MADERO'S TRIUMPH IS MOST COMPLETE DIAZ DEPOSED—DE LA BARRA RULES

NEW CHIEF'S RULE IS ONLY TEMPORARY

De La Barra Pledged to Remain in Office Only Until Order is Restored—He Will Not be a Candidate for Re-Election or for any Office

CHEERS FOR MADERO ONLY SILENCE FOR DIAZ

Joys Triumphant in Mexico While Glooms Preside at Diaz Official Funeral.

MEXICO CITY, May 26.—Pledged to rule only until order shall be restored and a president and vice president are popularly elected, Francisco Leon De La Barra, former ambassador to the United States was sworn in at noon today as president pro tem of Mexico in the yellow room of the national palace.

Not a single cheer for Porfirio Diaz the deposed president and but few for De La Barra greeted the swearing in of the temporary executive, but in the packed streets about the palace the crowds made the air vocal with shouts of "Viva Madero" and cheers for the rebel chief whose successful campaign has inaugurated a new era in Mexico.

Issues Proclamation. Throughout all the city today there was not a single outbreak. The interest attaching to De La Barra's taking the oath was heightened by the circulation of a proclamation that he issued, declaring that he will be a candidate for neither the presidency nor the vice presidency at the coming elections. This, the people believe, is an indication of the complete triumph of Madero, who is thought to have forced such an agreement from De La Barra and Diaz before he would consent to make peace. It is believed that there is not a doubt that Madero will be Mexico's next constitutional president. The city will give the greatest welcome in its history to the conqueror of Diaz when he arrives from Juarez.

Diaz' Hand Forced. How Diaz came to resign yesterday after so long a delay was whispered today among the official set. Madero's quick and determined action forced the Diaz hand. All day Diaz had temporized and there was still doubt that he would quit, when word was received that Madero had ordered his troops to advance from Juarez upon Chihuahua as the first stage of an advance on Mexico City. That stirred De La Barra. He at once went to Diaz, told him that if his resignation were withheld until night hostilities would be resumed and no one could forecast the outcome. Diaz then surrendered and at once sent the resignations of himself and vice president Ramon Corral to the chamber of deputies.

Leaders May Denur. Word is anxiously awaited here today by General Alfredo Dominguez, Madero's personal representative, from Generals Miranda and Figueroa, whose forces control Cuernavaca. There is grave doubt whether these two leaders, representing the anti-Diazites of Southern Mexico, will concur in the bargain made by Madero. Both, however, have been asked to come here and confer with the rebel chief, and it is hoped they may be placated and the necessity for further internecine strife avoided.

BRYAN ROASTS SUPREME COURT

Nebraskan Declares That Standard Oil Decision Amends the Anti-Trust Law to Meet Demands of the Trusts.

LINCOLN, Neb., May 26.—In his publication, the Commoner, William J. Bryan today editorially castigates the United States supreme court's Standard Oil decision. Bryan says: "The real meat of the decision is found in the amendment of the anti-trust law to meet the demands of the trusts. For years the trusts have been demanding the very amendment the court read into the law. There will be rejoicing in Wall Street but sadness in the homes of the masses, who are now compelled to begin a campaign for the enactment of a law so clear, so explicit, that no court can repeat it by construction. The decision explains several things—first, why White was made chief justice instead of Harlan; second, it explains why Hughes was made a justice; third, it explains the discriminating care exercised by the president in selecting democrats who would help the republicans out of a hole by making the democratic party

DIAZ HEAVIEST BURDEN UPON PEOPLE OF MEXICO

All Petitioners Referred to De La Barra—Country Free for First Time in Years.

JUAREZ, May 26.—Francisco Madero spent most of today trying to persuade the people of Juarez that it is not the capital and he the president of Mexico. Congratulatory telegrams over the successful issue of his fight to break the power of Diaz are pouring in on the rebel leader and he is the center of a perfect court of admirers.

To all those who came seeking favors he declared that De La Barra was president protem and referred his inquirers to the former ambassador to the United States. Today Madero telegraphed De La Barra: "Congratulations upon your ascension to the presidency. In keeping my promise to Diaz, I hereby resign as provisional president. Please consider me a private citizen willing to aid in the re-construction of the Mexican government."

"Diaz now is gone off the backs of the Mexican people," stated Madero, "removing the heaviest burden they ever bore. I shall go to Mexico City in six or eight days. I have sent Frederico Garza, Pino Suarez and Manuel Uruquidí to the capital to arrange for my coming. "I will no longer be provisional president of Mexico, but only a citizen ready to aid in the re-construction of my country. If the people want me to do so, I shall run for the presidency at the new election which will be ordered by President Pro Tem De La Barra. "Mexico today for the first time in a third of a century, belongs to the people, and they will not again permit it to pass from their hands. By an almost reckless revolution they have gained control of the government."

"The people will learn after a while what the corporations have long known—that the power of appointing federal judges is a far-reaching power."

DARROW KEEPS DEFENSE QUIET

Plans for Clearing Accused Iron Workers Kept Dark—Does Not Know Whether Change of Venue Will be Requested or Not.

LOS ANGELES, Cal., May 26.—Attorney Darrow, in whom union labor is pinning its trust to free John J. and James B. McNamara on charges of murder in connection with the Los Angeles Times disaster, is elbow deep today in the plans for the defense which he will offer at the preliminary hearing of the accused men, scheduled for June 1. Darrow arrived at the office of Attorney Job Harriman before 9 o'clock and plunged into the work of familiarizing himself with the California codes. When asked if he would request a change of venue on the ground that he could not obtain a just trial in Los Angeles, Darrow answered: "You know, I am asking every labor, professional and newspaper man I meet about that very thing. Now, what would you do in similar circumstances?" When pressed, Darrow answered that he had not been in Los Angeles long enough to secure an idea as to just how the public stood on the McNamara case. "Of course," he said, "my clients will have some say as to that. They may or may not want to be tried in Los Angeles. That has not been definitely settled."
