

# NEW COMPANY INCORPORATED

Alton Mining Company is Formed by Local Men Following Purchase of Mine in Wolf Creek District—Capital Stock is \$100,000.

Following the deal recently made between C. C. Clark of Medford and Lamar Nelson of Salt Lake City for control of the property known as the Clark Mine in the Wolf Creek district and adjoining the Greenback Martha Columbia and other old producers there, incorporation papers have been signed and forwarded for filing with the secretary of state by S. C. Clark, L. L. Small and Lamar Nelson, the name chosen for the new company being the Alton Mining company with a capital stock of \$100,000. Medford is chosen as the principal place of business.

It is understood work will be started in the near future to develop the property which has an excellent showing considering the amount of development work done, which consists of about 150 feet of tunneling. They have opened up a vein better than a foot in width and averaging about \$50 per ton.

### THREE MEN, IN AN HOUR, KILL SELVES IN SEATTLE

SEATTLE, Wash., June 3.—Three men are dead today following an hour's suicide record. Two shot themselves in the St. James hotel, in rooms just across from each other and within 15 minutes. Ernest Eisenhardt, in room 32, first tried to end his life with a bullet to the heart but he missed the vital organ, and to make death certain and quick sent another bullet through his brain. In room 31, Jack Smith sat gazing out on the crowded street. He sent a bullet into his brain. Each was about 35 years old.

The third suicide was D. N. Holden, a realty dealer of East Seattle. He walked out on a float at the foot of Spring street, sent a bullet through his brain and toppled over into the water. He left a note explaining that he had met financial reverses.

### LADY DUDLEY NARROWLY ESCAPES BEING KILLED

MELBOURNE, June 3.—A startling automobile accident which occurred in the streets of Sydney nearly cost the life of Lady Dudley, the wife of the governor general. Her ladyship was motorizing to Bondi in a big 50 horse power car, when the chauffeur in a narrow part of Oxford street tried to dash between two oncoming electric cars. The motormen of the two cars which were coming from opposite directions saw the automobile as it turned rapidly in an attempt to pass between them. They applied their brakes with all their force but were unable to check the speed of the cars which caught the automobile and crushed it like an egg shell. Only the center of the vehicle was left intact.

### HUGE DAMAGE SUITS PLANNED BY UNIONISTS

LOS ANGELES, Cal., June 3.—Suits aggregating nearly \$1,000,000 damages are being prepared by the union labor attorneys against Mayor Alexander, Chief of Police Sebastian, Captain of Police Haupt, Police Judge Chambers, the city prosecutor, the directors of the Llewellyn Iron Works, the Baker Iron Works, the Lacey Manufacturing company and others having to do with the arrest of the 35 union men who were charged with a conspiracy of picketing.

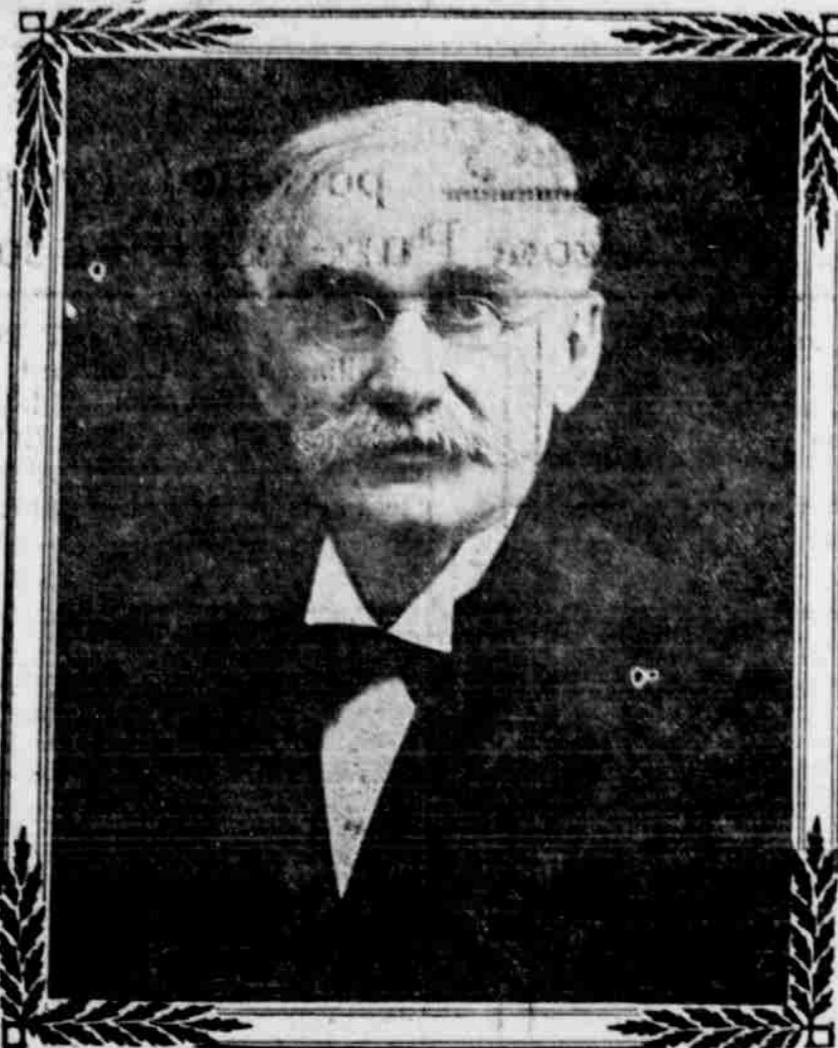

### CENSUS ENUMERATORS ARE UNDER ARREST

TACOMA, Wash., June 3.—Four men who acted as enumerators in the census taking last year were arrested today on indictments found by the grand jury, charged with padding the returns in this city. Several others will be placed under arrest this afternoon. Of the 36 indictments, 26 were in connection with alleged irregularities in the census returns.

