PRICES RANGE HIGH

The long market stayed very high There was no limit to the demand and ing I found C. M. Detann of Medford local offerings brought a higher price and a friend of his, W. Pritz of Petathan the Missouri river markets war-luma. Mr. Fritz was out to look at some

strong. The mutton appetite of the meat consumers tributary to this market has created a demand which the present supply of fat sheep does not meet.

Thursday evening L. L. Love, formerly of Central Point, recently from Los Angeles, Cal. and his son-in-law, Tyson Bell of Central Point, called for supper and to visit a while with all compared to the contral point.

Inquiry for horses but not much trading to Medford in seven days' time. That resulted. One team of good drafters gold for \$850.

I have been at considerable expense and trouble to put my deer, elk, etc., at the front of my ranch, so that you could see and enjoy them. These animals are private property and as such are as much entitled to protection under the law as any other personal property.

It has become the custom of a great many to stop in front of my place and fill the air with every kind of discordant sounds in order to frighten the animals. This is especially true of some autoists who stand in front of the pens and blow their horns for the especial purpose of frightening these animals.

Therefore I request that these animals left undisturbed, and a hereby give notice that I will prosecute and sue for damages any person or persons caught
