg; secretary, Miss Rita Johnson of Grants Pass; junior league superintendent, Mrs. J. A. Demoy of Grants Pass.

URICISOL THE CONQUEROR OF RHEUMATISM.

If you have tried every other known remedy for rheumatism do not despair. You still have Uricisol, the practical certainty of CURE, and the absolute certainty of material and lasting benefit to fall back on. Uricisol is not a cure-all. Its special field is rheumatic diseases and it cures them by removing the cause. Everybody nowadays knows that rheumatism is caused by an excess of Uric Acid in the blood. Local applications may relieve, but they cannot possibly get at the seat of the disease.

Uricisol is just what its name implies, a solvent and eliminator of Uric Acid. Remove the cause and the disease is gone. Uricisol not only cures the common forms of rheumatism, but it does what no other remedy has before accomplished: IT DISSOLVES AND ELIMINATES DEPOSITS IN THE JOINTS, WHERE THEY HAVE BEEN ACCUMULATING FOR YEARS.

Records are in our possession of not one but many cases where the joint of the fingers were so thickened as to be practically useless; where the hip or the knee joints were so filled with the deposits as to render the victim wholly unable to walk; yet the patients were completely restored to health and activity by the systematic use of Uricisol.

In this way Uricisol has been a genuine RENEWER OF YOUTH! We can truthfully claim the remarkable record of 90 per cent. of cures where a proper opportunity is given our remedy to accomplish the result. We will gladly supply testimonials. Write for folder. If your druggist does not have it, send one dollar to The California Chemical Co., 325 New High St., Los Angeles, Calif., and we will send you a bottle free.

OTIS AND BURNS HAVE "MADE UP" NEW AUTOMOBILE LAW IS MODEL

Publisher of Los Angeles Times Comes Again to Aid of Detective and Will Support Sleuth's Hand in Los Angeles.

COLUMBUS, Ohio, May 15.—Coinciding with the appearance here today of William J. Burns, who accuses the McNamara brothers of having dynamited the Los Times, reports reached here from New York that Burns and Harrison Gray Otis, publisher of the wrecked newspaper, had buried their differences. Early in Burns' search for the alleged dynamiter Otis is said to have cut off the detective's supply of cash from the Los Angeles city council. At the meeting of the National Manufacturers' association in New York Burns and Otis were brought together and after a conference of several hours made up their differences. Otis, it is said, agreed to return to Los Angeles and led all his efforts to backing up Burns' hand.

Statute Covers All Vehicles—Theft of Machines by Joy Riders is Made Penitentiary Offense; Speed Limitations on All Roads of the State.

Automobilists all over the state are acquainting themselves with the new law for the regulation of vehicles passed at last winter's session of the legislature. The bill was introduced by Representative Henry Beckinger of Baker county, later revised with the assistance of prominent automobilists, and is declared to be a model of its kind. While the law does not go into effect until August 1, automobilists will begin to register with the secretary of state on June 1.

The new statute covers not only automobiles, but all other vehicles. It prescribes a maximum speed of 25 miles an hour and eight miles an hour when within 100 yards of any vehicle drawn by a horse. The various local authorities, however, are given authority to maintain their present speed limits or enact new legislation, provided that they do not authorize a speed of more than 25 miles an hour upon any road.

Penalty for Theft. Beginning August 1 and annually after that time on January 1, the secretary of state will issue number plates to owners of electric vehicles for pleasure. The color of the plates will be changed each year. Owners of motorcycles will be required to pay an annual license fee of \$3; of electric vehicles for pleasure, \$5; of electric vehicles for service, \$5; of steam, gasoline and other hydrocarbon cars up to 25 horse power, \$5; in excess of 25 horse power and inclusive of 35, \$7.50; in excess of 40 horse power, \$10. It is estimated that the fees will at present bring a revenue of \$25,000 to the state.

One provision of the new law is particularly welcome to auto owners. It provides for a heavy penalty for anyone who steals or borrows a machine without authority. At present the offender can only be punished on a simple larceny charge, based upon the theft of the gasoline used, unless it is conclusively shown that the offender intended to steal the machine. After August 1 "joyriders" who borrow machines and then themselves liable to imprisonment in the penitentiary for two years or a fine of \$500. For the first offense the court at its discretion may reduce the punishment to imprisonment in the county jail for three months, or a fine of not more than \$100.

May Revoke License. Punishment is also provided for the violation of any other provision of the act, including failure to register a machine correctly upon the road, failure to stop in case of an accident and the various other two score or more provisions. A minimum punishment of 25 days in the county jail or fine of \$50 is named, while for the second and third and succeeding offense more severe penalties are permitted.

It is also required that the presiding magistrate shall after each conviction forward a record to the secretary of state. The latter must then summon all persons liable and hold a hearing. At his discretion he may revoke the license of the offender, depriving him of the right to drive a vehicle during the remainder of the year or longer. All of the fees paid to the secretary of state will go into what will be known as the "motor vehicle fund." At a later session of the legislature an act will probably be passed so that this money can be diverted into the construction of good roads, this being the original intention of the framers of the bill.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

To Establish School for Girls

MRS. THEODORE P. SHONTS. Mrs. Theodore P. Shonts, wife of the New York traction president, has notified Colonel Jack Chinn, one time legislator, horseman and educator, of Kentucky, to join her in Paris, Ky., and go with her and a party of friends in her private car on a tour of the mountains of eastern Kentucky to select a location for a school which Mrs. Shonts proposes to establish in that section for girls and to endow it with \$50,000 to \$100,000. It is said that some time ago Mrs. Shonts confided to President Taft her desire to give approximately \$50,000 to improve educational conditions in the south.
