

CEMENT WALKS TO BE CHEAPER

Cement sidewalks and concrete work in the city should hereafter be considerably cheaper as the Southern Pacific company has issued a tariff which provides for reduced rates on cement and powdered lime-rock, effective June 25, from San Francisco and bay points to Medford, the new rate being 25 cents per hundred as against the present rate of 34 cents.

This reduction will be of material in bringing about the paving of more streets, and also be a substantial saving in building.

The reduction is voluntary on the part of the company there being no competitive or other conditions involved.

WOODVILLE GIRL LEADS COUNTY

The state uniform eighth grade examination have just been completed and out of 293 applicants in Jackson county 88 successfully completed all the work required and have received diplomas which will entitle them to enter any high school in the state, while 58 were successful in all except one or two subjects and under the rules of the examination will be permitted to write again in the June, 1911, examination on the subjects in which they failed in this examination, and if successful, will be awarded diplomas. The remaining 47 applicants were unsuccessful and will receive no credit. Grammar and civil government were the subjects in which there were the greatest number of failures.

The highest percentage was made by Miss Violet Stolle of Woodville with an average of 94 2-3 per cent. Miss Medra Altimus of Central Point was second with an average of 93 1-9 per cent, while Joseph Grey of Eagle Point won the third place with 92 5-9 per cent. The average required for passing is 80 per cent.

Look for the ad that offers it to you, second-hand, at a real bargain! Haskins for Health.

WILL BUILD NEW BRIDGE ON MAIN

A new bridge is to be constructed across Bear creek on Main street by the county, the city buying the present one for \$6000 and contributing an additional \$4000 toward the cost of the structure. The bridge will cost in the neighborhood of \$25,000. It is planned to make the bridge the full width of the street or 60 feet wide. Twelve foot walks will be constructed on each side. The structure will be of concrete and the carrying surface will either be concrete or paved to conform with the street.

Work on the new bridge will start as soon as plans can be prepared and the water in Bear creek drops.

NOTICE M. W. A.
All members of the order are requested to be on hand and enjoy a smoker and have a rousing meeting in our new location, the "New Odd Fellow Hall" on Sixth street Friday night, May 26th at 8 p. m., visiting neighbors invited, don't forget the night, Friday, May 26th, by order of the managers.

A DEAD STOMACH
Of What Use is it to Anyone?
Thousands! yes hundreds of thousands of people throughout America are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the ruth of which any honorable physician will not deny.

These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

In other words, they are taking from the stomach the work that nature intended it should do, and are also refusing it the only chance for exercise it has. MI-O-NA stomach tablets, they relieve distressed stomach in five minutes. Taken regularly for a few weeks they build up the stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach, headache and stomach misery go.

Haskins for Health.

MI-O-NA stomach tablets are sold by Chas. Strong and leading druggists everywhere at 50 cents a large box, and are guaranteed to cure all stomach distress or money back.
