With plenty of rest they expect to take three firsts Friday and Saturday.

JAPANESE ARE SAID TO BE AFTER AUSTRALIA

SYDNEY, N. S. W., May 18.—This city is in a ferment of excitement over the actions and alleged objects of the Japanese polar party under command of Shirami, who with his colleagues, are suspected of spying out and of an effort to secure plans of Australian fortifications. The party, compelled to return from their southern expedition on account of the severe weather encountered, which resulted in the loss of their dogs, have formed a camp close to South Island and have announced that it will be necessary to remain six months until more dogs are brought out from Japan. Knockout to Grain Dealers. CHICAGO, May 18.—What is regarded as a knockout to grain manipulators in Chicago is seen today in a resolution adopted by the Chicago board of trade after a sharp fight, branding as "uncommercial and dishonorable conduct" the practice of marketing in other cities grain held here at prices lower than those obtainable in Chicago. The blow is aimed at the big wheat bulls, who are now closing up their deals in the May option. Since May 1 the shorts have had to settle in cash with the bulls for 11,000,000 bushels of "paper" wheat which they sold, but did not possess and could not deliver.

CHICAGO, May 18.—Chicago baseball fans are disconsolate today over the condition of Johnny Evers, star second baseman of the Chicago Cubs, who is suffering from nervous prostration. News received today from Troy, N. Y., was to the effect that Johnny is unable to remain on his feet for ten minutes at a time, and there is reason to believe that he will not be able to don a uniform again this season. His loss will be a severe one for the Cubs. Look for the ad that calls for you—among the help wanted ads.

Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.