Revised Time Announced. INDIANAPOLIS, Ind., June 3.—Ray Harroun's time in the Decora-man day race revised by the official judges, was given today as six hours, 42 minutes and eight seconds. The unofficial time was 6:41:08. Harroun won the race in a Marmon car. Dawson was awarded fifth place.

Bandits Elude Officers. NIAGARA FALLS, N. Y., June 3.—In spite of a thorough search today the police have found no trace of the four bandits who held up a freight train in the city limits yesterday and got away with almost a carload of valuable merchandise.

### DRINKS VITRIOL BY MISTAKE

Ashland Man Nearly Loses His Life. Heroic Treatment Saves—Partner Worked Hard With Great Presence of Mind.

ASHLAND, June 3.—Shortly before noon Wednesday Oliver B. Dewes accidentally drank some blue vitriol and that his life was saved was due to heroic action that was immediately taken to counteract the deadly effects of the powerful poison.

Dewes was at his stable with his partner, Albert Shepard, at the time. The day before a man had left a small barrel of cider at the stable temporarily and had told Mr. Dewes that he would leave them a sample before he took it away. Mr. Dewes and Mr. Shepard returned to the office yesterday before noon and the barrel was gone, but Mr. Dewes saw a bottle on the shelf and exclaimed: "Well, he left us a sample anyway."

He took the bottle, pulled the cork, smelled of it and then drank. Before he realized his mistake he had swallowed some of the burning liquid, but spat out what he had in his mouth. He immediately began to suffer the most intense pain.

Mr. Shepard, with presence of mind immediately plied his partner with salt water in an effort to counteract the vitriol and when he saw how serious was Mr. Dewes' condition, the sick man was hustled into a carriage and taken to his home. Dr. Fawcett was summoned and he applied

### LORIMER WILL QUIT HIS JOB

Illinois Senator Will Retire Rather Than Go Through Another Investigation of His Election—To Resign Before June 30.

WASHINGTON, D. C., June 3.—That Senator William Lorimer of Illinois will resign as a result of the vote of the senate yesterday for a second probe into the method of his election was predicted in a Washington newspaper today. The newspaper predicted that Lorimer would resign before June 30.

The report caused wide discussion among the politicians here. It is generally believed that the change in the senate since the previous Lorimer probe insures the ousting of the "blonde boss."

Since it is almost certain that his right to retain his seat would be useless, politicians say, and since so long as the question is before the public, many of Lorimer's friends will be in an embarrassing position, it is generally believed that the Illinois senator may voluntarily leave.

### Help for All

Andrew Carnegie once suggested as an epitaph for his own tombstone what he said was the secret of his success: "Here lies a man who surrounded himself with men abler than himself."

Many able people are working for you, scientists, inventors, manufacturers, all trying to make something you want. Do you use their brains and their efforts—"surround yourself with them"—or do you plod along by yourself, years behind the times?

Take your own home. Have you your share of modern improvements there—money-saving, labor-saving, health-promoting? One of the most important of these is a New Perfection Oil Cook-stove. A New Perfection stove never overheats a kitchen. It saves your strength. It saves fuel and time. With the New Perfection oven with the glass doors you can go on with your ironing or any other work, and still be sure at a glance the joint is made with 1, 2 and 3 burners, with long, tortoise blue enameled chimneys. Handily finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with dog shelves, towel racks, etc.

New Perfection Oil Cook-stove

Standard Oil Company (Incorporated)

# THE GOLDEN WEST WHY THIS VACUUM CLEANER IS BEST

It can be operated with either the right or left hand. Has the flexible nozzle which makes it possible to clean under china cabinets, etc., without disturbing them. It is easier to operate than any other cleaner. A child can operate it, and clean any Rug, or Carpet, or over dirty.

The lightest cleaner made weighs only 4-3-4 pounds. Has a large eight inch nozzle which makes it possible to clean a floor faster and with less effort.

Has a stronger suction and gets not only the surface dirt but the dirt that is in and beneath the floor covering.

Has 92 cubic inches of air space and a large dirt reservoir which makes it possible to do a big cleaning without emptying it.

It is noiseless. Don't raise the dust. Don't wear the carpet. Don't use electricity.

By detaching, floor nozzle can be used for cleaning tufts on couches, Morris chairs, etc.

### Why You Need the VACUUM CLEANER

Because it will save Time, Labor, Rugs, Carpets, Furniture and Draperies. It removes all the Germ-Laden Dust. It protects your Health, and it means longer Life. It means the same to the home as the bath tub means to you. Takes all of the germ-laden dust out of the home forever.

We Will Call and Demonstrate

Cleaning House with this VACUUM CLEANER Means a sanitary clean home, absolute cleanliness all of the time and at no expense at all. It means that the life of your rugs and carpets will be increased one-third. It means less work for you and more leisure time than you dare to dream of now.

House Cleaning Misunderstood If you clean your home once a year or once a month with a Vacuum cleaner or any other kind of cleaning tool, you can not expect your home to be clean the days between such cleaning days. It will only be clean a day or so after cleaning day.

To have an absolutely clean home and keep it so, you must keep after it more or less all of the time and to do this right with the least effort, you must use a vacuum cleaner but you don't want to bother with a big machine that it takes a man to carry and you have to work on it a half-hour to get things ready before you can begin cleaning.

You want a cleaner that is always ready, that you can handle yourself.

You will have finished cleaning in the time it would have taken you to get the big machine ready.

A Child Can Operate It Within the Reach of All
